DECISION OF THE FULL COMMISSION

This matter comes before us on appeal of the Complainant following a decision of Hearing Officer Eugenia M. Guastaferrri in favor of Respondent. The Hearing Officer concluded that Respondent Massachusetts Turnpike Authority (hereinafter “Authority” or “Respondent”) did not constructively terminate Complainant from his employment or engage in racial discrimination against him. Accordingly, she held that the Authority did not violate M.G.L c. 151B and ordered the complaint dismissed. The Complainant appealed to the Full Commission from that decision.

The responsibilities of the Full Commission are outlined by statute, the Commission’s Rules of Procedure (804 CMR 1.00 et. seq.), and relevant case law. It is the duty of the Full Commission to review the record of proceedings before the Hearing Officer. M.G.L. c. 151B, Sec. 5. The Hearing Officer’s findings of fact must be supported by substantial evidence, which is defined as “...such evidence as a reasonable

mind might accept as adequate to support a finding..." Katz v. MCAD, 365 Mass. 357, 365 (1974); M.G.L. c. 30A.

It is the Hearing Officer's responsibility to evaluate the credibility of witnesses or to weigh the evidence when deciding disputed questions of fact. The Full Commission defers to these determinations. See e.g., School Committee of Chicopee v. MCAD, 361 Mass. 352 (1972); Bowen v. Colonnade Hotel, 4 MDLR 1007, 1011 (1982). The Full Commission's role is to determine whether the decision under appeal was rendered in accordance with the law, or whether the decision was arbitrary or capricious, or was otherwise not in accordance with the law. See 804 CMR 1.16(f).

Complainant's request for review rests on his assertion that certain findings of fact were based on insufficient evidence. We have carefully reviewed the Petition for Review and the full record in this matter and conclude that there is substantial evidence to support the Hearing Officer's findings of fact and conclusions that no constructive discharge occurred and that there was no discrimination against Complainant because of race.

Having weighed all the objections to the decision in accordance with the standard of review articulated herein, we find no material errors of law and conclude that there is substantial evidence in the record to support the findings made by the Hearing Officer. We therefore deny Complainant's appeal and affirm the Hearing Officer's decision in its entirety.

ORDER

The Complainant's appeal to the Full Commission is hereby dismissed and the Order of the Hearing Officer is affirmed in its entirety.

This Order represents the final action of the Commission for purposes of M.G.L. c. 30A. Any party aggrieved by this final determination may contest the Commission's decision by filing a complaint seeking judicial review, together with a copy of the transcript of proceedings before the Hearing Officer (See M.G.L. c. 151B, §6) in the Superior Court within thirty (30) days of receipt of this decision.

SO ORDERED this 18th day of December, 2002.
