

YOUR RIGHT TO VOTE IS PROTECTED

Our Elections Have Integrity. The Attorney General's Office will protect your right to vote and make sure your vote is counted.

Right to Vote

Vote Early by Mail. Apply for a mail-in early voting ballot online at VoteinMA.com or complete and submit the application that was mailed to you. Your application must reach election officials by 5PM on October 29th. Return your ballot by mail or deliver it in person to your local election office, an official ballot return drop box in your city or town, or any early voting location in your city or town during early voting hours. If returning your ballot by mail, it is recommended to mail at least 7 days before Election Day. Your ballot must be postmarked or dropped-off by 8PM on Election Day. Track your ballot or look up drop-off locations at VoteinMA.com.

Vote Early in Person. Go to an early voting location in your city or town from October 19th – November 1st. Early voting locations and hours will be posted by October 11th on VoteinMA.com.

Vote in Person on Election Day. On November 5th, vote at your polling location between 7AM – 8PM. If you are in line by 8PM, you have the right to vote. Confirm your polling location at VoteinMA.com.

Right to Equal Access

All polling locations are required to be accessible and have an accessible voting booth and accessible marking unit. People with disabilities may have someone assist them at an early voting or polling location and/or use the accessible vote-by-mail system. Call **1-800-462-VOTE** for more info or visit VoteinMA.com.

Right to Vote without Intimidation

State law prohibits election interference and voter intimidation. If someone interferes, or tries to interfere, with your right to vote, call the Secretary of State's Office or the Attorney General's Office.

Right to Vote without Influence

State law prohibits electioneering, campaigning, signature-gathering, and other specific political activities intended to influence the current election within 150 feet of a voting location. If the 150-foot rule is not being enforced at your polling location, please contact the Secretary of State or the Attorney General's Office.

Right to Have Your Vote Counted Once

If you vote by mail, track your ballot to make sure it is received and accepted. If your ballot is rejected, you may request and submit another mail ballot or vote in person. If you receive a mail ballot but do not return it or if you are concerned your election office will not receive it in time, you may vote in person. If you go to vote on Election Day and a poll worker says you cannot vote, you can cast a provisional ballot.
