## Commonwealth of Massachusetts.

---

AUDITOR'S DEPARTMENT, BOSTON, January 14, 1875.

Hon. JOHN E. SANFORD, *Speaker of the House of Representatives.*

SIR:—I have the honor to transmit herewith the Twenty-Sixth Annual Report of this Department, for the year ended December 31, 1874.

Very respectfully,

CHAS. ENDICOTT,  
*Auditor.*

## Commonwealth of Massachusetts.

---

AUDITOR'S DEPARTMENT, BOSTON, January 14, 1875.

*To the Honorable Senate and House of Representatives.*

I have the honor to present the Twenty-Sixth Annual Report of this Department, for the year ended December 31, 1874.

The statutes pertaining to the matter and form of the Auditor's Report, which seem to be essential to a full understanding of the same, are as follows :—

“The annual report of the Auditor shall contain a summary statement of the receipts into and payments from the treasury of the Commonwealth for the preceding year ; also a detailed and particular statement of the receipts and expenditures belonging to each year ; said detailed statement of expenditures to include, first, the expense incurred during the year for the support of all permanent departments, services and institutions ; and, second, all special and exceptional charges, incurred for objects ordered within the year, the account being constructed in such manner as to show the expenditures actually incurred within the year, as far as can be ascertained, whether the same have been paid during the year, or whether the whole or part thereof remain unpaid at the close of the year.

“The Auditor's Report in each year shall show the aggregate amount of funded debt at the beginning and end of the year respectively, the balance of increase or decrease, and a statement of the cause of such balance ; and in like manner shall show the aggregate amount of all temporary loans at the beginning and end of the year, the balance of increase or decrease, and a statement of the cause of such balance. The report shall likewise state whether the ordinary expenses of the year have exceeded the income, or the contrary, and show the amount of balance.

[Jan.

1875.]

"It shall be the duty of the Auditor to include in his report the items of all accounts of expenditures, so far as they may be useful or interesting to the people of the Commonwealth; and in particular, so far as may be practicable, the various heads of expenditure shall be separated, so as to show the different officers or boards under whose directions the several portions of the expenditure have been incurred; all salaries, and other general charges, shall likewise be separated, so as to show the different classes of officers who receive the several portions of the expenditure; and no expenditure exceeding five hundred dollars shall be included under any indefinite head, if it be composed of separate items.

"The Auditor's Report shall annually contain a particular statement of the transactions of the funds belonging to, or held in trust by, the Commonwealth, including new investments of any portion of said funds, which may have been made during the preceding year, and also of the manner in which the moiety of the income of the school fund, applicable to educational purposes, has been disbursed.

"The Auditor shall also include in his report an estimate, for the current year, of the ordinary revenue of the Commonwealth, and of such other means as he may be able to point out, for the defraying of expenditures."

The following Summary Statement shows the entire receipts into and payments from the treasury during the year. For the actual expenditures properly belonging to the year 1874, so far as the same have been ascertained, reference must be had to Statement No. IX.

These estimates are based upon existing laws, and do not embrace any new grants or expenditures that may be made or authorized by the present legislature; nor have I made any estimate for carrying on the work of constructing the new hospital buildings at Worcester; because, in the appropriations heretofore made for that purpose, it was provided that all payments should be refunded to the revenue from the sales of the old hospital lands. But few sales have yet been effected, so that the payments thus far made have exceeded the cash receipts from sales by the sum of \$334,591.72.

The net receipts from Corporation taxes will not vary much from \$327,000; and, from the National Bank tax, \$211,000.

A tax of two and a quarter millions of dollars will probably be required to meet the expenditures of the year, and provide the treasury with cash sufficient for the demands that will be

made upon it in the early part of the year succeeding, thereby saving the necessity of a resort to the expedient of a temporary loan.

#### NEW HOSPITAL AT DANVERS.

Six hundred and fifty thousand dollars of the scrip authorized for the erection of the new hospital at Danvers, has been negotiated during the past year, leaving unissued the \$250,000 authorized by chapter 203 of the Acts of 1874. The payments made to January 1st, on this account, amount to \$146,295.05.

#### NEW STATE PRISON AND REFORMATORY PRISON FOR WOMEN.

None of the scrip authorized for these prisons has yet been negotiated. The expenditures already made on account of the new State prison, for land and expenses of the commission, amount to \$21,374.85.

#### BOSTON HARBOR IMPROVEMENT.

The authorized loan of \$400,000 (chapter 320, 1872) has been negotiated during the past year, and the amount expended to January 1st, is \$148,826.95.

#### TROY AND GREENFIELD RAILROAD AND HOOSAC TUNNEL.

The balance of the sterling scrip,—£35,000,—equal to \$169,400, unsold January 1, 1874, has been disposed of; as also the loan of \$300,000 authorized by chapter 365 of the Acts of the year 1874.
