### 65.01: Purpose

The purpose of 211 CMR 65.00 is to provide for full and fair disclosure of the provisions of long-term care insurance policies offered in Massachusetts and to promote the public interest by protecting applicants for long-term care insurance from unfair or deceptive sales and enrollment practices. 211 CMR 65.00 establishes minimum standards for individual long-term care insurance policies and minimum standards for disclosure, marketing and agent training for both individual long-term care insurance policies and group long-term care insurance policies that are not employment-based. 211 CMR 65.00 is intended to facilitate public understanding and comparison of long-term care policies, and to encourage flexibility and responsible innovation in the development of long-term care insurance.

### 65.02: Applicability

211 CMR 65.00, unless otherwise stated herein, applies to long-term care insurance policies or certificates offered in Massachusetts after February 25, 2005. The requirements contained in 211 CMR 65.00 are in addition to any other applicable statutory provisions or lawful regulations, including 211 CMR 40.00 and 211 CMR 42.00 where applicable. They do not in any way excuse any material noncompliance on the part of any agent or carrier marketing long-term care insurance regarding the provisions of any other law or statute. Unless otherwise stated, 211 CMR 65.00 does not apply to an employment-based group policy.

### 65.03: Authority

211 CMR 65.00 is issued under the authority of M.G.L. 118E, M.G.L. 175, §108, and M.G.L. 176D.

### 65.05: Minimum Standards for Individual Policies

#### (1) Benefit Eligibility Standards

##### (a) *Benefit Triggers:*

1. Individual policies that are not intended to be federally-qualified may not include benefit eligibility standards that are more stringent than a requirement that the insured be unable to perform at least two Activities of Daily Living due to a loss of functional capacity or severe cognitive impairment.
2. Individual policies that are intended to be federally-qualified are required to meet the standards set forth in the Internal Revenue Code and related federal regulations.

(b) *Prior Treatment Requirements:* No individual policy may condition long-term care benefits on the insured's prior hospitalization or prior receipt of services from any long-term care provider.

(c) *Medicare Eligibility:* No individual policy may restrict or deny benefits because the insured is not eligible for Medicare.

(d) *Improvement Requirement:* No individual policy may condition receipt of covered benefits on a requirement that the insured be making a "steady improvement", have "recuperative potential" or have "returned to pre-morbid condition" or words of similar import.

(e) *Medical Necessity:* No individual policy may condition receipt of any services, except medical services provided by licensed medical professionals, on any standard of medical necessity. Any carrier using a medical necessity standard shall disclose that standard within the policy.

(f) *Care Management:* A carrier may establish a care management system to manage the benefits provided under the individual policy, and plan benefits may be disallowed if specific care management standards and procedures are not met. A carrier that intends to use a care management system must

1. establish a needs assessment tool which measures functional ability,
2. file with the commissioner a description of its care management policy and procedures, as well as the mechanism by which the insured may appeal a care management decision, and file any and all updates to the management policy and procedures with the commissioner prior to implementation,
3. specify the care management procedures within the policy, as well as the way to appeal whenever benefits are disallowed for failure to meet care management standards, and notify the insured about any changes to care management procedures included in the policy prior to implementation, and
4. disclose applicable care management standards to insureds upon request.

#### (2) Benefit Requirements

##### (a) *Elimination Periods and Deductibles:*

1. Individual policies may not include elimination periods of greater than 365 days, whether services are received within or away from the home.
2. At a minimum, carriers shall count each day that the insured receives any service that would be applied against the lifetime maximum benefit amount or maximum benefit period toward the satisfaction of an individual policy's elimination period. Individual policies may not

require that elimination periods be satisfied within a specified period of time or that days be consecutive.

(b) *Individual Policy Benefits:*

1. Daily maximum benefit amounts for specific services must be clearly defined within the policy provisions. The daily maximum benefit may be limited by the carrier to the usual and customary cost of the service. If the service costs more than the maximum daily benefit and there is no law to the contrary, the insured is responsible for the amount over and above the daily maximum benefit.
2. Lifetime maximum benefit periods may not cover fewer than 730 days beyond the policy's elimination period.
3. Individual policies may include a lifetime maximum benefit amount in lieu of the lifetime maximum benefit period, provided that the lifetime maximum benefit amount may not be less than the product of 730 multiplied by the highest daily maximum benefit amount covered in the policy.

