

COMMONWEALTH OF MASSACHUSETTS DEPARTMENT OF TELECOMMUNICATIONS AND CABLE

D.T.C. 11-AR-C

June 3, 2013

Investigation by the Department of Telecommunications and Cable on its own motion, pursuant to G. L. c. 159, §§ 12, 32, and 39, and G. L. c. 166, §§ 11 and 12, regarding the failure by individually-named common carriers of telecommunications services to file annual returns for calendar years 2005, 2006, 2007, 2008, and/or 2009.

I. INTRODUCTION

In this order, the Department of Telecommunications and Cable (“Department”) dismisses the proceedings against each of the above-captioned telecommunications carriers (collectively, the “103 Carriers”).¹ The Department also cancels the Statement of Business Operations (“SBO”) and all intrastate tariffs of each of the 103 Carriers for failure to file annual returns with the Department. As a result, each of the 103 Carriers no longer has legal authority to provide telecommunications services in the Commonwealth. Any of the 103 Carriers seeking authority to offer telecommunications services in Massachusetts in the future must: (1) contact the Department; (2) file the missing annual return(s) and filing fee(s); and (3) file a new SBO and intrastate tariff(s).

Each carrier subject to this Order is registered with the Department and is therefore required to file an annual return with the Department. G. L. c. 159, § 32; G. L. c. 166, § 11. The 103 Carriers are in this Order because each carrier failed to file annual returns for calendar years 2005, 2006, 2007, 2008, and/or 2009; none of the carriers responded to the Department’s reminders and extensions to file nor appeared at their respective hearings; and the Department does not have any indications that these carriers are still doing business in the Commonwealth. As further discussed below, the Department terminates the proceedings against and cancels the SBOs and intrastate tariff(s) of each of the 103 Carriers.

II. PROCEDURAL HISTORY

On December 2, 2011, the Department opened investigations into 129 carriers that failed to file annual returns for calendar years 2005, 2006, 2007, 2008, and/or 2009, including the 103 Carriers. *Investigation by the Dep’t of Telecomms. & Cable on its own motion, pursuant to G. L.*

¹ For administrative ease and to better address the individual characteristics of each investigation, the Department today issues three final orders through generic docket number D.T.C. 11-AR.

c. 159, §§ 12, 32, 39, & G. L. c. 166, §§ 11, 12, regarding the failure by individually-named common carriers of telecomms. servs. to file annual returns for calendar years 2005, 2006, 2007, 2008, and/or 2009, D.T.C. 11-AR, Order at 1, 7 (Dec. 2, 2011) (“*Order Opening Investigation*”). On the same day, the Department served notice of the investigations by certified mail to the last known address on file with the Department for each of the 129 carriers. *Annual Returns*, D.T.C. 11-AR, *Notice of Investigation and Hr’g at 1* (Dec. 2, 2011) (“*Notice*”). The Department also published a copy of the *Notice* in the *Boston Globe* on February 14, 2012. The *Notice* directed each carrier to state in writing, before February 10, 2012:

1. Whether the company filed the annual return for the relevant calendar year(s). If so, to provide a copy of the annual return(s) and documentation of the filing(s). If not, to explain why, and to state whether the failure to file was reasonable.
2. Whether the company provided telecommunications services within the Commonwealth during the relevant calendar year(s).
3. If applicable, whether the Secretary of the Commonwealth reinstated the company’s authority to do business within the Commonwealth.
4. If applicable, to provide the current company address and contact information and to provide an amended tariff and Statement of Business Operations reflecting that change.

Order Opening Investigation at 5-6; *Notice* at 1. The Department subsequently dismissed the investigations into eleven carriers that responded to the *Notice* and corrected their delinquency.²

The Department held individual public and evidentiary hearings for each of the 103 Carriers on February 28, and April 25, 2012. Neither any members of the public nor any of the 103 Carriers appeared at the hearing.

² Memo. of Dismissal from the Dep’t to Birch Commc’n, Inc., Grasshopper Group, LLC, TVC Albany, Inc., Camp Overflow, LLC, and Sprint Spectrum, L.P. (Feb. 21, 2012); Memo. of Dismissal from the Dep’t to SNET Diversified Group, Inc. (Feb. 23, 2012); Memo. of Dismissal from the Dep’t to Saturn Telecomm. Servs., Inc. (Dec. 19, 2012); Memo. of Dismissal from the Dep’t to Sunesys, LLC, CornerStone Tel. Co., LLC, and Magellan Hill Techs., LLC (Feb. 22, 2013); Memo. of Dismissal from the Dep’t to Airnex Communications, Inc. (Mar. 7, 2013).

