II. BACKGROUND

On August 30, 2012, the Department designated T-Mobile as an ETC for purposes of receiving federal low income (or Lifeline) universal service support in the wire centers listed in Exhibit A ("the ETC Service Area").[1] The Universal Service Administrative Company ("USAC") has assigned study area code ("SAC") 119004 to T-Mobile to represent its ETC Service Area in Massachusetts. Subsequent to being designated an ETC in Massachusetts, T-Mobile has filed quarterly and annual reporting in compliance with the T-Mobile's *Designation Order* and the Department's Lifeline Requirements. The Department has certified T-Mobile to the Federal Communications Commission ("FCC") each year to date.

III. T-MOBILE'S REQUEST FOR RELINQUISHMENT OF ITS ELIGIBLE TELECOMMUNICATIONS CARRIER DESIGNATION

As an ETC eligible to receive federal low income (or Lifeline) universal service support in Massachusetts. T-Mobile now wishes to relinquish its ETC designation in Massachusetts, effective December 31, 2014. Though T-Mobile will no longer receive federal low cost universal

service support or reimbursement for Lifeline discounts after the effective date of its relinquishment, it will continue to provide wireless service in Massachusetts as a non-ETC, meaning that existing and future subscribers can continue to receive wireless service from T-Mobile.

A. T-Mobile's Relinquishment of ETC Designation Complies With Federal Law

The Department "shall permit an eligible telecommunications carrier to relinquish its designation as such a carrier in any area served by more than one eligible telecommunications carrier:"[2] 47 U.S.C. section 214(e)(4) states in relevant part:

> **(4) Relinquishment of universal service**
> A State commission (or the Commission in the case of a common carrier designated under paragraph (6)) shall permit an eligible telecommunications carrier to relinquish its designation as such a carrier in any area served by more than one eligible telecommunications carrier. An eligible telecommunications carrier that seeks to relinquish its eligible telecommunications carrier designation for an area served by more than one eligible telecommunications carrier shall give advance notice to the State commission (or the Commission in the case of a common carrier designated under paragraph (6)) of such relinquishment. Prior to permitting a telecommunications carrier designated as an eligible telecommunications carrier to cease providing universal service in an area served by more than one eligible telecommunications carrier, the State commission (or the Commission in the case of a common carrier designated under paragraph (6)) shall require the remaining eligible telecommunications carrier or carriers to ensure that all customers served by the relinquishing carrier will continue to be served, and shall require sufficient notice to permit the purchase or construction of adequate facilities by any remaining eligible telecommunications carrier. The State commission (or the Commission in the case of a common carrier designated under paragraph (6)) shall establish a time, not to exceed one year after the State commission (or the Commission in the case of a common carrier designated under paragraph (6)) approves such relinquishment under this paragraph, within which such purchase or construction shall be completed.

[2] 47 U.S.C. § 214(e)(4).

In summary, the statutory requirements for relinquishing ETC designation are: (1) there must be more than one ETC serving in the area of the ETC seeking relinquishment; (2) the ETC seeking relinquishment must provide advance notice to the relevant state commission; (3) the customers served by the relinquishing ETC must continue to be served by an ETC; and (4) to the extent that additional facilities are required to serve any of the relinquishing ETC's customers, sufficient notice shall be provided to ensure that the construction or purchase can be timely completed. The relevant FCC rule essentially reiterates the same requirements.[3]

T-Mobile's application for relinquishment of its ETC designation in Massachusetts complies with federal law and must be granted because: (1) there is currently more than one ETC serving the ETC Service Area; (2) T-Mobile is providing advance notice to the Department of such relinquishment; (3) T-Mobile will continue providing service to its customers, and additionally, the remaining ETCs in the market are able to serve the universal service needs of consumers within their respective designated service areas, which cover the ETC Service Area; and (4) no additional facilities will need to be purchased or constructed by the remaining ETCs.

1. There Is More Than One ETC Currently Serving the ETC Service Area

T-Mobile's ETC Service Area is currently served by more than one ETC. T-Mobile's ETC Service Area includes wire centers served by incumbent wireline local exchange carriers ("ILEC"): Verizon New England Inc. d/b/a/ Verizon Massachusetts, Granby Telephone Company d/b/a OTT Communications; Richmond Telephone Company; Southern New England Telephone Company, and Taconic Telephone d/b/a/ Fairpoint Communications.[4] To the best of T-Mobile's knowledge, each of these incumbent ILECs has been designated as an ETC. In addition, T-Mobile's ETC Service Area is currently served by multiple competitive ETCs

[3] 47 C.F.R. §54.205(a).
[4] *See* Exhibit A.

