

## Position Description

<b>Position Number: 12</b>
<b>Position Title: GIS Field Data Collector/Wachusett Watershed - DCR</b>
<b>Location: West Boylston, MA</b>
<b>Duration: June 5 – August 18, 2023</b>

### **Brief Description of Internship Position:**

The intern will assist with field collection of drainage structures (culverts, stormdrains, manholes) using a tablet based ArcGis Field Map program. This information will be used to map the hydrology of the Wachusett Watershed.

### **Description of Duties and Responsibilities:**

Locate/verify drainage structures in the field using an ArcGIS Field Map program.

### **Preferred Knowledge and Skills:**

Ability to utilize an iPad in an outdoor setting, sometimes near areas with high vehicular traffic. Familiarity with geography of the Wachusett Watershed (Holden, Paxton, Princeton, Sterling, West Boylston) a plus.

### **Hours per week:**

Negotiable

### **Other relevant information:**

Must have a valid Driver's License.
