**DIG SAFE  
NOTICE OF PROBABLE VIOLATION**

CERTIFIED MAIL - RETURN RECEIPT REQUESTED

August 28, 2020

D.P.U. 20-DS-0503I

Newport Construction  
145 Temple Street  
Nashua, NH 03060

To Whom It May Concern:

*This Notice of Probable Violation ("NOPV") has important information that affects you or your company's legal rights. Please read the entire letter carefully and have it translated if necessary.*

Based on information submitted to the Pipeline Safety Division ("Division") of the Department of Public Utilities ("Department"), the Division has reason to believe that on or about August 18, 2020, Newport Construction ("Respondent") performed an excavation at [REDACTED] Lawrence, Massachusetts, without complying with the applicable provisions of G.L. c. 82, §§ 40 through 40E ("Dig Safe Law") or 220 CMR 99.00 ("Dig Safe Regulations"), or both.

Based on a report submitted by Columbia Gas of Massachusetts, the Division has reason to believe that Respondent failed to call for a new Dig Safe ticket after 30 calendar days as required by

220 CMR 99.07(2). If the violation report regarding this incident has not been included with this NOPV, it is available for review upon request.

A violation relating to a natural gas pipeline facility is subject to a civil penalty of not more than \$200,000 each day, up to a maximum civil penalty of \$2,000,000 for a related series of violations. 49 U.S.C. § 60122(a)(1); G.L. c. 164, § 105A; 220 CMR 99.14(1). A violation relating to any other underground facility is subject to a civil penalty of \$1,000 for a first offense, and between \$5,000 and \$10,000 for any subsequent offense within twelve consecutive months. G.L. c. 82, § 40E; 220 CMR 99.14(2). In determining the amount of the civil penalty, the Division shall consider the following criteria, pursuant to 220 CMR 99.14(3): (a) the nature, circumstances, and gravity of the violation, including adverse impact on the environment; (b) the degree of Respondent's culpability; (c) Respondent's history of prior offenses; (d) any good faith by Respondent in attempting to achieve compliance after notification of a violation; (e) the effect on Respondent's ability to continue in business; (f) the economic benefit gained from violation, if readily ascertainable, without any reduction because of subsequent damages; and (g) such other matters as justice may require.

In the present matter, the Division has reviewed the circumstances of the allegations and is prepared to resolve this matter upon Respondent's agreement to the terms in the attached Consent Order and payment of a civil penalty in the amount of **\$8,000**. This penalty is due, in part, to this being a subsequent offense occurring within twelve consecutive months of a prior offense. Specifically, this is the fourth occurrence in one week involving Respondent's excavating on an expired Dig Safe ticket, with the prior three resulting in damage to gas facilities. In this case, damage was avoided because a Division inspector arrived at the scene and shut down the excavation upon finding that it was

continuing under an expired Dig Safe ticket. The Division inspector further explained the Dig Safe law/regulations to Respondent and directed Respondent not to continue any excavations without a valid Dig Safe ticket.

To resolve this matter, Respondent must respond to the Division in one of the following ways.

1. Consent Order and Payment: To resolve this matter without disputing the alleged violations, Respondent or a duly authorized representative must sign and return the enclosed Consent Order to the Division **within 30 days of the date of this NOPV**, along with a check or money order for **\$8,000** made payable to the Commonwealth of Massachusetts. 220 CMR 99.09(2)(a). **Respondent should also inform the Division at (617) 305-3570 or DPU.DamagePrevention@mass.gov that the Consent Order and payment have been mailed.**
2. Response to NOPV: Because of the circumstances surrounding the COVID-19 outbreak in Massachusetts, the Division is encouraging all parties to provide a **substantive written response by email** to DPU.DamagePrevention@mass.gov **within 30 days of the date of this NOPV**. This reply must be signed by Respondent or a duly authorized representative, and it must include a complete statement of all relevant facts and any relevant documents. 220 CMR 99.09(2)(b). The statement may include an explanation of the reasons for disputing the allegations, a complete description of the markings provided, and any additional evidence such as photos, maps, work orders, emails, correspondence, or witness statements.

If Respondent is unable to provide a substantive written reply by email or requires an informal conference, please contact us **within ten business days of the date of this NOPV** at (617) 305-3570 or DPU.DamagePrevention@mass.gov. We will make every effort to provide reasonable accommodations.

Failure to respond to this NOPV constitutes a waiver of Respondent's right to contest the allegations and authorizes the Department, without further notice to Respondent, to find the facts to be as alleged in the NOPV and to issue a remedial order finding Respondent to have violated the law and liable to pay the civil penalty. 220 CMR 99.09(4).

If you have any questions concerning this notice, please direct your inquiries to Janine D'Amico Vargas at (617) 305-3570 or [DPU.DamagePrevention@mass.gov](mailto:DPU.DamagePrevention@mass.gov). As noted, all written responses should be emailed to [DPU.DamagePrevention@mass.gov](mailto:DPU.DamagePrevention@mass.gov). We look forward to hearing from you.

Very truly yours,