(c) *Home Health Care Benefits in Long-Term Care Insurance Policies:*

1. An individual policy shall not, if it provides benefits for home health care services, limit or exclude benefits
  - a. by requiring that the insured or claimant would need care in a skilled nursing facility if home health care were not provided;
  - b. by requiring that the insured or claimant first or simultaneously received nursing or therapeutic services, or both, in a hospital or institutional setting before home health care services are covered;
  - c. by limiting eligible services to services provided by registered nurses or licensed practical nurses;
  - d. by requiring that the provisions of home health care services be at a level of certification or licensure greater than that required by the eligible services;
  - e. by requiring that the insured or claimant have an acute condition before home health care services are covered; or
  - f. by limiting benefits to services provided by Medicare-certified agencies or providers.
2. A long-term care insurance policy or certificate, if it provides for home health care services, shall provide total home health coverage that is a dollar amount equivalent to at least one-half of one year's coverage available for nursing home benefits under the policy or certificate, at the time the covered home health services are being received. This requirement shall not apply to policies or certificates issued to residents of continuing care retirement communities.

(d) *Minimum Benefits:* Individual policies may not include any policy benefits that are so limited in scope that they are not likely to be of any substantial economic value to the insured.

(e) *Alternate Care Benefits:* Individual policies must include a provision that enables the insured to use policy benefits after satisfying policy benefit triggers, elimination periods and deductibles to cover long-term care treatments or expenses not specifically identified in the policy's described benefits. The alternate care benefits must be made available to the insured subject to the agreement of the carrier, the insured and the insured's health care practitioner.

(3) Limitations and Exclusions

(a) *Pre-existing Condition Limitations:*

1. Pre-existing condition limitations must be identified on the front of the policy and the outline of coverage.
2. Pre-existing condition limitations may not apply for more than a six-month period from the effective date of the policy.

(b) No individual policy may exclude otherwise eligible persons from policy benefits due to the presence or history of mental or nervous conditions, Alzheimer's disease, alcoholism, or other chemical dependency.

- (c) No individual policy may exclude otherwise eligible policy benefits because those benefits are also payable by a non-Medicare government agency or because the covered services are being received in a governmental facility.
- (d) *Other Limitations:* Individual policies may include other limitations or conditions subject to the approval of the commissioner, provided that they are clearly identified in a separate section of the policy. Such limitations may include, but are not limited to, illnesses, treatments or conditions arising out of the following circumstances:
  - 1. war or act of war (whether declared or undeclared);
  - 2. participation in a felony, riot or insurrection;
  - 3. service in the armed forces or units auxiliary thereto;
  - 4. attempted suicide or intentionally self-inflicted injury;
  - 5. services provided for alcohol or drug detoxification;
  - 6. aviation (this exclusion applies only to non-fare paying passengers);
  - 7. services for which benefits are payable under Medicare, any state or federal workers' compensation program, employer's liability or occupational disease law, or any motor vehicle no-fault law;
  - 8. services provided by members of the insured's immediate family; or
  - 9. services for which no amount is normally charged in the absence of insurance.

(4) Continuation of Policy Benefits

(a) *Renewal:*

- 1. Carriers may not refuse to renew any individual policy, except in cases when the carrier is under receivership, rehabilitation or liquidation proceedings pursuant to M.G.L. 175 or 176, §33, administrative supervision pursuant to M.G.L. 175J or comparable statutory requirements of another jurisdiction. A carrier may discharge its obligation to renew existing individual policies only upon a finding that the carrier has obtained coverage for all existing insureds with equivalent benefits for value paid with another carrier.
- 2. All individual policies shall be guaranteed-renewable or non-cancelable.

(b) *Extension of Benefits:*

- 1. If an individual policy is terminated while an insured is confined to a nursing home, benefits shall continue until the earliest of the following occurs:
  - a. the insured is discharged from the nursing home,
  - b. the policy lifetime maximum benefit period has expired, or
  - c. the insured has exhausted the lifetime maximum benefit amount for nursing home services.
- 2. For the purposes of 211 CMR 65.05(4)(b), the insured shall be considered to be continuously confined to a nursing home while being transferred to another nursing home, receiving another level of nursing care in any nursing home or being transferred back to a nursing home from a temporary/acute hospitalization.
- 3. 211 CMR 65.05(4)(b) does not apply if coverage under the individual policy terminates because of failure of the policyholder to pay the premium within the time set forth in the policy.

