2018 Statement of Permit Conditions **Use of Purse Seines in Inshore Net Areas**

You are receiving this letter because you hold an Inshore Net regulated fishery permit endorsement with the Commonwealth of Massachusetts and have indicated purse seine as a gear type. In accordance with 322 CMR §§4.02(6) and (7), this statement of permit conditions allows the use of purse seine gear in the inshore restricted waters established at 322 CMR §4.02(2). Additionally it sets forth restrictions necessary for the conservation and management of inshore bait fisheries.

Pursuant to the authority of G.L. c. 130 § 80 and 322 CMR §§4.02(6) and 7.01(7), the Director of the Division of Marine Fisheries has determined that the **Statement of Conditions** enumerated below shall apply to all 2018 Inshore Net regulated fishery permit endorsements.

General Provisions

1. In accordance with G.L. c. 130 §31, fixed gear shall be avoided.
2. Only species named on the permit may be taken and retained by the permit holder. All other species shall be immediately released alive. Dead fish shall not be discarded.
3. In accordance with G.L. c. 130 §§4A and 9, and 322 CMR 7.01(13), the Director or his agent may board a vessel for the purpose of administrative inspection or sea sampling.
4. The Harbormasters of any of the towns or cities bordering the regulated fishing areas listed on the permit shall have the right to board and inspect purse seiners in the listed areas after consultation with the Director, and may with his approval, suspend fishing operation if warranted.
5. This statement of permit conditions shall be onboard the named vessel when any purse seine fishing activity is occurring.

Reporting Requirements

1. Notwithstanding any other requirements set forth by the Director, in accordance with G.L. c. 130 §21, permit holder shall report all catch at a trip level on monthly reports provided by the Division of Marine Fisheries. These reports shall be submitted to the Division of Marine Fisheries by the 15th of the following month.

If a carrier vessel is utilized, the carrier vessel shall report menhaden landings in accordance with menhaden daily catch dealer reporting requirements set forth at 322 CMR §6.43(5).
