TELECOMMUNICATIONS AGREEMENT

Agreement by and between the Boston Chapter of the National Electrical Contractors Association (NECA) and Local Union No. 103, IBEW.

It shall apply to all firms who sign a Letter of Assent to be bound by the terms of this Agreement.

As used hereinafter in this Agreement, the term "Chapter" shall mean the Boston Chapter of NECA - and the term "Union" shall mean Local Union No. 103, IBEW.

The term "Employer" shall mean an individual firm who has been recognized by an assent to this Agreement.

FUNDAMENTAL PRINCIPLES

This Agreement is based upon the following set of fundamental principles affirmed by the Parties hereto:

1. The vital interests of the Public and Employer in the electrical industry are inseparably bound together. All will benefit by a continuous peaceful operation of the industrial process.
2. The facilities of the Teledata industry for service to the public will be developed and enhanced by the recognition that the overlapping of the function of the various groups in the industry is wasteful and should be eliminated.
3. Close contact and a mutually sympathetic interest between employee and Employer will develop a better working system, which will tend constantly to stimulate production while improving the relationship between employee, Employer and the Community.
4. Strikes and lockouts are detrimental to the interests alike of employee, Employer and the Public and should be avoided.
5. Agreements or understanding which are designed to obstruct, directly or indirectly, the free development of trade, or to secure to special groups, special privileges and advantages, are subversive of the public interest and cancel the doctrine of equality of rights and opportunity and should be condemned.
6. The public interest is conserved, hazard to life and property is reduced and standards of work are improved by fixing an adequate minimum of qualifications in knowledge and experience as a requirement precedent to the right of an individual to engage in the Teledata industry, and by the rigid inspection of Teledata work, old and new.
7. Public Welfare, as well as the interests of the trade, demands that Teledata work be done by qualified contractors.

8. Cooperation between employee and employer acquires constructive power as both employees and employers become more completely organized.

9. The right of employees and employers in local groups to establish local wage scales and local working rules is recognized.

10. Technological advances are in the interest of the industry and public welfare and shall be so encouraged.

11. Employment practices shall conform with all state and/or federal fair practice laws.

12. Whereas, the Joint Conference Committee of Greater Boston, comprised of Local Union 103, I.B.E.W., and Electrical Contractors Association of Greater Boston, Inc., Boston Chapter, N.E.C.A., Representatives are vitally concerned with safety and jobsite performance of all employees on construction projects; and,

Whereas, the committee has studied the drug problems and recognizes that alcoholism, drug dependence and other medical/behavioral conditions are highly complex illnesses which normally can be successfully treated; and,

Whereas, the committee also realizes the necessity of providing a safe and healthy work environment for all employees; and,

Whereas, substance abuse alters acceptable behavior in the work place; and,

Whereas, substance abusers cause accidents resulting in injury to themselves and fellow employees; and,

Whereas, we realize that successful safety programs focus primarily on the accident prevention rather than the post-accident stage and that this same approach is essential in a drug program to identify drug users and initiate action before serious accidents occur; and,

Whereas, employees' physical and mental health are integral parts of job safety and productivity; and,

Whereas, abusers need and may want help; and,

Whereas, we are concerned that the purchasers of construction labor and services continue to receive products of the finest quality and economy.

Now, therefore, be it resolved, that the Joint Conference Committee, as set forth in this Agreement, formulate and support a Substance Abuse and Assistance/Rehabilitation Program.

Now, therefore, in consideration of the mutual promises and agreements herein contained, the parties hereto agree as follows:

ARTICLE I
EFFECTIVE DATES, TERMINATION, AMENDMENTS

Section 1.01 This Agreement shall take effect September 1, 2016, and shall remain in effect until August 31, 2019, unless otherwise specifically provided for herein. It shall continue in effect from year to year thereafter, from September 1 through August 31 of each year, unless changed or terminated in the way later provided herein.

CHANGES

Section 1.02(a) Either party or an Employer withdrawing representation from the Chapter or not represented by the Chapter, desiring to change or terminate this Agreement must provide written notification at least 90 days prior to the expiration date of the Agreement or any anniversary date occurring thereafter.

