515.007: Rights of Applicants and Members

The policies of the MassHealth agency are administered in accordance with federal and state law. Applicants and members must be informed of their rights and responsibilities with respect to MassHealth.

(A) Right to Nondiscrimination and Equal Treatment. The MassHealth agency does not discriminate on the basis of race, color, sex, sexual orientation, religion, national origin, disability, or age in admission or access to, or treatment or employment in, its programs or activities. Grievance procedures for resolution of discrimination complaints are administered and applied by the MassHealth agency's Affirmative Action Office.

(B) Right to Confidentiality. The confidentiality of information obtained by the MassHealth agency during the MassHealth eligibility process is protected in accordance with federal and state regulations. The use and disclosure of information concerning applicants, members, and legally liable third parties is restricted to purposes directly connected to the administration of MassHealth as governed by state and federal law.

(C) Right to Timely Provision of Benefits. Eligible applicants and members have the right to the timely provision of benefits, as defined in 130 CMR 516.000: *MassHealth: The Eligibility Process*.

(D) Right to Information. Persons who inquire about MassHealth, either orally or through a written request, have the right to receive information about medical benefits, coverage type requirements, and their rights and responsibilities as applicants and members of MassHealth.

(E) Right to Apply. Any person, individually or through an authorized representative, has the right, and must be afforded the opportunity without delay, to apply for MassHealth.

(F) Right to Be Assisted by Others

(1) The applicant or member has the right to be accompanied by an appeal representative during the appeal process.

(2) An application for MassHealth may be filed by an authorized representative, including on behalf of a deceased person.

(3) An appeal of a MassHealth decision, including one brought on behalf of a deceased person, may be filed by an appeal representative, as defined in 130 CMR 515.001.

(4) The extent of the authorized representative's and appeal representative's authority to act on behalf of the applicant or member is determined by the applicant or member's delegation of authority, applicable law, or underlying legal document.

(G) Right to Inspect the MassHealth Case File. The applicant or member has the right to inspect information in their MassHealth case file and contest the accuracy of the information. The case file may include electronic records used to determine eligibility.

(I) Right to Interpreter Services. The MassHealth agency will inform applicants and members of the availability of interpreter services. Unless the applicant or member chooses to provide their own interpreter services, the MassHealth agency will provide either telephonic or other interpreter services whenever

- (1) the applicant or member who is seeking assistance from the MassHealth agency has limited English proficiency or sensory impairment and requests interpreter services; or
- (2) the MassHealth agency determines such services are necessary.

(J) Right to a Certificate of Creditable Coverage Upon Termination of MassHealth. The MassHealth agency provides a Certificate of Creditable Coverage to members whose coverage under Standard, CommonHealth, or Family Assistance has ended. The MassHealth agency issues a Certificate to members within one week of their MassHealth termination or within one week of the request for a Certificate, as long as the request is made within 24 months of the MassHealth termination. The Certificate may allow members to waive or reduce the length of preexisting-condition waiting periods when they enroll in a new health plan offered by other insurance. If a member's MassHealth termination also terminates the coverage of their dependents, the dependents are included on the Certificate.

515.008: Responsibilities of Applicants and Members

(A) Responsibility to Cooperate. The applicant or member must cooperate with the MassHealth agency in providing information necessary to establish and maintain eligibility and must comply with all the rules and regulations of MassHealth, including recovery and obtaining or maintaining other health insurance.

(B) Responsibility to Report Changes. The applicant or member must report to the MassHealth agency, within ten days or as soon as possible, changes that may affect eligibility. Such changes include, but are not limited to, income, assets, inheritances, gifts, transfers of and proceeds from the sale of real or personal property, distributions from or transfers into trusts, address, availability of health insurance, immigration status, and third-party liability.

(C) Cooperation with Quality Control. The MassHealth agency may periodically conduct an independent review of eligibility factors in a sampling of case files. When a case file is selected for review, the member must cooperate with the MassHealth agency. Cooperation includes, but is not limited to, a personal interview and the furnishing of requested information. If the member does not cooperate, MassHealth benefits may be terminated.

