Ladies and Gentlemen:

The Division of Marine Fisheries has determined that all approved and conditionally approved areas in the Town of Wareham, BB28- BB44, no longer meet the established criteria for a status of "OPEN TO SHELLFISHING" due to a potentially toxic phytoplankton bloom in Buzzards Bay, which can cause Amnesiac Shellfish Poisoning (ASP). This closure takes effect at sunrise on October 8, 2016.

Under the authority of Massachusetts General Laws, Chapter 130, Sections 74A, and 75, the status of the below defined areas shall be changed to "**CLOSED TO SHELLFISHING**". Digging, harvesting or collecting and/or attempting to dig, harvest or collect shellfish and the possession of shellfish from the below defined areas are prohibited.

Under authority of 322 CMR 7.01 (7) all permits issued thereunder are hereby conditioned to prohibit the taking, selling or possession of shellfish from the below defined areas.
