

## **Proposed Strikethrough Regulatory Language for Amendments to 322 CMR 7.00 and 8.00 Affecting State-Waters Multi Species Groundfish**

### 7.04: Commercial Fisheries Control Date

(1) Purpose. The purpose of 322 CMR 7.04 is to provide the Director and Marine Fisheries Advisory Commission with time to develop further access controls in certain commercial fisheries, including moratoria and limited entry, without the Director and Commission having to deal with large numbers of applicants attempting to enter the fisheries before access is restricted or denied. The implementation of the control date on an emergency basis is necessary to prevent a surge of applicants for licenses into fisheries for which the Director and the Commission may decide to restrict access in the future.

(2) Control Dates.

(a) Mobile Gear. After April 2, 1992, any person issued a commercial fisherman's permit to conduct any fishery using gillnets or trammel nets, or any mobile or encircling fishing gear or nets which are towed, hauled, or dragged through the water for the harvest of fish including but not limited to otter trawls, beam trawls, pair trawls, mid-water trawls, Scottish seines, Danish seines, pair seines, or sea scallop dredges, excluding purse seines and shellfish dredges, within waters under the jurisdiction of the Commonwealth, will not be assured of future access to or participation in these fisheries if a management regime is developed and implemented that limits the number of participants in these fisheries.

(b) Hook Gear. After March 6, 2008, any person issued a new commercial fisherman's permit to conduct any fishery using hook-and-line, longline, or handgear within waters under the jurisdiction of the Commonwealth, excluding the commercial striped bass fishery, may be subject to eligibility criteria for determining levels of future access to and allowable harvest of these fisheries. Future entry into such fisheries may be based on historic harvest levels of a vessel, person, or other criteria established by the Director.

(c) Spiny Dogfish. After November 6, 2008, any person issued a new regulated fishery endorsement for spiny dogfish may be subject to eligibility criteria for determining levels of future access to and allowable harvest of this fishery. Future entry into such fisheries may be based on historic harvest levels of the permit holder.

(d) Striped Bass. Any person who did not hold a regulated fishery permit endorsement on September 8, 2013 may not be provided future access into this fishery and may be subject to eligibility criteria for determining levels of future access to and allowable harvest in this fishery. Future access may be based on historic landings of a vessel or person, or other criteria established by the Director.

(e) Tautog. Any person who did not report the lawful landing or selling of tautog prior to August 28, 2017 may not be provided future access into this fishery and may be subject to eligibility criteria for determining levels of future access to and allowable harvest in this fishery. Future access may be based on historic landings of a vessel or by a person, or other criteria established by the Director.

**(f) Groundfish Endorsement.** After December 31, 2018, any person issued a state-waters groundfish endorsement may be subject to eligibility criteria for determining future access to or participation in this regulated fishery. Such eligibility criteria may include historic landings of a vessel, a person or other criteria to be established by the Director.

7.06: ~~Transfer of~~ Limited Entry Permits

(5) Owner-operator Requirements.

(a) Fish Pot Regulated Fishery Permit Endorsements. All fish pot regulated fishery permit endorsements, are issued to a named individual who shall be the owner-operator of that commercial fishing business. This requirement may be waived by means of a letter of authorization from the Director for: (i) immediate family; ~~or~~ (ii) active military duty; or (iii) **for up to two years for good cause, including death or disability to the permit holder, subject to annual renewal.** In all instances, the performance criteria at 322 CMR 7.06(4)(a)(2) shall be met prior to the request for the a letter of authorization.

~~for up to two years subject to annual renewal in instances of a posthumous transfer or disability to the permit holder provided that performance criteria at 322 CMR 7.06(4)(a)(2) were met prior to the request for a letter of authorization.~~

(b) Groundfish Permit Endorsements. All regulated fishery permit endorsements for state-waters groundfish, issued in accordance with G.L. c. 130 s. 80 and 322 CMR 7.01(4)(a)(2), shall be issued to a named individual who shall be the owner-operator of that commercial fishing business when commercial fishing for groundfish is occurring. This requirement may be waived by means of a letter of authorization from the Director for: (i) immediate family; (ii) active military duty; or (iii) for up to two years for good cause, including death or disability to the permit holder, subject to annual renewal.