(b). Whenever notice is given for changes, the nature of the changes desired must be specified in the notice, or no later than the first negotiating meeting unless mutually agreed otherwise.

(c). The existing provisions of the Agreement, including this Article, shall remain in full force and effect until a conclusion is reached in the matter of proposed changes.

(d). In the event that either party, or an Employer withdrawing representation from the Chapter or not represented by the Chapter, has given a timely notice of proposed changes and an agreement has not been reached by the expiration date or by any subsequent anniversary date to renew, modify, or extend this Agreement, or to submit the unresolved issues to the Council on Industrial Relations for the Electrical Contracting Industry (CIR), either party or such an Employer, may serve the other a ten (10) day written notice terminating this Agreement. The terms and conditions of this Agreement shall remain in full force and effect until the expiration of the ten (10) day period.

(e). By mutual agreement only, the Chapter, or an Employer withdrawing representation from the Chapter or not represented by the Chapter, may jointly, with the Union, submit the unresolved issues to the Council on Industrial Relations for adjudication. Such unresolved issues shall be submitted no later than the next regular meeting of the Council following the expiration date of this Agreement or any subsequent anniversary date. The Council's decisions shall be final and binding.

(f). When a case has been submitted to the Council, it shall be the responsibility of the negotiating committee to continue to meet weekly in an effort to reach a settlement on the local level prior to the meeting of the Council.

(g). Notice of a desire to terminate this Agreement shall be handled in the same manner as a proposed change.

Section 1.03 This Agreement shall be subject to change or supplement at any time by mutual consent of the parties hereto. Any such change or supplement agreed upon shall be

reduced to writing, signed by the parties hereto, and submitted to the International Office of the IBEW for approval, the same as this Agreement.

Section 1.04 During the term of this Agreement, there shall be no stoppage of work either by strike or lockout because of any proposed changes in this Agreement or dispute over matters relating to this Agreement. All such matters must be handled as stated herein.

GRIEVANCES/DISPUTES

Section 1.05 There shall be a Labor-Management Committee of three representing the Union and three representing the Employers. It shall meet regularly at such stated times as it may decide. However, it shall also meet within 48 hours when notice is given by either party. It shall select its own Chairman and Secretary. The Local Union shall select the Union representatives and the Chapter (*Note: In the case of independent agreements the word "Chapter" should be replaced by the word "Employer"*) shall select the management representatives.

Section 1.06 All grievances or questions in dispute shall be adjusted by the duly authorized representative of each of the parties to this Agreement. In the event that these two are unable to adjust any matter within 48 hours, they shall refer the same to the Labor-Management Committee.

Section 1.07 All matters coming before the Labor-Management Committee shall be decided by a majority vote. Four members of the Committee, two from each of the parties hereto, shall be a quorum for the transaction of business, but each party shall have the right to cast the full vote of its membership and it shall be counted as though all were present and voting.

Section 1.08 Should the Labor-Management Committee fail to agree or to adjust any matter, such shall then be referred to the Council on Industrial Relations for the Electrical Contracting Industry for adjudication. The Council's decisions shall be final and binding.

Section 1.09 When any matter in dispute has been referred to conciliation or arbitration for adjustment, the provisions and conditions prevailing prior to the time such matters arose shall not be changed or abrogated until agreement has been reached or a ruling has been made.

ARTICLE II

An Employer may service the Telecommunication system in the interest of Public Safety.

(b) When such a removal takes place, the Union or its representatives shall direct the members on such job to put away carefully all tools, material, equipment or any other property of the Employers in a safe manner. The Union will be financially responsible for any loss to the Employer for neglect in carrying out this provision, but only when a safe place is provided for equipment by the Employer.

Section 2.06 A Representative of the Union shall be allowed access to any shop or job at any reasonable time where employees are employed under the terms of this Agreement. Such visitation shall not unduly hinder the performance of the employees.

UNION DISCIPLINE

Section 2.07 The Union reserves the right to discipline its members in accordance with its By-Laws and the International Constitution of the I.B.E.W. for violation of its laws, rules or this Agreement.