515.009: Referrals to Investigative Units

Intentional false statements or fraudulent acts made in connection with obtaining medical benefits or payments under MassHealth are punishable under M.G.L. c. 118E, § 39 by fines, imprisonment, or both. 515.011: Estate Recovery

(A) Introduction

- (1) The MassHealth agency will recover the amount of payment for medical benefits correctly paid from the estate of a deceased member. Recovery is limited to payment for all services provided
  - (a) while the member was 65 years of age or older, except on or after October 1, 1993, while the member was 55 years of age or older; and
  - (b) on or after March 22, 1991, while the member, regardless of age, was institutionalized and the MassHealth agency determined that the member could not reasonably be expected to return home.
  - (c) Effective for dates of death on or after December 31, 2016, MassHealth will offset the estate recovery claim by the total of any premiums paid to the MassHealth agency on behalf of the member when the member was 55 years of age or older.
- (2) The estate includes all real and personal property and other assets in the member's probate estate.
- (3) Notwithstanding 130 CMR 515.011(A)(1) and in accordance with 42 U.S.C. 1396p(b)(B), the MassHealth agency will not recover Medicare cost-sharing benefits described at 42 U.S.C. 1396(a)(10)(E) with dates of payment on or after January 1, 2010, for persons who received such benefits under 130 CMR 505.002: *MassHealth Standard*, 505.007: *Medicare Savings Program (MSP, also called Buy-in)*, 130 CMR 519.010: *Medicare Savings Program (MSP)—Qualified Medicare Beneficiaries (QMBs)*, or 130 CMR 519.011: *Medicare Savings Program (MSP)—Specified Low-income Medicare Beneficiaries (SLMBs) and Qualifying Individuals (QIs)*.
  - (a) The date of payment for Medicare cost-sharing deductibles, coinsurance, and copayments is the date the MassHealth agency received the claim.
  - (b) The date of payment for premium payments is the date the MassHealth agency paid the premium.

(B) Exceptions

- (1) Long-term-care Insurance Exception. No recovery for nursing facility or other long-term-care services may be made from the estate of any person who meets the following requirements.
  - (a) The member was institutionalized; and
  - (b) The member notified the MassHealth agency that they had no intent of returning home; and
  - (c) On the date of admission to the long-term-care institution, the member had long-term-care insurance that, when purchased or at any time thereafter, met the requirements of 130 CMR 515.014 and the Division of Insurance regulations at 211 CMR 65.09(1)(e)2.
- (2) Cost Effectiveness Exception. Effective for dates of death on or after May 14, 2021, in probate estates of members where the probate petition certifies under the penalties of perjury that the total assets in a member's estate are valued at \$25,000 or less, MassHealth has determined that it is not cost effective to pursue recovery. In such estates, MassHealth waives its right to recovery and will not file a claim or otherwise pursue recovery. MassHealth reserves the right to file a claim and recover in such estates if probate filings do not sufficiently identify the value of the estate or if later probate filings or proceedings or investigation identify or establish that the total assets in the estate exceed \$25,000.00.

(C) Deferral of Estate Recovery. Recovery will not be required until after the death of a surviving spouse, if any, or while there is a surviving child who is younger than 21 years old or a child of any age who is blind or permanently and totally disabled.

(D) Waiver of Estate Recovery Due to Undue Hardship. The MassHealth agency will waive its estate recovery claim if the agency determines that satisfaction of the claim would cause an undue hardship. An undue hardship does not exist solely because recovery will prevent any heir from receiving an anticipated inheritance. The duly court-appointed personal representative or public administrator of the deceased member's probate estate may apply for a waiver of estate recovery due to undue hardship. The application for a waiver and supporting documents must be received by the MassHealth agency within 60 days of the agency's notice of claim. The types of waiver of estate recovery due to undue hardship are as follows.

(1) Waiver of Estate Recovery Due to Residence and Financial Hardship

(a) For notice of claims presented on or after November 15, 2003, but before May 14, 2021, recovery will be waived if MassHealth determines all of the following conditions have been met.

