The Women's Virtual Career Seminar was hosted by the Department of Veterans Services. DVS welcomes its new coordinator, Catherine Johnson, and introduced her to the attendees. Johnson is a graduate of Harvard University and earned her law degree from the University of Notre Dame. She has worked in the field of veterans' services for over 10 years, and has been an advocate for women veterans and their families. She is excited to bring her expertise to the Women's Virtual Career Seminar and help those who need it. The seminar covered topics such as resume building, interview techniques, and networking strategies. The attendees were grateful for the opportunity to learn from Johnson and gain valuable insights into the world of veterans' services. Women Veterans Network of Massachusetts. (Cont. from Pg. 1)
Are you talking less and feeling alone or disconnected?

Do you frequently experience joint and muscle pain?

Pain and stress can diminish our enjoyment of life.

It was encouraging to see all of these benefits available.

Many thanks to VA Boston Healthcare System, Johns Hopkins Disabilities Sports Association, Mountain Bikers, Harvard Pilgrims, and the Commonwealth of Massachusetts for supporting this event.
