339.01: General Provisions

(1) Scope, Purpose, and Effective Date. 101 CMR 339.00 governs the rates of payment effective April 7, 2017, to be used by all governmental units for rehabilitation center services and restorative services provided to publicly aided individuals by eligible providers. Rates for services rendered to individuals covered by M.G.L. c. 152 (the Workers' Compensation Act) are set forth at 114.3 CMR 40.06(12): *Restorative Services Description*.

(2) Coverage. Except as provided otherwise, 101 CMR 339.00 and the rates of payment contained in 101 CMR 339.00 apply to services rendered by eligible providers of rehabilitation center services and eligible providers of restorative services to publicly aided individuals. The rates of payment specified in 101 CMR 339.00 are full compensation for professional services rendered, as well as for any administrative or supervisory duties.

(3) Exceptions. Rates of payment contained in 101 CMR 339.00 do not apply to indirect services, such as case conferences or in-service education programs provided by eligible providers in long-term-care facilities.

(4) Coding Updates and Corrections. EOHHS may publish procedure code updates and corrections in the form of an Administrative Bulletin. The publication of such updates and corrections will list

(a) codes for which only the code number has changed, with the corresponding cross-reference between new and existing codes;
(b) codes for which the code remains the same, but the description has changed;
(c) deleted codes for which there are no corresponding new codes; and
(d) entirely new codes that require new pricing. EOHHS may designate these codes as individual consideration until appropriate rates can be developed.

(5) Administrative Bulletins. EOHHS may issue administrative bulletins to clarify its policy on and understanding of substantive provisions of 101 CMR 339.00.

(6) Disclaimer of Authorization of Services. 101 CMR 339.00 is not authorization for or approval of the procedures for which rates are determined pursuant to 101 CMR 339.00. Governmental units that purchase care are responsible for the definition, authorization, and approval of care and services extended to publicly aided individuals.

339.02: General Definitions

Individual Consideration (I.C.). A designation indicating that there is no specified rate for a given service. Payment amounts for services designated "I.C." are determined by the governmental unit purchasing such services. The governmental unit determines the appropriate payment based on the provider's report of services provided, and documentation as requested by the governmental unit. The report must include a pertinent history and diagnosis, a description of the service rendered, and the length of time spent with the patient. In making the determination of the appropriate payment amount, the governmental unit uses the following criteria:

(a) the policies, procedures, and practices of other third party purchasers of care, both governmental and private;

(b) the severity and complexity of the patient's disorder or disability;

(c) prevailing provider ethics and accepted practice; and

(d) the time, degree of skill, and cost including equipment cost required to perform the procedure(s).

Office Visit. Patient treatments rendered in a speech and hearing center, a licensed clinic or center, or in a practitioner's office (whether an individual practice, a group practice, or an association of practitioners). If a practitioner has an office in his or her home that is used for patient treatment, then services rendered there must be billed as office visits.

339.03: General Rate Provisions

(1) Rate Determination. Rates of payment for authorized services to which 101 CMR 339.00 applies are the lower of

(a) the usual fee of the eligible provider of rehabilitation center services or the eligible provider of restorative services to patients other than publicly aided individuals; or

(b) the schedule of allowable fees set forth in 101 CMR 339.04.

(2) Out-of-office Rates. With the exception of services provided by rehabilitation centers and speech and hearing centers, the fee for any service provided out of the office will be 115% of the respective in-office fee.

(3) Multiple Procedures in Physical Therapy. When more than one type of physical therapy treatment is provided in a single visit, the provider receives 100% of the applicable fee for each procedure, with a maximum of four procedures (or a total of one hour) allowed in a given visit.

(4) Special Contracts. In certain circumstances, purchasing agencies may pay for services on an hourly basis, rather than a per visit basis as described in 101 CMR 339.00. A special contract would be appropriate where a large number of patients are treated by an individual practitioner on a regular basis for a particular purchaser at one site and/or where the treatment times described in the service codes in 101 CMR 339.00 do not define the treatment times authorized by the purchaser.