65.10: Protection against Unintentional Lapse

No individual or group long-term care insurance policy may be issued unless it complies with the following:

(1) Notice of Nonpayment of Premiums Before Lapse or Termination

No individual or group long-term care insurance policy may be issued until the carrier has received from the applicant either a written designation of at least one person, in addition to the applicant, who is to receive notice of lapse or termination of the policy or certificate for nonpayment of premium, or a written waiver dated and signed by the applicant electing not to designate additional persons to receive notice. In the case of an applicant who elects not to designate an additional person, the waiver shall state: "Protection against unintended lapse. I understand that I have the right to designate at least one person other than myself to receive notice of lapse or termination of this long-term care insurance policy for nonpayment of premium. I understand that notice shall not be given until 30 days after a premium is due and unpaid. I elect NOT to designate a person to receive this notice." The carrier shall notify the insured of the right to change this written designation, no less often than once every two years.

(2) Lapse or Termination for Nonpayment of Premium

No individual or group long-term care insurance policy shall lapse or be terminated for nonpayment of premium unless the carrier, at least 30 days before the effective date of the lapse or termination, has given notice to the insured and to those persons designated pursuant to 211 CMR 65.10(1), at the address provided by the insured for purposes of receiving notice of lapse or termination. Notice shall be given by first-class United States mail, postage prepaid; and notice may not be given until 30 days after a premium is due and unpaid. Notice shall be deemed to have been given as of ten days after the date of mailing.

(3) Reinstatement

All individual or group long-term care insurance policies shall include a provision for reinstatement of coverage, in the event of lapse, if the carrier is provided proof that the policyholder or certificateholder was cognitively impaired or had a loss of functional capacity before expiration of the policy's grace period. Reinstatement shall be available to the insured if requested within five months after termination, and shall allow for the collection of past due premium, where appropriate.

65.11: Prohibition against Post-Claims Underwriting

(1) All applications and enrollment forms for individual and group long-term care insurance policies, except those that are guaranteed issue, shall contain clear and unambiguous questions designed to ascertain the health condition of the applicant.

(2) If an application or enrollment form contains a question that asks whether the applicant has had medication prescribed by a physician, then it must also ask the applicant to list the medication that has been prescribed and the reason that the medication was prescribed.

(3) Except for policies that are guaranteed issue:

(a) The following language shall be set out conspicuously near the applicant's signature block on an application: "Caution: if your answers on this application are incorrect or untrue, [carrier] has the right to deny benefits or rescind your policy."

(b) The following language, or language substantially similar to the following, shall be set out conspicuously on the policy, as well as the outline of coverage, at the time of delivery: "Caution: the issuance of this long-term care insurance [policy] [certificate] is based upon your responses to the questions on your application. A copy of your [application] [enrollment form] [is enclosed] [was retained by you when you applied]. If your answers were incorrect or untrue as of the date you signed the application, the carrier has the right to deny benefits or rescind your policy subject to the [time limit on certain defenses, incontestable] section of your policy. The best time to clear up any questions is now, before a claim arises! If, for any reason, any of your answers are incorrect, contact the carrier at this address: [insert address]"

(c) A carrier may not deny any claims for services under a long-term care policy issued to an applicant age 80 or older unless the carrier obtained any one of the following prior to issuing the policy:

1. a report of a physical examination;

<sup>1,2,3,4</sup> See reverse side for more information

[Note: Page break is at this point.]

**ADDITIONAL INFORMATION**

<sup>1</sup> These benefit amounts usually are not cumulative. For example, if your policy provides a total of 730 days of coverage and you use 100 days to pay for home health care services, you will have 630 days of coverage left to apply to other services such as nursing home care.

Further information about the benefits covered by this policy:

[To be completed by carrier]

<sup>2</sup> Long-term care insurance usually does not cover the full cost of long-term care services. According to the most recent *Your Options for Financing Long-Term Care: A Massachusetts Guide*, the average cost of private nursing home care in Massachusetts was \$\_\_\_\_\_ per day and the average stay in a nursing home lasted \_\_\_\_\_ days. The average cost of home health care services in Massachusetts was \$\_\_\_\_\_ per day.

**Inflation** is likely to have increased these average costs by the time you need long-term care services. Inflation protection will help protect the value of your benefits.

[To be completed by carrier. INFLATION PROTECTION ILLUSTRATION demonstrating graphically how inflation and inflation protection option could affect policy benefits over a 20-year period. If necessary, a separate page may be attached to the Policy Illustration Form that includes an illustration of the policy's inflation protection.

<sup>3</sup> Further information about the **exclusions** or **limitations** contained in this policy:

[To be completed by carrier.]

<sup>4</sup> **Level premiums** are designed to stay the same for the lifetime of the policy, although they can be changed for an entire class of policyholders. **Guaranteed premiums** can never be increased. Some premiums are subject to discounts (for example, spousal discounts or a first-year-only discount).

