**Marine Fisheries Advisory**

**COMMERCIAL BLACK SEA BASS SEASON CLOSED FOR  
THE PERIOD JUNE 14 THROUGH JULY 31, 2005**

---

Division of Marine Fisheries (*Marine Fisheries*) has projected that 50% of the 2005 annual black sea bass quota will have been reached by Monday, June 13, 2005. Consequently effective 0001 hours on Tuesday, June 14, 2005 through July 31, 2005 fishermen are prohibited from possessing black sea bass for commercial purposes. The fishery will be re-opened on August 1, 2005. The same rules in effect since May 1 will be in effect when the fishery re-opens:

*During a 24-hour day, it is unlawful for commercial fishermen to land or possess more than 500 lbs. of black sea bass in the directed sea bass pot fishery and weir fishery, 200 lbs of black sea bass for all other gear types, or 100 lbs. in the commercial lobster trap fishery. During the open season, the landing and/or possession of black sea bass on Fridays and Saturdays is prohibited.*

For further information including quota totals and regulations please visit the *Marine Fisheries* web site at: [www.mass.gov/marinefisheries](http://www.mass.gov/marinefisheries).
