Marine Fisheries Advisory

2008 Commercial scup fishery closed -

---

NOAA Fisheries has reported that the 2008 Winter II period (November –December) commercial fishery quota has been harvested. Therefore commercial fishermen are prohibited from landing or possessing scup immediately through December 31, 2008.

The 2009 Winter 1 period (January – April) commercial scup fishery is scheduled to open on January 1, 2009.