1. a sale of real property would be required to satisfy a claim against the member's probate estate; and
2. an individual who was using the property as a principal place of residence on the date of the member's death meets all of the following conditions:
  - a. the individual lived in the property on a continual basis for two years prior to the member's admission to an institution, or death, and continues to live in the property at the time the MassHealth agency first presented its claim for recovery against the deceased member's estate;
  - b. the individual has inherited or received an interest in the property from the deceased member's estate as defined in 130 CMR 501.013(A)(2) and 130 CMR 515.011(A)(2);
  - c. the individual is not being forced to sell the property by other devisees or heirs at law; and
  - d. at the time the MassHealth agency first presented its claim for recovery against the deceased member's estate, the gross annual income of the individual's family group was less than or equal to 133% of the applicable federal-poverty-level income standard for the appropriate family size.
3. The waiver will be conditional for a period of two years from the date the MassHealth agency mails notice that the waiver requirements have been met, or from the date that a court of competent jurisdiction determines that the waiver requirements have been met. If, at the end of that period, all circumstances and conditions that must exist for the MassHealth agency to waive recovery still exist, including meeting the same income standards under 130 CMR 515.011(D)(1)(a)2.d., and the real property has not been sold or transferred, the waiver will become permanent and binding. If, at any time during the two-year period, the circumstances and conditions for the waiver no longer exist, including meeting the same income standards under 130 CMR 515.011(D)(1)(a)2.d.; the property is sold or transferred; or the individual does not use the property as their primary residence, the MassHealth agency will be notified and its claim may be payable in full.

---

- (b) For claims presented on or after May 14, 2021, and upon application of a waiver of estate recovery due to residence and undue hardship by the personal representative or public administrator of the estate, MassHealth will waive recovery without a conditional two-year waiting period provided the personal representative or public administrator establishes to the satisfaction of the MassHealth agency that all the criteria for a residence and undue hardship waiver in 130 CMR 515.011(D)(1)(a)1. and 2. are currently met.
- (c) Any waivers arising out of notice of claims presented before May 14, 2021, that did not become permanent and binding pursuant to the two-year conditional requirements set forth in 130 CMR 515.011(D)(1)(a)3., and that had not been satisfied and were still subject to the two-year conditional requirements of 130 CMR 515.011(D)(1)(a)3 as of May 14, 2021, will become permanent and binding.
- (2) Waiver of Estate Recovery Based on Care Provided. For claims presented on or after May 14, 2021, for an heir or devisee inheriting a legal interest in the deceased member's home, the MassHealth agency will waive estate recovery if the agency determines to its satisfaction that all of the following conditions have been met.
- (a) the heir or devisee resided in the member's home on a continual basis for two years prior to the member's death or admission to an institution;
  - (b) during that time, the member needed, and the heir or devisee provided, a level of care that avoided the member's admission to a facility;
  - (c) the heir or devisee continues to live in the property at the time the notice of claim is filed;
  - (d) the heir or devisee was left an interest in the home under the member's will or inherited the property under the laws of intestacy;
  - (e) the heir is not being forced to sell the property by other devisees or heirs; and
  - (f) the property would have to be sold to satisfy the claim.
- (3) Waiver of Estate Recovery Due to Financial Hardship Based on Income
- (a) For claims presented on or after May 14, 2021, the personal representative or public administrator of a member's estate may apply for a waiver of estate recovery due to financial hardship based on the income of an heir or heirs or devisee or devisees. If there are multiple heirs or devisees, the personal representative or public administrator must apply for an income-based waiver separately on behalf of each individual. To be considered a qualifying heir or devisee, the personal representative or public administrator of the estate must establish the following:
    - 1. the qualifying heir or devisee is inheriting an interest in the member's estate under the member's probate estate; and
    - 2. the family group of a qualifying heir or devisee has a gross income below 400% of the federal poverty level for the two-year period prior to the date the notice of claim is filed.
- If MassHealth determines that both conditions have been met, the heir is considered a qualifying heir.
- (b) MassHealth will waive recovery in an amount equal to the value of the qualifying heir's or devisee's interest in the estate up to a maximum of \$50,000 per qualifying heir or devisee. If there is more than one qualifying heir or devisee in an estate, the total amount of the agency's estate recovery claim waived for qualifying heirs or devisees shall be limited to a total of \$100,000.

