

Mass Workforce Issuance

Workforce Issuance No. 10-47

Policy **Information**

To: Chief Elected Officials
Workforce Investment Board Chairs
Workforce Investment Board Directors
Title I Administrators
Career Center Directors
Title I Fiscal Officers
DCS Regional Managers

cc: WIA State Partners

From: Michael Taylor, Director
Department of Workforce Development

Date: May 13, 2010

Subject: **2010 Poverty Income Guidelines and 2010 70% & 100% Lower Living Standard Income Levels (LLSIL)**

Purpose: To provide Local Workforce Investment Boards, One-Stop Career Center Operators and other local workforce investment partners with the annual update of income guidelines for use when determining economically disadvantaged/low income status for eligibility under the Workforce Investment Act and other programs.

Background: Section 101(25) of the Workforce Investment Act (WIA) defines “low-income” as, among other things, an individual whose family income is not in excess of the higher of either the poverty level or 70% of the Lower Living Standard Income Level (LLSIL).

Section 663.230 of WIA Final Regulations requires that local boards set the criteria for determining whether employment leads to self-sufficiency. 100% of the LLSIL, as a minimum, must be used in the WIA Title I self-sufficiency standard calculations.

While the U.S. Department of Health and Human Services (HHS) has not revised its 2009 Poverty Income Guidelines (published: 1/23/09) for 2010 (see MassWorkforce Issuance No 10-32, Extension of 2009 Poverty Guidelines (4/12/10), the U.S. Department of Labor Employment and Training Administration (ETA) has published revised Lower Living Standard Income Levels (LLSIL) for 2010 in the Federal Register on May 7, 2010.

Policy: As the 2009 Poverty Income Guidelines currently remain in effect for 2010, the higher of either the 2009 Poverty Income Guidelines or 70% of the 2010 Lower Living Standard Income Level (LLSIL) shall be used for eligibility determination for WIA Title I and other programs using economically disadvantaged/low income status criteria. 100% of the LLSIL, as a minimum, must be used in the self-sufficiency standard calculations for WIA Title I.

For workforce investment areas covered by more than one set of LLSIL figures (where there is more than one type of metropolitan area), program operators should use the highest set of LLSIL guidelines for all cities and towns located within the entire workforce investment area.

Action

Required: CEOs, WIBs and program operators shall continue to follow the 2009 Poverty Income Guidelines for FY 2010 (until otherwise notified) and implement the 2010 70% and 100% Lower Living Standard Income Levels in the determination of eligibility for WIA Title I and other programs using economically disadvantaged/low income status criteria. 100% of the LLSIL, as a minimum, must be used in the WIA Title I self-sufficiency standard calculations.

Effective: The LLSIL levels are effective May 7, 2010. Program operators have the choice of using the guidelines retroactively to the effective dates of these charts and re-determining the eligibility of any WIA participants affected by these updates *or* using the guidelines as of this issuance date in determining the eligibility of WIA Title I applicants.
