What are poll observers allowed to do?

Massachusetts law provides that elections must be conducted in a manner that is open to public observation. Poll observers are allowed inside the polling place, unless they are disorderly or obstruct the access of voters (950 CMR 52.03(22); 950 CMR 54.04(22)).

Poll watchers may observe polling place operations but they cannot intimidate, threaten, coerce or otherwise interfere with your right to cast your ballot (950 CMR 52.03(22); 950 CMR 54.04(22)).

If you have questions or become aware of efforts to interfere in the upcoming election or to intimidate voters, please contact the Secretary of State at **1-800-462-VOTE** or the Attorney General's Office at **617-727-2200**.

Why is there a police officer at my polling location?

State and federal law protects your right to vote safely in elections, free from intimidation. Massachusetts state law requires that local police officers be at polling places to assist local election officials and to ensure that voters are not obstructed from voting (Mass. Gen. Laws ch. 54, § 72).

Are political activities allowed at polling locations?

Under Massachusetts law, electioneering, campaigning, signature-gathering, and other specific political activities are prohibited within 150 feet of a voting location. The 150-foot rule applies to polling locations on Election Day and early voting sites during voting hours (950 CMR § 52.03(22)(c) and 54.04(22)(c)).

This rule extends to voters, too, in that voters may not carry or wear into a voting location any items designed to aid or defeat a candidate or question being voted on in that location. For example, this includes clothing bearing a candidate's name, slogan or image, the name of a candidate's policy proposal, or a political party name.

If you have questions or experience impermissible electioneering or campaigning at your polling location, please contact the Secretary of State at **1-800-462-VOTE** or the Attorney General's Office at **617-727-2200**.