During each evidentiary hearing, the Department marked several exhibits for identification and inclusion in the record, including copies of: (1) the SBOs and tariff cover pages on file with the Department for the carrier at issue in the hearing; (2) registration information on file or posted with the Secretary of the Commonwealth of Massachusetts for that carrier; (3) the carrier's Federal Communications Commission ("FCC") Form 499 filer identification information; (4) all notices issued by the Department reminding the carrier of its obligation to file annual returns for the relevant calendar year(s); (5) all extensions issued by the Department for delinquent annual returns; (6) signed certified receipt cards attached to the Department's *Notice* mailing or copies of any returned "Undeliverable" mailing; (7) annual returns filed with the Department by the carrier for years subsequent to the delinquent annual returns; and (8) additional relevant information on file with or collected by the Department.³

The Department provided numerous opportunities and reminders for each of the 103 Carriers to comply with the annual returns filing requirement. The Department issued courtesy notices reminding them of their obligation to file annual returns by the March 31 deadline for each year in question.⁴ *Order Opening Investigation* at 4. Further, prior to opening these investigations, and in an effort to obtain compliance and avoid enforcement proceedings, the Department granted multiple extensions past the March 31 annual deadline for all delinquent 2005, 2006, 2007, 2008, and/or 2009 annual returns. *Order Opening Investigation* at 4. The Department notified each delinquent carrier by mail of the extended filing deadlines, for each year.

³ The additional information includes e-mail correspondence between Department staff and carriers; e-mail delivery failure notices; and telecommunications database registration printouts in lieu of SBOs.

⁴ For the 2005 annual returns, the Department mailed a reminder notice to carriers on February 24, 2006; for the 2006 annual returns, the Department mailed a reminder notice to carriers on March 9, 2007; for the 2007 annual returns, the Department mailed a reminder notice to carriers on March 7, 2008; for the 2008 annual returns, the Department mailed a reminder notice to carriers on February 10, 2009; and for the 2009 annual returns, the Department mailed a reminder notice to carriers on March 12, 2010.

The year(s) of delinquency for each of the 103 Carriers are as follows:

III. ANALYSIS AND FINDINGS

A. Background

A carrier must register with the Department in order to provide telecommunications services in the Commonwealth. *See Regulatory treatment of telecomms. common carriers within Mass.*, D.P.U. 93-98, Order at 12 (May 11, 1994) (“*Common Carrier Regulatory Treatment Order*”). The registration process consists of filing an SBO and an intrastate tariff with the Department.⁵ *Id.* Registration is complete upon the Department’s approval of the intrastate tariff. *Id.* Every registered carrier avers that it has the managerial, technical, operational, and financial ability to comply with statutory requirements, and the Department gives registered carriers a presumption of capability unless it specifically finds otherwise. *Investigation by the Dep’t of Telecomms. & Energy on its own motion, pursuant to G. L. c. 159, §§ 12, 32, 39 & G. L. c. 166, §§ 11, 12, regarding the failure by several individually named common carriers of telecomms. servs. to file their annual returns for year 2001 by Mar. 31, 2002, & their annual returns for year 2002 by Mar. 31, 2003, & to pay statutory forfeitures*, D.T.E. 03-76-A, Order at 5 (Aug. 20, 2004).

Specifically:

Any common carrier that has an approved tariff on file with the Department, and that has submitted a Statement of Business Operations, will be considered a “registered” common carrier in the Department’s new framework. Registered common carriers will be subject to the Department’s general supervisory authority, including specific requirements in G.L. c. 159, and the Department’s regulatory policies as articulated in Department Orders.⁶

Common Carrier Regulatory Treatment Order at 12.

⁵ Payphone providers must submit a different version of the SBO form to register with the Department. G. L. c. 159, § 32. Pay Telephone Registration Form, *available at* <http://www.mass.gov/ocabr/docs/dtc/telecom/forms/registrastion-filg-instruc-ipp5-2010a.pdf>.

⁶ In its *Common Carrier Regulatory Treatment Order*, the Department eliminated the requirement that carriers, excluding payphone providers, obtain a certificate of public convenience and necessity from the Department before offering service within the Commonwealth. *See Common Carrier Regulatory Treatment Order* at 12.

The Commonwealth imposes a requirement that registered carriers file annual returns pursuant to G. L. c. 159, § 32 and G. L. c. 166, § 11. Both statutes require registered carriers to file annual returns, but only one, G. L. c. 166, § 11, directs the Department to assess a financial penalty for failure to comply with filing requirements.

Under G. L. c. 159, § 32, *all* carriers have a duty to file an annual return for each calendar year by March 31 of the following year, or at a later date fixed for good cause, in a format prescribed by the Department. That is, a carrier must file an annual return regardless of whether it is doing business in the Commonwealth.

In contrast, under G. L. c. 166, § 11, only carriers “doing business in the [C]ommonwealth” have a duty to file an annual return for each calendar year by March 31 of the following year, or at a later date fixed for good cause, in a format prescribed by the Department. A carrier neglecting to file the annual return required by G. L. c. 166, § 11 shall be subject to statutory forfeitures and referral to the Attorney General for enforcement.⁷ G. L. c. 159, § 39.

