2011 Instructions for Massachusetts Partnership Return **Form 3**

Includes Schedule 3K-1 Instructions

General Instructions

This booklet contains the instructions needed for completing your Massachusetts partnership return. The Massachusetts Schedule 3K-1 parallels federal Schedule K-1, which gathers information on each partner separately.

The instructions are divided into two sections designed to lead you through the form and answer your questions along the way.

The first section — **General Instructions** — answers commonly asked questions such as, “How Is a Partnership Taxed?”

The second section — **Specific Instructions** — provides information on each part of Form 3 and Schedule 3K-1.

New Current Code Provision

As a general rule, Massachusetts will not adopt any federal tax law changes incorporated into the Code after January 1, 2005. However, certain specific provisions of the personal income tax automatically adopt the current Code. Effective for tax years on or after January 1, 2010, a new current Code provision has been adopted. See TIRs 98-8, 02-11, 07-4 and 09-21 for further details on Massachusetts’ personal income tax current Code provisions.

For a full discussion of 2011 major tax changes, see the Form 1 instructions. These are available in the Form 1 booklet or online at DOR’s website www.mass.gov/dor.

New Requirements for Partnerships

For tax years beginning on or after January 1, 2009, pass-through entities, including partnerships, have new filing obligations with regard to their non-resident partners or members. A partnership is required to determine which of its partners are non-residents, and to ascertain how its non-resident partners will be complying with their Massachusetts filing obligation. A partnership must withhold Massachusetts tax on the distributive share of any partner that does not certify to the partnership that the partner will be meeting its tax obligation in some other manner. For more information on how to comply with the withholding obligation, see the Guide for Pass-Through Entities.

Guaranteed Payments to Partners

Guaranteed payments made to non-resident partners are apportioned as ordinary income of the partnership.

Privacy Act Notice

Under the authority of 42 U.S.C. sec. 405(c)(2)(C)(i), and M.G.L. c. 62C, sec. 5, the Department of Revenue has the right to require an individual to furnish his or her Social Security number on a state tax return. This information is mandatory. The Department of Revenue uses Social Security numbers for taxpayer identification to assist in processing and keeping track of returns and in determining and collecting the proper amount of tax due. Under M.G.L. c. 62C, sec. 40, the taxpayer’s identifying number is required to process a refund of overpaid taxes. Although tax return information is generally confidential pursuant to M.G.L. c. 62C, sec. 21, the Department of Revenue may disclose return information to other taxing authorities and those entities specified in M.G.L. c. 62C, secs. 21, 22 or 23, and as otherwise authorized by law.

When Must a Partnership File a Return?

A Massachusetts partnership return, Form 3, must be filed if the partnership meets either of the following criteria:

- has a usual place of business in Massachusetts; or
- receives federal gross income of more than \$100 during the taxable year that is subject to Massachusetts taxation jurisdiction under the U.S. Constitution.

How Is a Partnership Taxed?

A partnership is not directly subject to income tax. Instead, each partner is taxed on the partner’s share of the partnership income, whether distributed or not. Form 3 is a legally required informational return under Massachusetts General Laws, Ch. 62C, and subject to penalty for late filing.

How Does Schedule 3K-1 Work?

Schedule 3K-1 is designed to allow the partnership to report each partner’s distributive share of partnership income separately.

How Does Each Partner Report Partnership Income?

Each partner must report the partner’s distributive share of each item of partnership income during the taxable year on the partner’s Massachusetts tax return. The following table shows which return should be filed by each type of partner:

<i>Type of partner</i>	<i>Form to file</i>
<i>Full-year resident individual</i>	<i>1</i>
<i>Nonresident/part-year resident individual</i>	<i>1-NR/PY</i>
<i>Trust or estate</i>	<i>2</i>
<i>Domestic or foreign corporation</i>	<i>355</i>
<i>Domestic or foreign corporation</i> <i>(part of a Massachusetts combined report)</i>	<i>355U</i>
<i>Domestic or foreign S corporation</i>	<i>355S</i>

Each **nonresident partner** must report the partner’s distributive share of partnership income from any of the following categories:

- income derived from or connected with the partnership business carried on in Massachusetts;
- income from the ownership of any interest in real or tangible personal property located in Massachusetts; or
- interest, dividends, annuities and capital gains from property employed in the partnership business carried on in Massachusetts.

Note: A nonresident limited partner of a limited partnership engaged exclusively in buying, selling, dealing in or holding securities on its own behalf and not as a broker is not subject to tax on income from such partnership.

Qualified electing nonresident partners may participate in a composite tax return as defined in the Nonresident Regulation 830 CMR 62.5A.1(12)(f). A composite return is filed electronically on a Form NRCR.

What is Massachusetts Gross Income?

