D.P.U. 19-DS-0630

Mr. Gerrard McCarthy
Verizon
15 Enterprise Street
Dorchester, MA 02125

Dear Mr. McCarthy,

This Notice of Probable Violation ("NOPV") has important information that affects your company's legal rights. Please read the entire letter carefully

Based on information submitted to the Pipeline Safety Division ("Division") of the Department of Public Utilities ("Department"), the Division has reason to believe that Verizon ("Respondent") may have violated the applicable provisions of G.L. c. 82, §§ 40 through 40E ("Dig Safe Law") or 220 CMR 99.00 ("Dig Safe Regulations"), or both, with respect to a properly tendered Dig Safe notice submitted by KJS LLC prior to an excavation that occurred on September 16, 2019, at [REDACTED] Plymouth,

Massachusetts. Respondent may have also violated the federal damage prevention code, 49 C.F.R. § 192.614, if applicable.

Specifically, the Division has reason to believe that Respondent failed to designate the location of the underground facilities within 72 hours of receiving notification, as required by the Dig Safe Law, G.L. c. 82, § 40B and 220 CMR 99.06(1), and failed to report a suspected violation of the Dig Safe Law to the Department within 30 days of learning of the circumstances, as required by 220 CMR 99.07(10). If the violation report regarding this incident has not been included with this NOPV, it is available for review upon request.

A violation relating to a natural gas pipeline facility is subject to a civil penalty of not more than \$200,000 each day, up to a maximum civil penalty of \$2,000,000 for a related series of violations. 49 U.S.C. § 60122(a)(1); G.L. c. 164, § 105A; 220 CMR 99.14(1). A violation relating to any other underground facility is subject to a civil penalty of \$1,000 for a first offense, and between \$5,000 and \$10,000 for any subsequent offense within twelve consecutive months. G.L. c. 82, § 40E; 220 CMR 99.14(2). In determining the amount of the civil penalty, the Division shall consider the following criteria, pursuant to 220 CMR 99.14(3): (a) the nature, circumstances, and gravity of the violation, including adverse impact on the environment; (b) the degree of Respondent's culpability; (c) Respondent's history of prior offenses; (d) any good faith by Respondent in attempting to achieve compliance after notification of a violation; (e) the effect on Respondent's ability to continue in business; (f) the economic benefit gained from violation, if readily ascertainable,

without any reduction because of subsequent damages; and (g) such other matters as justice may require.

In the present matter, the Division has reviewed the circumstances of the allegations and is prepared to resolve this matter upon Respondent's agreement to the terms in the attached Consent Order and payment of a civil penalty in the amount of **\$7,000**. This penalty is due to the Respondent having two confirmed violations of G.L. c. 82, § 40B in the previous twelve months and that this incident was not reported to the department.

To resolve this matter, Respondent must respond to the Division in one of the following ways.

1. Consent Order and Payment: To resolve this matter without disputing the alleged violations, Respondent or a duly authorized representative must sign and return the enclosed Consent Order to the Division **within 30 days of the date of this NOPV**, along with a check or money order for **\$7,000** made payable to the Commonwealth of Massachusetts. 220 CMR 99.09(2)(a). **Respondent should also inform the Division at (617) 305-3570 or DPU.DamagePrevention@mass.gov that the Consent Order and payment have been mailed.**
2. Response to NOPV: Because of the circumstances surrounding the COVID-19 outbreak in Massachusetts, the Division is encouraging all parties to provide a **substantive written response by email** to DPU.DamagePrevention@mass.gov **within 30 days of the date of this NOPV**. This reply must be signed by Respondent or a duly authorized representative, and it must include a complete statement of all relevant facts and any relevant documents. 220 CMR 99.09(2)(b). The statement may include an explanation of the reasons for disputing the allegations, a complete description of the markings provided, and any additional evidence such as photos, maps, work orders, emails, correspondence, or witness statements.

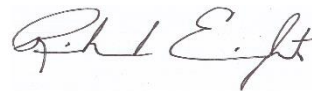

If Respondent is unable to provide a substantive written reply by email or requires an informal conference, please contact us **within ten business days of the date of this NOPV** at (617) 305-3570 or

DPU.DamagePrevention@mass.gov. We will make every effort to provide reasonable accommodations.

Failure to respond to this NOPV constitutes a waiver of Respondent's right to contest the allegations and authorizes the Department, without further notice to Respondent, to find the facts to be as alleged in the NOPV and to issue a remedial order finding Respondent to have violated the law and liable to pay the civil penalty. 220 CMR 99.09(4).

If you have any questions concerning this notice, please direct your inquiries to Ms. Vanessa Do Arcovio at (617) 305-3570 or DPU.DamagePrevention@mass.gov. As noted, all written responses should be emailed to DPU.DamagePrevention@mass.gov. We look forward to hearing from you.

Very truly yours,