Please read *Your Options for Financing Long-Term Care: A Massachusetts Guide* for important information about the federal and state exemptions. PLEASE NOTE THAT STATE AND FEDERAL LAWS ARE SUBJECT TO CHANGE AND THAT FEDERAL AND STATE EXEMPTIONS MAY NOT APPLY TO THIS POLICY AT A FUTURE DATE.

1. This policy is [an individual policy of insurance/a group policy which was issued in (indicate jurisdiction in which group policy was issued)]. THIS IS A LIMITED POLICY. This policy may not cover all the expenses associated with your long-term care needs.

[Except for policies or certificates that are guaranteed issue, the following caution statement, or language substantially similar, must appear as follows on the outline of coverage.]

**Caution:** The issuance of this long-term care insurance [policy/certificate] is based upon your responses to the questions on your application. A copy of your [application/enrollment form] [is enclosed/was retained by you when you applied]. If your answers are incorrect or untrue as of the date you signed the applications, the carrier has the right to deny benefits or rescind your policy subject to the [Time Limit on Certain Defenses, Incontestable] section of your policy. The best time to clear up any questions is now, before a claim arises! If, for any reason, any of your answers were incorrect, contact the carrier at this address: [insert address]

3. **PURPOSE OF OUTLINE OF COVERAGE.** An outline of coverage provides a very brief description of the important features of the coverage. You should compare this outline of coverage to outlines of coverage for

other policies available to you. This is not an insurance contract, but only a summary of coverage. Only the individual or group policy contains actual contractual provisions. This means that your [policy/certificate] sets forth in detail the rights and obligations of both you and the carrier. Therefore, if you purchase this coverage, or any other coverage, it is important that you READ YOUR [POLICY/CERTIFICATE] CAREFULLY!

**4. TERMS UNDER WHICH THE [POLICY/CERTIFICATE] MAY BE CONTINUED IN FORCE OR DISCONTINUED.**

- (a) [For long-term care insurance policies or certificates, describe one of the following permissible policy renewability provisions:

Policies and certificates that are guaranteed-renewable must contain the following statement:]

**RENEWABILITY: THIS [POLICY/CERTIFICATE] IS GUARANTEED-RENEWABLE.** This means you have the right, subject to the terms of your policy, to continue this coverage as long as you pay your premiums on time. [Carrier Name] cannot change any of the terms of your policy on its own, except that, in the future, IT MAY INCREASE THE PREMIUM YOU PAY.

OR

[Policies and certificates that are non-cancelable must contain the following statement:] **RENEWABILITY: THIS [POLICY/CERTIFICATE] IS NON-CANCELABLE.** This means you have the right, subject to the terms of your policy, to continue this coverage as long as you pay your premiums on time. [Carrier Name] cannot change any of the terms of your policy, and cannot change the premium you currently pay. However, if your policy contains an inflation protection feature where you choose to increase your benefits, [Carrier name] may increase your premium at that time for those additional benefits.

OR

[Policies and certificates that are convertible from a group policy must contain the following statement:]

**RENEWABILITY: THIS [POLICY/CERTIFICATE] IS CONVERTIBLE TO AN INDIVIDUAL POLICY.** (For group coverage, specifically describe continuation/conversion provisions applicable to the certificate and group policy.)

- (b) [Describe waiver of premium provisions, or state such provisions are not in the policy.]  
(c) [State whether or not the carrier has a right to change the premium, and if the right exists describe clearly and concisely each circumstance under which the premium may change, including that it is subject to the Commissioner's approval.]

**5. TERMS UNDER WHICH THE [POLICY/CERTIFICATE] MAY BE RETURNED AND PREMIUM REFUNDED.**

- (a) [Provide a brief description of the right to return—the policy's "free look" provision, which must be a minimum of ten days from the date of policy delivery.]  
(b) [Include a statement that the policy either does or does not contain provisions providing for a refund or partial refund of premium upon the death of an insured or surrender of the policy or certificate. If the policy contains such provisions, include a description of them.]

**6. THIS IS NOT MEDICARE SUPPLEMENT COVERAGE.** If you are eligible for Medicare, review the Medicare Supplement Buyer's Guide available from the carrier.

- (a) [For agents:] Neither [Carrier Name] nor its agents represent Medicare, the federal government or any state government.  
(b) [For direct response:] [Carrier Name] is not representing Medicare, the federal government or any state government.

