DTC Docket No. 13-6

Sprint Spectrum L.P.  
Sprint Communications Company L.P.  
Nextel Communications of the Mid-Atlantic, Inc.  
Virgin Mobile USA, Inc.

Respondent: James R. Burt  
Title: Director – Policy  
Date: May 9, 2014

**DTC – Sprint Record Request #1:** Provide documentation to support Sprint’s claim regarding cost savings in Massachusetts that will result from IP interconnection?

**Objections:** See transcript.

**Response:** Sprint incurs facility costs and usage costs for voice traffic terminated to customers of Verizon, including Verizon’s ILEC, wireless and CLEC customers. Sprint incurs costs directly from Verizon for voice traffic terminated to Verizon customers and from third parties to which Sprint may choose to route certain Verizon customer traffic.

The costs identified below are based on March 2014 costs multiplied times 12.
