 - **Other Issues Introduced by Panel Members**
- 4) **Plan for Next Meeting**
- 5) **Adjourn**

¹ The topic of *Vibrio parahaemolyticus* (*Vp*) controls will not be the focus of this meeting. Only a short update of *Marine Fisheries* monitoring and assistance to the industry during the current control season will be presented. A time line for development of 2015 *Vp* controls, including meetings that will involve industry and public input participation, will be discussed briefly at this Shellfish Advisory Panel meeting.
