BOSTON:

WRIGHT & POTTER, STATE PRINTERS,

1872.

Commonwealth of Massachusetts.

AUDITOR'S DEPARTMENT, BOSTON, January 13, 1872.

HON JOHN E. SANFORD, *Speaker of the House of Representatives.*

SIR:—I have the honor to transmit herewith, the Twenty-Third Annual Report of the Auditor of the Commonwealth, for the year ending December 31, 1871.

Very respectfully,

CHAS. ENDICOTT,
Auditor.

the cause of such balance. The report shall likewise state whether the ordinary expenses of the year have exceeded the income, or the contrary, and show the amount of balance.

"It shall be the duty of the Auditor to include in his report the items of all accounts of expenditures, so far as they may be useful or interesting to the people of the Commonwealth; and in particular, so far as may be practicable, the various heads of expenditure shall be separated, so as to show the different officers or boards under whose directions the several portions of the expenditure have been incurred; all salaries and other general charges shall likewise be separated so as to show the different classes of officers who receive the several portions of the expenditure; and no expenditure exceeding five hundred dollars shall be included under any indefinite head if it be composed of separate items.

"The Auditor's Report shall annually contain a particular statement of the transactions of the funds belonging to, or held in trust by, the Commonwealth, including new investments of any portion of said funds, which may have been made during the preceding year, and also of the manner in which the moiety of the income of the school fund applicable to educational purposes has been disbursed.

"The Auditor shall also include in his report an estimate for the current year of the ordinary revenue of the Commonwealth, and of such other means as he may be able to point out for the defraying of expenditures."

The Summary Statement which follows, shows the receipts into and payments from the treasury during the year, being for and on account of the year 1871, and previous years. The payments, therefore, it may be remarked, do not include the entire expenses of the year 1871; for the expenses properly belonging to the year, in detail, see Statement No. IX.