**7. LONG-TERM CARE COVERAGE.** Policies of this category are designed to provide coverage for one or more necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services, provided in a setting other than an acute care unit of a hospital, including but not limited to care in a nursing home, other long-term care facility or program, or in the home.

[Except for policies or certificates that have unlimited daily benefits and no co-insurance cost-sharing features, the following caution statement, or language substantially similar, must appear as follows in the outline of coverage.]

This [policy/certificate] provides coverage in the form of a fixed dollar indemnity benefit for covered long-term care expenses, subject to policy [limitations] [waiting periods] and [coinsurance] requirements.

**8. BENEFITS PROVIDED BY THIS [POLICY/CERTIFICATE].**

- (a) [Covered services, deductible(s), waiting periods, elimination periods and maximums.]
- (b) [Institutional benefits, by skill level.]
- (c) [Non-institutional benefits, by skill level.]

[A policy that provides for the payment of benefits based on standards described as "usual and customary," "reasonable and customary" or words of similar import must include an explanation of such terms in this section of the outline of coverage.]

[Any benefit screening must be explained in this section. If these screens differ for different benefits, explanation of the screen should accompany each benefit description. If an attending physician or other specified person must certify a certain level of functional dependency in order to be eligible for benefits, this too must be specified. If activities of daily living (ADLs) are used to measure an insured's need for long-term care, then these qualifying criteria or screens must be explained.]

**9. LIMITATIONS AND EXCLUSIONS**

[Describe:

- (a) Pre-existing conditions
- (b) Non-eligible facilities/provider
- (c) Non-eligible levels of care (e.g. unlicensed providers, care by a family member, etc.)
- (d) Exclusions/exceptions
- (e) Limitations]

[This section should provide a brief specific description of any policy provisions which limit, exclude, restrict, reduce, delay, or in any other manner operate to qualify payment of the benefits described in (6) above.]

**THIS POLICY MAY NOT COVER ALL THE EXPENSES ASSOCIATED WITH YOUR LONG-TERM CARE NEEDS.**

**10. RELATIONSHIP OF COST OF CARE AND BENEFITS.** Because the costs of long-term care benefits will likely increase over time, you should consider whether and how the benefits of this plan may be adjusted. [As applicable, indicate the following:

- (a) That the benefit level will not increase over time;
- (b) Any automatic benefit adjustment provisions;
- (c) Whether the insured will be guaranteed the option to buy additional benefits and the basis upon which benefits will be increased over time if not by specified amount or percentage;
- (d) If there is not a guarantee, include whether additional underwriting or health screening will be required, the frequency and amounts of the upgrade options, and any significant restrictions or limitations;
- (e) Describe whether there will be any additional premium charge imposed, and how that is to be calculated.]

[Carriers must include the following information in or with the outline of coverage:

- (1) A graphic comparison of the benefit levels of a policy that increases benefits over the policy period with the benefit levels of a policy that does not increase benefits. The graphic comparison must show benefit levels over at least a 20-year period.
- (2) Any expected premium increases or additional premiums to pay for automatic or optional benefit increases. A carrier may use a reasonable hypothetical, or a graphic demonstration, for the purposes of this disclosure.
- (3) Whether or not the benefit was chosen by the policyholder.]

**11. NONFORFEITURE BENEFITS.** As an accident & sickness policy, this policy does not have a cash value associated with life insurance products. This policy does offer [for an additional charge (if applicable)] a nonforfeiture benefit that will continue until exhausted even if the policy lapses due to nonpayment of policy premiums. The following represents an example of how this benefit would apply to your policy: [As applicable, indicate the following:

- (1) A description of the benefits that would accrue at different periods of policy lapse
- (2) Whether or not the benefit was chosen by the policyholder.]

**12. ALZHEIMER'S DISEASE AND OTHER ORGANIC BRAIN DISORDERS**

[State that the policy provides coverage for a person clinically diagnosed as having Alzheimer's disease or related degenerative and dementing illnesses. Specifically describe each benefit screen or other policy provision that provides preconditions to the availability of policy benefits for such an insured.]

**13. PREMIUM**

- (a) [State the total annual premium for the policy]
- (b) [If the premium varies with an applicant's choice of benefit options, indicate the portion of annual premium that corresponds to each benefit option; OR
- (c) Refer individual to schedule page of the policy. For reference during the presentation, individual may be referred to policy illustration form for premium.]

**COMPLAINTS.** If you have a complaint, call us at [telephone number] or your agent. If you are not satisfied, you may call or write the Massachusetts Division of Insurance.