130 CMR 515.000: MASSHEALTH: GENERAL POLICIES

---

- (c) An estate with qualifying heirs or devisees, regardless of whether there are nonqualifying heirs, will be subject to estate recovery based on the lesser of the following:
1. the value of the estate remaining after deducting the amount waived from the total value of the estate for qualifying heirs and devisees; or
  2. the amount of the MassHealth claim remaining after deducting the amount waived from the total value of the MassHealth claim.

(d) Example 1. The value of the estate is \$400,000 and the MassHealth claim is \$60,000. There are two heirs who qualify for the waiver, each with an interest in the estate of \$50,000 or greater. There are also two heirs who do not qualify. In this example, the waived amount is \$100,000 (50,000 + 50,000). After deducting the \$100,000 waived amount from the estate, there is \$300,000 left in the estate, but after deducting the \$100,000 waived amount from the \$60,000 MassHealth claim, there is nothing left in the MassHealth claim. The result is no estate recovery.

(e) Example 2. The value of the estate is \$350,000 and the MassHealth claim is \$500,000. There are two qualifying heirs, each with an interest in the estate of \$50,000 or greater. There are also two nonqualifying heirs. In this example, the waived amount is \$100,000 (50,000 + 50,000). After deducting the \$100,000 waived amount from the estate, there is \$250,000 left in the estate, and after deducting the \$100,000 waived amount from the \$500,000 MassHealth claim, there is \$400,000 remaining in the MassHealth claim. In this example, MassHealth would recover \$250,000, since it is less than \$400,000.

(E) Outstanding Claims

(1) For claims presented between April 1, 1995 and November 15, 2003, that are still outstanding, recovery will be waived if all requirements under the then-existing MassHealth regulations were met.

(2) For claims presented before April 1, 1995, a waiver for hardship did not exist.

(F) Fair Market Value and Equity Value. If there will be insufficient proceeds from the sale or transfer of the property to satisfy the MassHealth agency's claim in full from a property on which MassHealth has recorded a lien, the fair market value and equity value of all real property that is part of the deceased member's probate estate must be verified prior to the sale or transfer of said property.

(1) The personal representative or public administrator of the probate estate must verify the fair market value by sending to the MassHealth agency a copy of the most recent tax bill or the property tax assessment that was most recently issued by the taxing jurisdiction, provided that this assessment is not one of the following:

- (a) a special-purpose tax assessment;
- (b) based on a fixed-rate-per-acre method; or
- (c) based on an assessment ratio or providing only a range.

(2) The personal representative or public administrator of the probate estate must also provide a comparable market analysis or a written appraisal of the property value from a knowledgeable source. Knowledgeable sources include the following: a licensed real-estate agent or broker; a real-estate appraiser; or an official of a bank, savings and loan association, or similar lending organization. The knowledgeable source must not have any real or apparent conflict-of-interest relationship with the estate.

(3) The MassHealth agency may also obtain an assessment from a knowledgeable source.

- (G) Exemption of Certain Assets from Estate Recovery for American Indians and Alaska Natives
- (1) For notice of claims presented on or after July 1, 2009, and upon application for exemption of certain assets from estate recovery by the personal representative or public administrator of the member's estate, recovery from the following American Indians' and Alaska Natives' income, resources, and property will be waived:
- (a) certain income and resources (such as interests in, and income derived from, tribal land and other resources currently held in trust status and judgment funds from the Indian Claims Commission and the US Claims Court) that are exempt from Medicaid estate recovery by other laws and regulations;
  - (b) ownership interest in trust and non-trust property, including real property and improvements
    1. located on a reservation (any federally recognized Indian tribe's reservation, pueblo, or colony, including former reservations in Oklahoma, Alaska Native regions established by the Alaska Native Claims Settlement Act at 43 U.S.C. Chapter 33, and Indian allotments) or near a reservation as designated and approved by the Bureau of Indian Affairs of the US Department of the Interior; or
    2. for any federally recognized tribe not described in 130 CMR 515.011(G)(1)(b)1., located within the most recent boundaries of a prior federal reservation;
  - (c) income left as a remainder in an estate derived from property protected in 130 CMR 515.011(G)(1)(b), that was either collected by an Indian or by a tribe or tribal organization and distributed to Indians, as long as the individual can clearly trace it as coming from protected property;
  - (d) ownership interests left as a remainder in an estate in rents, leases, royalties, or usage rights related to natural resources, including extraction of natural resources or harvesting of timber, other plants and plant products, animals, fish, or fish products, resulting from the exercise of federally protected rights and income either collected by an Indian or by a tribe or tribal organization and distributed to Indians derived from these sources as long as the individual can clearly trace it as coming from protected sources; or
  - (e) ownership interests in or usage rights to items not covered by 130 CMR 515.011(G)(1)(a) through (d) that have unique religious, spiritual, traditional, or cultural significance, or rights that support subsistence or a traditional lifestyle according to applicable tribal law or custom.
- (2) Protection of non-trust property described in 130 CMR 515.011(G)(1) is limited to circumstances when it passes from an Indian, as defined in the Indian Health Care Improvement Act at 25 U.S.C. c. 18, § 4, to one or more relatives (by blood, adoption, or marriage), including Indians not enrolled as members of a tribe and non-Indians, such as spouses or stepchildren, whom their culture would nevertheless protect as family members, to a tribe or tribal organization, or to one or more Indians.