Although G. L. c. 166 is silent as to when a carrier is considered *not* to be doing business, the Department of Revenue’s (“DOR”) definition of what constitutes doing business, and consequently what constitutes not doing business, informs the Department. 830 C.M.R. § 63.39.1. The DOR’s definition of doing business includes: the buying, selling or procuring of services or property; the execution of contracts; the exercise or enforcement of contract rights; the maintenance of a place of business; the employment of labor; and each and every other act, power, right, privilege, or immunity exercised or enjoyed in the Commonwealth as an incident to or by virtue of the powers and privileges acquired through corporate form. *Id.* Conversely,

⁷ Such carriers shall forfeit \$5.00 per day for the first fifteen days of delinquency, \$10.00 per day for the next fifteen days, and a sum not exceeding \$15.00 per day for each day thereafter until the annual return is filed. G. L. c. 166, § 12. Further, if the Department determines that a carrier “unreasonably refuses or neglects to make such return,” the carrier shall forfeit up to \$500.00 for each offence, as an additional penalty. *Id.*

corporations not engaged in the aforementioned activities are found not to be doing business in Massachusetts. *See, e.g., Shaklee Corp. v. Comm’r of Revenue*, 2000 WL 145756, 5-7 (Mass. 2000) (foreign corporation whose field representative occasionally met with the corporation’s independent contractors in Massachusetts for purposes of sales training and evaluation was not doing business in Massachusetts); 830 C.M.R. § 63.39.1; M.T.G. LR 05-8 (Nov. 21, 2005) (foreign corporation was not doing business in Massachusetts because the acts of an independent contractor engaging in the items listed in 830 C.M.R. § 63.39.1(4)(b) are not imputed to the foreign corporation). As discussed further below, the Department finds that each of the 103 Carriers were likely not doing business in Massachusetts and therefore will not be subject to statutory forfeitures. G. L. c. 166, §§ 11, 12.

If a carrier fails to meet its filing obligations under G. L. c. 159, § 32 *or* G. L. c. 166, § 11, the Department may cancel the carrier’s SBO and intrastate tariff(s). *See Investigation by the Dep’t of Telecomms. & Energy on its own motion, pursuant to G. L. c. 159, §§ 12, 32, 39 & G. L. c. 166, §§ 11, 12, regarding the failure by several individually named common carriers of telecomms. servs. to file their annual returns for year 2001 by Mar. 31, 2002, & their annual returns for year 2002 by Mar. 31, 2003, & to pay statutory forfeitures*, D.T.E. 03-76-G, Order at 3-5 (Aug. 20, 2004) (“*D.T.E. 03-76-G*”) (cancelling a carrier’s SBO and intrastate tariff because the carrier failed to file its annual returns, failed to respond to the Department’s prior annual returns order and reminders to file, and had not otherwise communicated with the Department in several years). Additionally, the Department may cancel the registration and “direct removal of public access line service from the payphones of any company” that fails to file its annual return by the appropriate due date. *Investigation by the Dep’t of Telecomms. & Energy on its own motion, pursuant to G. L. c. 159, §§ 12, 32, 39 & G. L. c. 166, §§ 11, 12, regarding the failure by*

several individually named common carriers of telecomms. servs. to file their annual returns for the year 2000 by Mar. 31, 2001, & to pay statutory forfeitures, D.T.E. 02-13-B, Order at 4 (Sept. 20, 2002) (“D.T.E. 02-13-B”) (“[I]f the [r]egistrant is found not to be in compliance with the Department’s requirements, the Department may withdraw registration and remove public access line service from the [r]egistrant’s pay telephones.”). For the reasons discussed below, the Department cancels the SBOs and intrastate tariff(s) of each of the 103 Carriers.

B. Carrier Registrations

Each of the 103 Carriers is registered with the Department and is therefore required to file an annual return with the Department for every year that it is registered. G. L. c. 159, § 32; G. L. c. 166, § 11. Due to the failure of each of the 103 Carriers to file annual returns for the relevant year(s), the failure of each to appear at its hearing, and the lack of any communication from them, the Department cancels the SBO and intrastate tariff(s) of each of the 103 Carriers. *D.T.E. 03-76-G*. Accordingly, none of the 103 Carriers, pursuant to this Order, will have the legal authority to provide telecommunications services in the Commonwealth. The Department also directs that public access line service be removed from the payphones of each of the 103 Carriers who are payphone providers including Allied Amusements, Inc.; Arrow Communications; BC Payphones; Bullard, Israel D; Stoneview Properties, Inc.; T&T Friendly Laundromat; and Teletrust, Inc. *D.T.E. 02-13-B*. Any of the 103 Carriers seeking authority to provide telecommunications services in Massachusetts in the future must contact the Department, file the missing annual return(s) and filing fee(s), and file a new SBO and intrastate tariff(s).

Furthermore, due to the failure of each of 103 Carriers to respond to the Department’s reminders, extensions, and *Notice*; because of the lack of any other communication from them

(indeed, as noted above, none of the 103 Carriers has responded to the myriad of Department notices); and because of the absence of any other significant indications that they are currently providing telecommunications services, the Department finds that each of the 103 Carriers is not doing business in Massachusetts. Thus, although each of the 103 Carriers failed to file annual returns for the specified years, the Department does not assess the statutory forfeitures provided for under G. L. c. 166, § 12.