("CETC") including, Virgin Mobile d/b/a Assurance Wireless, Budget Prepay, Inc. d/b/a Budget Mobile, and Standup Wireless, d/b/a Standup, and Tracfone Wireless d/b/a SafeLink Wireless.[5] Because at least one other ETC (in addition to T-Mobile) serves in T-Mobile's ETC Service Area, applicable federal law requires the Department to permit T-Mobile to relinquish its ETC designation.

2. T-Mobile Is Providing Advance Notice to the Department

Consistent with 47 U.S.C. §214(e)(4) and 47 C.F.R. § 54.205(a), T-Mobile is filing this notice over two and one half months in advance of the requested effective date of relinquishment of its ETC designation on December 31, 2014. This advance notice satisfies the requirement to provide advance notice to the Department of T-Mobile's intent to relinquish its ETC designation.

3. Both T-Mobile and the Remaining ETCs Will Serve Consumers

T-Mobile will continue to serve customers throughout the ETC Service Area, providing uninterrupted service upon the effective date of its relinquishment of its ETC designation. To the best of T-Mobile's knowledge, the designated ILEC ETCs and CTECs in T-Mobile's ETC Service Area will also continue to serve customers in the ETC Service Area. Thus, all customers within T-Mobile's ETC Service Area will continue to be served by an ETC consistent with 47 U.S.C. § 214(e).

T-Mobile has approximately 60 Lifeline customers in Massachusetts. Following the relinquishment of its ETC designation, effective December 31, 2014, T-Mobile will provide written notice to the former T-Mobile Lifeline customers in Massachusetts that it no longer

participates in the Lifeline program. The notice will inform these customers that they will receive courtesy credits in the amount of their Lifeline discount for 60 days. After that period of time, these customers may select an alternative calling plan from T-Mobile or they may obtain discounted Lifeline service from another provider. If a former T-Mobile Lifeline customer decides to obtain service from another provider, T-Mobile will not impose an early termination fee on such customer.

4. No Additional Facilities Will Need to Be Purchased or Constructed by Remaining Eligible Telecommunications Carriers

To the best of T-Mobile's knowledge, none of the remaining ETCs will be required to purchase or construct additional facilities to continue to serve consumers within the ETC Service Area. Because the remaining ETCs currently serve the entire area in which T-Mobile is designated as an ETC in Massachusetts, the Department need not provide notice to these carriers to permit them to purchase or construct facilities to ensure that T-Mobile's customers will continue to receive service.

Through this notice, T-Mobile has complied with all requirements of 47 U.S.C. §214(e)(4) and 47 C.F.R. § 54.205. There is no barrier to prevent T-Mobile from relinquishing its ETC designation in Massachusetts. Therefore, the Department should accept T-Mobile's notice of relinquishment.

B. T-Mobile's Relinquishment of ETC Designation Complies with Department Requirements

The *Department's Lifeline Order* set out requirements for ETC's receiving Lifeline support in Massachusetts. In that Order, the Department specifically requires:

> Each ETC that plans to discontinue offering Lifeline service in Massachusetts shall, at a minimum: (1) notify its Lifeline subscribers and the Department 60 days in advance of the ETC's planned discontinuance of Lifeline service in Massachusetts; and

> (2) work in good faith with its Lifeline subscribers and the Department in order to facilitate smooth transition of subscribers to alternative ETCs of the subscribers' choice.

Id. at 21.

As described above, T-Mobile will provide written notice to the former T-Mobile Lifeline customers in Massachusetts that the Company no longer participates in the Lifeline program effective December 31, 2014. The notice will inform these customers that they will receive courtesy credits in the amount of their Lifeline discount for 60 days thereafter. After that period of time, these customers may select an alternative calling plan from T-Mobile or they may obtain discounted Lifeline service from another provider. If a former T-Mobile Lifeline customer decides to obtain service from another provider, T-Mobile will not impose an early termination fee on such customer. T-Mobile is committed to working in good faith with the Department and its Massachusetts Lifeline customers to assist in a smooth transition to the customers' chosen alternative ETC.

As described above, T-Mobile (1) consistent with this filing, gives the Department at least 60 days' notice of its discontinuance of Lifeline service in Massachusetts, (2) intends to give Lifeline customers courtesy credits in the amount of their Lifeline discount for 60 days after the effective date of relinquishment, and (3) will work in good faith with the Department and its Massachusetts Lifeline subscribers to assist in a smooth transition to the subscribers chosen alternative ETC. Therefore, T-Mobile has complied with the Department's requirements for ETC relinquishment.

IV. CONCLUSION

Consistent with all applicable requirements, T-Mobile respectfully requests the Department expeditiously accept T-Mobile's notice of relinquishment of its ETC designation in

Massachusetts. T-Mobile has demonstrated that it meets both all requirements for relinquishment of its ETC designation.

Respectfully submitted,

T-Mobile NORTHEAST LLC