ARTICLE III **APPRENTICESHIP AND TRAINING**

Section 3.01 The local Joint Apprenticeship and Training Committee (JATC) properly established between the chapter of the National Electrical Contractors Association (NECA) and the local union of the International Brotherhood of Electrical Workers (IBEW) shall adopt local Telecommunications Installer/Technician Apprenticeship Standards in conformance with the NJATC National Guideline Standards and Policies. All such standards shall be registered with the NJATC and thereafter submitted to the appropriate registration agency.

The JATC shall be responsible for all training. The JATC, however, may elect to establish a subcommittee consisting of two to four members appointed by the IBEW local union and an equal number of members appointed by the NECA chapter. The JATC or its properly established subcommittee shall be responsible for the conduct and operation of the Telecommunications Apprenticeship and Training Program in accordance with the standards and policies adopted by the local JATC. The duties of a subcommittee shall include interviewing, ranking, and selecting applicants and the supervision of all apprentices in accordance with the registered standards and locally approved JATC policies.

Section 3.02 Where the JATC elects to establish a subcommittee; an equal number of members (two, three, or four) shall be appointed, in writing, by both the NECA chapter and the IBEW local union. All such appointments shall be in writing designating the beginning and termination dates for each appointment. The term of one subcommittee member from both the NECA chapter and the IBEW local union shall expire each year on a fixed anniversary date. The NECA chapter and the IBEW local union may elect to appoint one or more members of the JATC to serve on the subcommittee.

Subcommittee members serve at the will of the party they represent and may be removed by the party they represent or they may resign. All appointments made to fill unexpired terms shall likewise be in writing.

The subcommittee, where one is established by the JATC, shall select from its membership, but not both from the same party, a chairman and a secretary who shall retain voting privileges.

The JATC, or its subcommittee, shall maintain a set of minutes for each and every meeting. Such minutes shall be considered confidential and shall be regarded as the property of the JATC and its subcommittee, where a subcommittee is properly established.

Section 3.03 The subcommittee, where one exists, shall enforce standards and policies established and approved by the JATC. Any appeal pertaining to any action of the subcommittee,

shall be referred to the JATC for review and resolution. Any decision or ruling of the JATC shall be final and binding on the subcommittee. If the JATC cannot resolve an appeal, the matter shall be properly referred to the local labor- management committee for resolution.

Section 3.04 Though the JATC may elect to establish subcommittees, there is to be only one JATC trust. That trust shall be responsible for all apprenticeship and training trust fund matters. Only properly appointed members of the JATC shall serve as trustees to the JATC trust.

Section 3.05 All apprentices shall enter the program through the JATC, or its subcommittee, as per the properly registered apprenticeship standards and selection procedures. No candidate shall be assigned to work as apprentice until they have been properly selected and indentured.

Section 3.06 The JATC, or its subcommittee, shall be responsible for the assignment, or reassignment, of all telecommunications installer/technician apprentices. All such job-training assignments, or reassignments, shall be made in writing, and the local union referral office shall be notified, in writing, of all job-training assignments. The JATC, or its subcommittee, shall have the authority to transfer any apprentice, as it deems necessary or appropriate.

Section 3.07 The JATC may terminate any indenture prior to the completion of apprenticeship. When an indenture is terminated, the former apprentice shall not be eligible for employment under this agreement, in any classification, unless the individual has properly reapplied for the apprenticeship program and been selected. The individual shall not be permitted to be classified as an installer/technician, or provided any other classification under this agreement, until two years after they should have completed apprenticeship under their indenture, and they can demonstrate skills and knowledge to warrant such classification.

Section 3.08 Though the JATC cannot guarantee any number of apprentices, any employer signatory to this agreement shall be entitled to a ratio of one apprentice to one telecommunications installer/technician or technician-level employee on any job. The JATC shall maintain an active list of qualified applicants, as per the selection procedures, in order to provide an adequate number of apprentices to meet the one-to-one ratio. Applicants shall not be selected and indentured when indentured apprentices are available for on-the-job training assignments. If the JATC is unable to provide an eligible employer with an apprentice within ten working days, the JATC shall select and indenture the next available applicant from the active list of ranked applicants.

