Charles D. Baker
Governor

Matthew A. Beaton
Secretary

Mary-Lee King
Interim
Commissioner

January 26, 2015

Honorable Coastal Mayors and Selectboards of the Commonwealth of Massachusetts:

Ladies and Gentlemen:

In accordance with Chapter 130, section 74A of the Massachusetts General Laws (MGL), the Division of Marine Fisheries has determined that the below defined waters of the Commonwealth of Massachusetts will likely no longer meet the requirements for an open status due to anticipated unacceptable water quality resulting from predicted heavy snow fall, storm surge, wind damage and coastal flooding from an extraordinary northeast storm commencing on 1/26/2015.

Therefore, under authority of Massachusetts General Laws, Chapter 130, sections 74A and 75, the below-defined areas are being placed in a "Closed" status to the taking of all Shellfish (including all species of scallop) as of midnight, Monday, January 26, 2015. Digging, harvesting or collecting and/or attempting to dig, harvest or collect shellfish and the possession of shellfish from the below-defined areas is prohibited until further notice.

Under authority of 322 CMR 7.01 (7) all permits issued there under are hereby conditioned to prohibit the taking, selling or possession of shellfish as stated above from the below-defined areas. After the storm, holders of aquaculture licenses under the authority of Chapter 130, Section 57, MGL, may do necessary maintenance/retrieval of their equipment after notifying and with the consent of the local shellfish constable. No shellfish maybe harvested during the closure or removed from the site for culling.

STATUS: CLOSED TO THE TAKING OF ALL SHELLFISH AS DEFINED BELOW

"The waters, flats and all tributaries of the Commonwealth of Massachusetts from the New Hampshire – Massachusetts State Line south to the Rhode Island – Massachusetts State Line out to the State Boundary Line. This includes N1-N28, GBH1-GBH6, MB1-MB14, CCB1-CCB51, OC1-OC10, SC1-SC64, NS1-4, NT1-NT14, V1-V36, E1-E14 and BB1-BB58,

The above-described areas shall remain closed until notification has been received from the Division that the areas have been placed into an open status. For the planning purposes, it is anticipated that areas will remain closed at least through Thursday January 29, 2015.

OVER

Sincerely,

Paul J. Diodati
Director