515.012: Real Estate Liens

- (A) Liens. A real estate lien enables the MassHealth agency to recover the cost of medical benefits paid or to be paid on behalf of a member. Before the death of a member, the MassHealth agency will place a lien against any property in which the member has a legal interest, subject to the following conditions:
- (1) per court order or judgment; or

---

- (2) without a court order or judgment, if all of the following requirements are met:
- (a) the member is an inpatient receiving long-term or chronic care in a nursing facility or other medical institution;
  - (b) none of the following relatives lives in the property:
    - 1. a spouse;
    - 2. a child younger than 21 years old, or a blind or permanently and totally disabled child; or
    - 3. a sibling who has a legal interest in the property and has been living in the house for at least one year before the member's admission to the medical institution;
  - (c) the MassHealth agency determines that the member cannot reasonably be expected to be discharged from the medical institution and return home; and
  - (d) the member has received notice of the MassHealth determination that the above conditions have been met and that a lien will be placed. The notice includes the member's right to a fair hearing.

(B) Recovery. If property against which the MassHealth agency has placed a lien under 130 CMR 515.012(A) is sold, the MassHealth agency may recover all payment for services provided on or after April 1, 1995. This provision does not limit the MassHealth agency's ability to recover from the member's estate in accordance with 130 CMR 515.011.

(C) Exception. No recovery for nursing-facility or other long-term-care services may be made under 130 CMR 515.012(B) if the member

- (1) was institutionalized;
- (2) notified the MassHealth agency that they had no intention of returning home; and
- (3) on the date of admission to a long-term-care institution, had long-term-care insurance that, when purchased or at any time thereafter, met the requirements of 130 CMR 515.014 and the Division of Insurance regulations at 211 CMR 65.09(1)(e)2.

(D) Repayment Deferred

- (1) In the case of a lien on a member's home, repayment under 130 CMR 515.012 is not required while any of the following relatives are still lawfully living in the property:
  - (a) a sibling who has been living in the property for at least one year before the member's admission to the nursing facility or other medical institution; or
  - (b) a son or daughter who
    - 1. has been living in the property for at least two years immediately before the member was admitted to a nursing facility or other medical institution;
    - 2. establishes to the satisfaction of the MassHealth agency that they provided care that permitted the parent to live at home during the two-year period before institutionalization; and
    - 3. has lived lawfully in the property on a continual basis while the parent has been in the institution.
- (2) Repayment from the estate of a member that would otherwise be recoverable under any regulation is still required even if the relatives described in 130 CMR 515.012(D) are still living in the property.

(E) Dissolution. The MassHealth agency will discharge a lien placed against property under 130 CMR 515.012(A) if the member is released from the medical institution and returns home.

---

(F) Verification. The applicant or member must cooperate in providing verification as to whether the conditions under 130 CMR 515.012(A) exist and in providing any information necessary for the MassHealth agency to place a lien.

(G) Recording Fee. The MassHealth agency is not required to pay a recording fee for filing a notice of lien or encumbrance or for a release or discharge of a lien or encumbrance under 130 CMR 515.012.