Section 3.09 Each apprentice shall be required to satisfactorily complete the three-year course of study provided by the NJATC as a minimum requirement for completion of their related classroom training. The JATC may also elect to require additional training options that are provided for in the National Guideline Standards. The total term of apprenticeship shall not require more than five years of related training.

Section 3.10 The apprentice is required to satisfactorily complete the minimum number of on-the-job training hours specified and properly registered in the Telecommunications Installer/Technician Apprenticeship and Training Standards.

Section 3.11 The apprentice is to be under the supervision of an installer/technician, a technician-level employee, or a qualified supervisor. Supervision will not be of a nature that prevents the development of responsibility and initiative. The apprentice shall be permitted to perform any and all job tasks in order to properly develop trade skills and become proficient in the work processes associated with the trade. Installer/technicians and technicians are not required to constantly watch or observe the work of the apprentice. The apprentice is not prohibited from working alone when the installer/technician, technician, or supervisor is required to leave or is absent from the job.

Section 3.12 The employer shall contribute to the local health and welfare plans and to the National Electrical Benefit Fund (NEBF) on behalf of all apprentices. Contributions to other benefit plans may be addressed in other sections of this agreement.

Section 3.13 Upon satisfactory completion of apprenticeship, the JATC shall provide the apprentice with a diploma from the NJATC. The JATC shall encourage the apprentice to seek college credit through the NJATC. The JATC may also require the apprentice to acquire any appropriate license required for installer/technicians to work in the jurisdiction covered by this agreement.

Section 3.14 All employers subject to the terms of this agreement shall contribute the amount of funds specified by the party's signatory to the local apprenticeship and training trust agreement. The current rate of contribution is 1.5% of the Telecom Technicians Rate for each hour worked. This sum shall be due the trust fund by the same date as is their payment to the NEBF under the terms of the Restated Employees Benefit Agreement and Trust. See Appendix "A" for changes to contribution.

ARTICLE IV **BENEFITS**

Section 4.01. National Electrical Benefit Fund - It is agreed that in accord with the Employees Benefit Agreement of the National Electrical Benefit Fund ("NEBF"), as entered into between the National Electrical Contractors Association and the International Brotherhood of Electrical Workers on September 3, 1946, as amended, and now delineated as the Restated Employees Benefit Agreement and Trust, that unless authorized otherwise by the NEBF the individual employer will forward monthly to the NEBF's designated local collection agent an amount equal to 3% of the gross monthly labor payroll paid to, or accrued by, the employees in this bargaining unit, and a completed payroll report prescribed by the NEBF. The payment shall be made by check or draft and shall constitute a debt due and owing to the NEBF on the last day of each calendar month, which may be recovered by suit initiated by the NEBF or its assignee. The payment and the payroll report shall be mailed to reach the office of the appropriate local collection agent not later than fifteen (15) calendar days following the end of each calendar month.

The individual Employer hereby accepts, and agrees to be bound by, the Restated Employees Benefit Agreement and Trust.

An individual Employer who fails to remit as provided above shall be additionally subject to having his agreement terminated upon seventy-two (72) hours notice in writing being served by the Union, provided the individual employer fails to show satisfactory proof that the required payments have been paid to the appropriate local collection agent.

The failure of an individual Employer to comply with the applicable provisions of the Restated Employees Benefit Agreement and Trust shall also constitute a breach of this Agreement.

Section 4.02 Health & Welfare Fund – To finance the Local 103, IBEW, Health & Welfare Trust Fund, it is mutually agreed between the parties hereto that the Employer will contribute for each actual hour worked by the employees in the bargaining unit, represented by the Union under this Agreement the applicable sum designated in Appendix “A” of this Agreement.

These contributions are to underwrite the cost of the Health & Welfare Fund established by a declaration of trust dated December 28, 1950.

