And, in Section 2 by inserting after the item 8000-0038, the following:-

8000-0040 For police career incentives to reimburse certain cities and towns for career incentive salary increases for police officers \$10,000,000

And, in Section 3 by striking it in its entirety and inserting in place thereof the following section:-

SECTION 3. Notwithstanding any general or special law to the contrary, for the fiscal year ending June 30, 2010 the distribution to cities and towns of the balance of the State Lottery Fund, as paid by the state treasurer from the General Fund in accordance with clause (c) of the second paragraph of section 35 of chapter 10 of the General Laws, and additional funds from the General Fund shall be \$864,882,390 and shall be apportioned to the cities and towns in accordance with this section.

Notwithstanding section 2 of chapter 70 of the General Laws or any other general or special law to the contrary, except for section 12B of chapter 76 and section 89 of chapter 71 of the General Laws, for fiscal year 2010 the total amounts to be distributed and paid to each city and town from item 7061-0008 of section 2 shall be as set forth in the following lists. The specified amounts to be distributed from said item 7061-0008 of said section 2 shall be in full satisfaction of the amounts due under chapter 70 of the General Laws.

Notwithstanding any general or special law to the contrary, the governor may allocate, at his full discretion, funds from the State Fiscal Stabilization Fund established by Title XIV of the American Recovery and Reinvestment Act of 2009, Pub. L. No. 111-5 (ARRA); provided further, that said potential allocation is reflected in the following chart in the column entitled “Potential Allocation of Federal Funds from the ARRA State Fiscal Stabilization Fund”; provided further, that the funds set forth in said column are an estimated apportionment and shall not appear on the cherry sheet produced by the department of revenue.

For fiscal year 2010, when calculating the foundation budget for each district, the fiscal year 2009 Chapter 70 aid shall be valued at 98% of fiscal year 2009 aid as outlined in section 3 of chapter 182 of the acts of 2008. The foundation budget categories for each district shall be calculated in the same manner as in fiscal year 2009. For fiscal year 2010, the foundation inflation index shall equal the prior year's foundation inflation index multiplied by the ratio of the value of the implicit price deflator for state and local government purchases in the second quarter of the prior fiscal year to its value in the second quarter of the year 2 years before. The target local share shall be calculated using the same methodology used in fiscal year 2009. Preliminary local contribution shall be the municipality's fiscal year 2009 minimum required local contribution, increased or decreased by the municipal revenue growth factor. The minimum required local contribution for fiscal year 2010 shall be, for any municipality with a fiscal year 2010 preliminary contribution less than its fiscal year 2010 target contribution, the greater of: (a) the fiscal year 2009 minimum required contribution increased by municipal revenue growth factors; but if a municipality's preliminary contribution as a percentage of its foundation budget is more than 5 percentage points lower than the target local share, the preliminary contribution shall be recalculated using the

municipality's revenue growth factor plus 1 percentage point; and if a municipality's preliminary contribution as a percentage of its foundation budget is more than 10 percentage points lower than the target local share, the preliminary contribution shall be recalculated using the municipality's revenue growth factor plus 2 percentage points; or (b) the lesser of 95 per cent of the municipality's fiscal year 2008 actual contribution or the municipality's fiscal year 2010 target contribution. Minimum required local contribution for fiscal year 2010 shall be, for any municipality with a fiscal year 2010 preliminary contribution greater than its fiscal year 2010 target contribution, the preliminary local contribution reduced by 15 per cent of the gap between the preliminary local contribution and the target local contribution. Required local contribution shall be allocated among the districts to which a municipality belongs in direct proportion to the foundation budgets for the municipality's pupils at each of those districts.

Chapter 70 aid for fiscal year 2010 shall be as distributed in fiscal year 2009. If there is a conflict between the language of this section and the distribution listed below, the distribution below shall control.

The department of elementary and secondary education shall not consider health care costs for retired teachers to be part of net school spending for any district in which such costs were not considered part of net school spending in fiscal year 1994.

No payments to cities, towns or counties maintaining an agricultural school pursuant to this section shall be made after November 30 of the fiscal year by the state treasurer until he receives certification from the commissioner of revenue of the commissioner's acceptance of the prior fiscal year's annual financial reports submitted pursuant to section 43 of chapter 44 of the General Laws. The state treasurer shall make advance payments for some or all of periodic local reimbursement or assistance programs to any city, town, regional school district or independent agricultural and technical school that demonstrates an emergency cash shortfall, as certified by the commissioner of revenue and approved by the secretary of the executive office for administration and finance, pursuant to guidelines established by the secretary.
