

SMART RETIREMENT

Massachusetts State Retirement Board

& Beyond!

A retirement planning seminar series exclusively for Massachusetts State Employees!

Join us for our next retirement seminar with presentations by the *Massachusetts State Retirement Board*, the *Massachusetts Deferred Compensation SMART Plan*, the *Group Insurance Commission*, and the *Social Security Administration*.

The next seminar is in your region!

Thursday, April 2nd

6-8 pm

Roxbury Community College
Academic Building #3, 1st Floor, Room 121
1234 Columbus Ave.,
Roxbury Crossing, MA 02120

In this seminar, you will learn about:

- Your *MSERS pension benefit* such as: membership and creditable service, retirement options, survivor benefits, how to calculate your benefits and much more,
- The *Massachusetts Deferred Compensation SMART Plan* optional benefit and how it can help you reach your retirement goals,
- *GIC* health insurance in retirement including Medicare, and
- An overview of potential *Social Security* benefits! **Note:** Since Social Security benefits are calculated using your earnings history, it is important for you to regularly review your earnings record. Therefore, you may get more out of this seminar if you have your earnings statement with you. The Social Security Administration recommends that you visit their website at www.socialsecurity.gov/myaccount to create your own *my Social Security* account. If eligible, it will provide you with your earnings statement and benefit estimates. Please print this information and bring it to the seminar.