Section 4.05 Working Assessment – The Employer agrees to deduct, and forward to the Financial Secretary of the Local Union, upon receipt of a voluntary written authorization, the additional working dues from the pay of each IBEW member. The amount to be deducted shall be the amount specified in the approved Local Union By-Laws. Such amount shall be certified to the Employer by the Local Union upon request by the Employer.

Section 4.06 National Electrical Industry Fund – Each individual Employer shall contribute an amount not to exceed one percent nor less than .2 of one percent of the productive electrical payroll, as determined by each Local Chapter and approved by the Trustees, with the following exclusions:

(1) Twenty-five percent of all productive electrical payroll in excess of 75,000 man-hours paid for electrical work in any one (1) Chapter area during any one calendar year, but not exceeding 150,000 man-hours.

(2) One hundred percent of all productive electrical payroll in excess of 150,000 man-hours paid for electrical work in any one (1) Chapter area during any one (1) calendar year.

(Productive electrical payroll is defined as the total wages [including overtime] paid with respect to all hours worked by all classes of electrical labor for which a rate is established in the prevailing labor area where the business is transacted.)

Payment shall be forwarded monthly to the National Electrical Industry Fund in a form and manner prescribed by the Trustees no later than fifteen (15) calendar days following the last day of the month in which the labor was performed. Failure to do so will be considered a breach of this Agreement on the part of the individual Employer.

Section 4.07 Administrative Maintenance Fund (AMF) – Effective September 1, 1997, each Employer signatory to this Agreement shall contribute ten (\$0.10) cents per hour, up to a maximum of 150,000 man-hours per year, for all hours worked by all employees covered by this Agreement to the AMF.

The Fund shall be administered solely by the Boston Chapter, National Electrical Contractors Association, Inc., and shall be utilized to pay for the Association's cost of the labor contract administration including negotiations, labor relations, disputes and grievance representation performed on behalf of the signatory Employers. In addition, all other administrative functions required of the management such as service on all funds as required by Federal Law.

In the event any Employer is delinquent in submitting the required Administrative Maintenance Fund to the designated administrator, the administrator shall have the authority to recover any funds, along with any attorney fees, court costs, interest at one (1) percent per month and liquidated damages receiving such funds. The enforcement for the delinquent payments to the fund shall be the sole responsibility of the fund or the Employer, not the Local Union. These monies shall not be used to the detriment of the I.B.E.W. or the local union.

Section 4.08- Electrical Industry Labor Management Cooperation Trust - To establish an Electrical Industry Labor Management Cooperation Trust Fund under a declaration of trust, which became effective September 1, 1997, it is mutually agreed that the Employer will contribute for each actual hour worked by the employees in the bargaining unit, represented by the Union under this Agreement, the applicable sum designated in Appendix "A" of this Agreement.

To the extent an individual Employer becomes delinquent, as determined by the Joint Conference Committee, in making trust fund payments as set forth in this Section, such Employer shall be required to furnish employment records and a current list of projects to include the names and addresses of the project owner, construction manager, general contractor, or any other subcontractor for whom the Employer has performed work.

The Credit Union will bear all costs in payroll deduction forms and such other material as they may require for such deductions. The parties will make reasonable attempts to implement weekly electronic deposits of credit union deductions on a voluntary basis.

ARTICLE VII

NATIONAL LABOR MANAGEMENT COOPERATION COMMITTEE

Section 7.01 The parties agree to participate in the NECA-IBEW National Labor-Management Cooperation Fund, under authority of Section 6 (b) of the Labor-Management Cooperation Act of 1978, 29 U.S.C. Subsection 175(a) and Section 302 (c)(9) of the Labor-

Management Relations Act, 29 U.S.C. Subsection 186(c)(9). The purpose of this Fund includes the following:

- (1) To improve communication between representatives of labor and management;
- (2) To provide workers and employers with opportunities to study and explore new and innovative joint approaches to achieving organization effectiveness;
- (3) To assist workers and employers in solving problems of mutual concern not susceptible to resolution within the collective bargaining process;
- (4) To study and explore ways of eliminating potential problems which reduce the competitiveness and inhibit the economic development of the electrical construction industry;
- (5) To sponsor programs which improve job security, enhance economic and community development, and promote the general welfare of the community and the industry;
- (6) To encourage and support the initiation and operation of similarly constituted local labor-management cooperation committees;
- (7) To engage in research and development programs concerning various aspects of the industry, including, but not limited to, new technologies, occupational safety and health, labor relations and new methods of improved production;
- (8) To engage in public education and other programs to expand the economic development of the electrical construction industry;
- (9) To enhance the involvement of workers in making decisions that affect their working lives; and
- (10) To engage in any other lawful activities incidental or related to the accomplishment of these purposes and goals.

Section 7.02 The Fund shall function in accordance with, and as provided in, its Agreement and Declaration of Trust, and any amendments thereto and any other of its governing documents. Each Employer hereby accepts, agrees to be bound by, and shall be entitled to participate in the NLMCC, as provided in said Agreement and Declaration of Trust.

Section 7.03 Each Employer shall contribute one (\$0.01) cent per hour worked under this Agreement up to a maximum of 150,000 hours per year. Payment shall be forwarded monthly, in a form and manner prescribed by the Trustees, no later than fifteen (15) calendar days following the last day of the month in which the labor was performed. The Boston Chapter, NECA, or its designee, shall be the collection agent for this Fund.

Section 7.04 If an Employer fails to make the required contributions to the Fund, the Trustees shall have the right to take whatever steps are necessary to secure compliance. In the event the Employer is in default, the Employer shall be liable for a sum equal to 15 (15%) percent of the delinquent payment, but not less than the sum of twenty (\$20.00) dollars, for each month payment of contributions is delinquent to the Fund, such amount being liquidated damages, and not a penalty, reflecting the reasonable damages incurred by the Fund due to the delinquency of the payments. Such amount shall be added to and become a part of the contributions due and payable, and the whole amount due shall bear interest at a rate of ten (10%) percent per annum until paid. The Employer shall also be liable for all costs of collecting the payment together with attorney's fee.

This Agreement will come into full effect when approved by the International President of the I.B.E.W. All fringe benefits shall commence on the dates as stated in Article I, Section 1.01, of this Agreement.

ARTICLE VIII **SUBSTANCE ABUSE**

Section 8.01 The dangers and costs that alcohol and other chemical abuses can create in the electrical contracting industry in terms of safety and productivity are significant. The parties to this Agreement resolve to combat chemical abuse in any form and agree that, to be effective, programs to eliminate substance abuse and impairment should contain a strong rehabilitation component. The local parties recognize that the implementation of a drug and alcohol policy and program must be subject to all applicable federal, state, and local laws and regulations. Such policies and programs must also be administered in accordance with accepted scientific principles, and must incorporate procedural safeguards to ensure fairness in application and protection of legitimate interests of privacy and confidentiality. To provide a drug-free workforce for the Electrical Construction Industry, each IBEW local union and NECA chapter shall implement an area-wide Substance Abuse Testing Policy. The policy shall include minimum standards as required by the IBEW and NECA. Should any of the required minimum standards fail to comply with federal, state, and/or local laws and regulations, they shall be modified by the local union and chapter to meet the requirements of those laws and regulations.

ARTICLE IX **CODE OF EXCELLENCE**

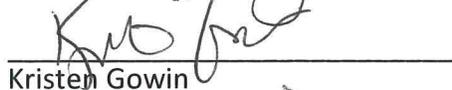

Section 9.01 The parties to this Agreement recognize that to meet the needs of our customers, both employer and employee must meet the highest levels of performance, professionalism, and productivity. The Code of Excellence has proven to be a vital element in meeting the customers' expectations. Therefore, each IBEW local union and NECA chapter shall implement a Code of Excellence Program. The program shall include minimum standards as designed by the IBEW and NECA.

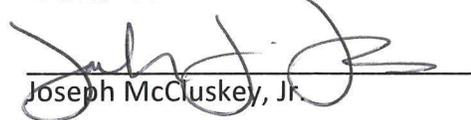

ARTICLE X
