**To:** Chief Elected Officials  
Workforce Investment Board Chairs  
Workforce Investment Board Directors  
Title I Administrators  
Career Center Directors  
Title I Fiscal Officers  
DCS Associate Directors  
DCS Field Managers

**cc:** WIA State Partners

**From:** Susan V. Lawler, Director  
Division of Career Services

**Date:** June 7, 2006

**Subject:** FY 2006 Poverty Income Guidelines and FY 2006 70% & 100% Lower Living Standard Income Levels (LLSIL)

---

**Purpose:** To provide Local Workforce Investment Boards, One-Stop Career Center Operators and other local workforce investment partners with the annual update of income guidelines for use when determining economically disadvantaged/low income status for eligibility under the Workforce Investment Act and other programs.

**Background:** Section 101(25) of the Workforce Investment Act (WIA) defines “low-income” as, among other things, an individual whose family income is not in excess of the higher of either the poverty level or 70% of the Lower Living Standard Income Level (LLSIL).

Section 663.230 of WIA Final Regulations requires that local boards set the criteria for determining whether employment leads to self-sufficiency. 100% of the LLSIL, as a minimum, must be used in the WIA Title I self-sufficiency standard calculations.

The Department of Health and Human Services published the 2006 Poverty Income Guidelines on January 24, 2006. The Department of Labor published the 2006 Lower Living Standard Income Levels (LLSIL) on June 5, 2006.

**Policy:** The higher of either the 2006 Poverty Income Guidelines or 70% of the 2006 Lower Living Standard Income Level (LLSIL) shall be used for eligibility determination for WIA Title I and other programs using economically disadvantaged/low income status criteria. 100% of the LLSIL, as a minimum, must be used in the self-sufficiency standard calculations for WIA Title I.

In workforce investment areas covered by more than one set of LLSIL figures (where there is more than one type of metropolitan area), program operators should use the highest set of LLSIL guidelines for all cities and towns in the entire workforce investment area.

#### **Action**

**Required:** CEOs, WIBs and program operators shall implement the 2006 Poverty Income Guidelines and 2006 70% and 100% Lower Living Standard Income Levels in the determination of eligibility for WIA Title I and other programs using economically disadvantaged/low income status criteria. 100% of the LLSIL, as a minimum, must be used in the WIA Title I self-sufficiency standard calculations.

**Effective:** Program operators have the choice of using the guidelines retroactively to the effective dates of these charts and re-determining the eligibility of any WIA participants affected by these updates *or* using the guidelines as of this issuance date in determining the eligibility of WIA Title I applicants.