515.013: Voter Registration

(A) Voter registration forms are available through the MassHealth agency to applicants and members who are

- (1) US citizens; and

(B) Applicants and members are

- (2) offered assistance in completing the voter registration application form, unless such assistance is refused; and
- (3) able to submit voter registration forms to the MassHealth agency for transmittal to the proper election offices.

(C) MassHealth agency staff members must not

- (1) seek to influence an applicant's or member's political preference or party registration;
- (2) display any political preference or party allegiance to the applicant or member;
- (3) make any statement to an applicant or member or take any action intended to influence the applicant's or member's decision regarding voter registration; or
- (4) make any statement to an applicant or member or take any action intended to lead the applicant or member to believe that the decision to register or not has any bearing on the availability of services or benefits.

(D) Completed voter registration application forms that are submitted to the MassHealth agency are transmitted to the proper local election office for processing within five days of receipt.

515.014: Long-term-care Insurance Minimum Coverage Requirements for MassHealth Exemptions

For purposes of the financial eligibility exemption under 130 CMR 520.007(G)(7)(d), concerning treatment of the former home as an asset, and the exemption under 130 CMR 515.011(B) and 515.012(C), concerning repayment of assistance provided for nursing facility and other long-term-care services (hereafter collectively referred to as "MassHealth exemptions"), a long-term-care insurance policy must provide certain minimum coverage requirements as determined by the Division of Insurance.

(A) Under Division of Insurance regulations at 211 CMR 65.09(1)(e)2., to qualify for the MassHealth exemptions, an individual must be a covered person under an individual, group, or employment-based group policy issued on or after March 15, 1999, that meets the individual policy minimum standards of 211 CMR 65.05: *Minimum Standards for Individual Policies* and all of the following requirements.

- (1) Scope of Benefits. The policy must cover nursing and custodial care in a nursing facility licensed by the Department of Public Health.
- (2) Daily Dollar Benefits. The policy must have available benefits of at least \$125 per coverage day in a nursing facility, except where the actual expense incurred is less, regardless of whether accrued benefits are measured in terms of days or dollar amount.
- (3) Nursing Facility Coverage Days: Lifetime Benefit Period. The policy must have benefits available sufficient to cover at least 730 days in a nursing facility.
- (4) Elimination Period. No policy may have an elimination period (days on which services are provided to an insured before the policy begins to pay benefits) longer than 365 days in a nursing facility. The application of more than one elimination period is not allowed, unless the insured has received no benefits for a period of at least 180 consecutive days. In lieu of an elimination period, the policy may have a deductible of no more than \$54,750.

(B) All policies issued prior to March 15, 1999, need only comply with the minimum standards of 211 CMR 65.05: *Minimum Standards for Individual Policies*, and the limitations and exclusion provision of 211 CMR 65.06: *Mandatory Benefit Offers for Individual Policies*, which were effective from April 1, 1989, through September 2, 1999.

- (1) was institutionalized;
- (2) notified the MassHealth agency that they had no intention of returning home; and
- (3) on the date of admission to a long-term-care institution, had long-term-care insurance that, when purchased or at any time thereafter, met the requirements of 130 CMR 515.014 and the Division of Insurance regulations at 211 CMR 65.09(1)(e)2.

(B) Limitations

(1) Reimbursement is limited to bills incurred on or after the coverage start date for the applicable coverage type as described in 130 CMR 519.000: *MassHealth: Coverage Types* and paid between the date of the erroneous eligibility decision and the date on which the member is notified of MassHealth eligibility. The bill must have been paid by the member, the member's spouse, the parent of a member, or a legal guardian.

(2) Reimbursement is also limited to amounts actually paid for care or services that would have been covered under MassHealth had eligibility been determined correctly, even if these amounts exceed the MassHealth rate. Before reimbursing a member for care or services that would have required prior authorization, MassHealth may require submission of medical evidence for consideration under the prior-authorization standards. Reimbursement is available even if the medical care or services were furnished by a provider who does not participate in MassHealth.

(C) Verification

(1) Applicants or members seeking reimbursement must provide MassHealth with

(a) a bill for medical services that includes

1. the provider's name;
2. a description of the services provided; and
3. the date the service was provided; and

(b) proof of payment of the bill presented, such as a canceled check or receipt.

(2) Recipients of SSI must also provide documents from the SSA establishing the date of application and the date of application denial.
