**Subject:** response of Town of Great Barrington

The Town of Great Barrington completely supports the position of the Five Town Cable Advisory Committee representing Great Barrington, Lee, Lenox, Sheffield, and Stockbridge. Specifically the Town of Great Barrington does not support Verizon's request for the elimination of the Form 500 requirement that cable operators report their total numbers of cable subscribers. This data is vital to ensure proper accountability and should be provided quarterly. Any new licensee should be required to fulfill in total the same requirements in the existing license agreements.

Should there be any questions feel free to contact my office.
