348.01: General Provisions

- (1) Scope, Purpose, and Effective Date. 101 CMR 348.00 governs the payment rates for day habilitation services rendered to publicly aided individuals. The rates set forth in 101 CMR 348.00 also apply to day habilitation services governed by 130 CMR 419.000: *Day Habilitation Center Services* and other comparable programs.
- (2) Applicable Dates of Service. Rates contained in 101 CMR 348.00 are effective for dates of service on and after July 5, 2023, unless otherwise indicated.
- (3) Coverage. The payment rates in 101 CMR 348.00 are full compensation for day habilitation services provided to publicly aided individuals as well as for any related administrative or supervisory duties rendered in connection with the provision of day habilitation services.
- (4) Coding Updates and Corrections. EOHHS may publish procedure code updates and corrections in the form of an Administrative Bulletin. The publication of such updates and corrections will list:
  - (a) codes for which only the code numbers change, with the corresponding cross references between existing and new codes;
  - (b) codes for which the code number remains the same but the description has changed; and
  - (c) deleted codes for which there are no corresponding new codes.
- (5) Administrative Bulletins. EOHHS may issue administrative bulletins to clarify its policy on and understanding of substantive provisions of 101 CMR 348.00.
- (6) Disclaimer of Authorization of Services. 101 CMR 348.00 is neither authorization for nor approval of the substantive programs for which rates are determined pursuant to 101 CMR 348.00. Governmental units that purchase care are responsible for the definition, authorization, and approval of care and services extended to covered individuals.

Quarter Per Diem. Day habilitation services provided for a period equal to or less than 1½ hours per day.

348.03: Rate Provisions

(1) Rate as Full Payment. Each eligible provider must, as a condition of receipt of payment from one or more purchasing governmental units for services rendered, accept the approved rates as full payment and discharge of all obligations for the services rendered, subject only to appellate rights as set forth in M.G.L. 118E. There will be no duplication or supplementation of payment from sources other than those expressly recognized or anticipated in the computation of the rate. Any client resources or third-party payments received on behalf of a publicly assisted client will reduce, by that amount, the amount of the purchasing governmental unit's obligation for services rendered to the publicly assisted client.

(2) Approved Day Habilitation Program Rates. For services provided in day habilitation programs in the community, the approved rates include payment for all care and services that are customarily part of the program of services of an eligible provider, subject only to the terms of the purchase agreement between the eligible provider and the purchasing governmental unit(s). The rate of payment for authorized services is the lower of the established charge or the rate listed in 101 CMR 348.03(5).

(3) Day Habilitation Services in Nursing Facilities. Certain residents of nursing facilities who qualify for day habilitation services may be unable to participate in these services in community settings. These individuals may qualify for day habilitation services to be provided at the nursing facility in which they reside. In order to be eligible for these nursing facility services, the individual must meet criteria established by the MassHealth agency. The approved rates cover all care and services associated with the provision of day habilitation services in a nursing facility.

(a) Serving One, Two, or Three Individuals in a Nursing Facility. In situations where no more than three residents receive day habilitation services in the nursing facility, the rates do not vary by client need. The rates of payment for authorized services, including transportation, must be the lower of the established charge or the rate listed in 101 CMR 348.03(5).

348.03: continued

(b) Serving Four or More Individuals in a Nursing Facility. For a staffing level of one to four or more, refer to approved community day habilitation program rates, along with the transportation rate listed in 101 CMR 348.03(5). A maximum of two transportation units can be billed for at most one person for any given nursing facility visit, in accordance with purchasers' specifications.

(4) Supplemental Staffing for Nursing Facility Residents in Community Day Habilitation Programs. Certain qualifying individuals in nursing facilities may need supplemental services in the form of additional staff assistance to enable them to leave their nursing facility to participate in day habilitation services in the community. These services do not apply to nursing facility residents who receive day habilitation services at the nursing facility. The MassHealth agency will pay a supplemental rate to augment staffing ratios when an individual needs assistance for all or part of the time that an individual participates in a community day habilitation program and meets criteria established by the MassHealth agency. The approved supplemental rate, which includes salary, payroll taxes, and fringe benefits, is listed in 101 CMR 348.03(5).

(5) Allowable Fees. The rates of payment for authorized day habilitation program services, unless otherwise noted in 101 CMR 348.03, must be the lower of the established charge or the rate listed in 101 CMR 348.03(5). Refer to purchasers' manuals for special coding instructions and limitations on number of units.