Massachusetts Gross Income is divided into three classes: Part B is taxed at 5.3%, Part A is taxed at 5.3% and 12% and Part C is taxed at 5.3%.

Part B income:

- Gross receipts from sales;
- Ordinary income or loss from other partnerships excluding all interest (other than interest from Massachusetts banks) and dividends;
- Ordinary income or loss from trusts and estates not subject to Massachusetts taxation;
- Royalty income or loss;
- Income from REMIC residual interest;
- Rental income or loss;
- Massachusetts bank interest; and
- Other income taxed at 5.3% (see Form 1 instructions).

Part A income:

- Interest other than from Massachusetts banks (taxed at 5.3%);
- Dividends (taxed at 5.3%);
- Short-term capital gains and losses (taxed at 12%);
- Gains and losses on the sale, exchange or involuntary conversion of property used in a trade or business and held for one year or less (taxed at 12%); and
- Long-term gains on collectibles and pre-1996 installment sales classified as capital gain income for Mass. purposes (taxed at 12%).

Part C income:

- Long-term capital gains and losses excluding long-term gains on collectibles; and
- Losses on the sale, exchange or involuntary conversion of property used in a trade or business and held for more than one year.

Note: Massachusetts gross income does **not** include interest on obligations of the U.S. or Mass. and its political sub-divisions.

Are There Differences Between Massachusetts Tax Law and the Internal Revenue Code Provisions Affecting Partnerships?

Yes. There are a number of differences between Massachusetts and U.S. personal income tax law. For Massachusetts tax purposes, a partnership is allowed only those expense deductions that an individually owned business is allowed. Deductions that are itemized by an individual on Schedule A of U.S. Form 1040 are not generally allowed. The deduction for a net operating loss carryover or carryback is not allowed to the partnership nor to an individual under Massachusetts income tax law. Explanations of these differences are provided in the appropriate lines and in the Forms 1 and 1-NR/PY instructions.

Massachusetts depreciation has been decoupled from the federal "bonus" depreciation law. For Massachusetts purposes, for taxable years ending after September 10, 2001, depreciation is to be claimed on all assets, regardless of when they are placed in service, using the method used for federal income tax purposes prior to the enactment of sec. 168(k). For more information see TIR 02-11 and TIR 03-25.

Form 3 and Schedule 3K-1 isolate income and deduction items in order to produce the correct Massachusetts partnership total as well as each partner's correct Massachusetts distributive share. These amounts sometimes differ from those reported on U.S. Form 1065, Schedule K-1.

When and Where Must a Partnership Return Be Filed?

A partnership return is due on or before the 15th day of the fourth month after the close of the partnership's taxable year, calendar or fiscal. If the partnership was dissolved or reorganized during the taxable year, Form 3 must be filed to reflect partnership activity as of the date of dissolution or reorganization. Form 3 must be signed by one of the general partners.

Note: If the return is for a fiscal year, the partnership should file using the tax form for the calendar year within which the fiscal year began. If the return is for a short tax year, the partnership should file according to the rules announced in TIR 11-12.

Mail partnership return to: **Massachusetts Department of Revenue, PO Box 7017, Boston, MA 02204.**

What is the Penalty for Filing a Late Return?

A \$5 per day penalty may be imposed for failure to file a partnership return on time.

Technical Termination

Fill in the oval if this form is being filed for the tax period ending on the date a technical termination has occurred under I.R.C. section 708.

Schedule TDS — Inconsistent Filing Position Penalty

Fill in the oval and attach Schedule TDS, Taxpayer Disclosure Statement, if you are disclosing any inconsistent filing positions. Schedule TDS is available on our website at www.mass.gov/dor. The inconsistent filing position penalty (see TIR 06-5, section IV) applies to taxpayers that take an inconsistent position in reporting income. These taxpayers must “disclose the inconsistency” when filing their Massachusetts return. If such inconsistency is not disclosed, the taxpayer will be subject to a penalty equal to the amount of tax attributable to the inconsistency. This penalty is in addition to any other penalties that may apply.

A taxpayer is deemed to have taken an “inconsistent position” when the taxpayer pays less tax in Massachusetts based upon an interpretation of Massachusetts law that differs from the position taken by the taxpayer in another state where the taxpayer files a return and the governing law in that other state “is the same in all material respects” as the Massachusetts law. The Commissioner may waive or abate the penalty if the inconsistency or failure to disclose was attributable to reasonable cause and not willful neglect.

Member of a Lower-Tier Entity

A tiered structure is a pass-through entity that has a pass-through entity as a member. (The term “pass-through entity” refers to an entity whose income, loss, deductions and credits flow through to members for Massachusetts tax purposes, and includes all entities treated as partnerships under Massachusetts tax law. The term “member” includes a partner in a partnership and a member of a limited liability company treated as a partnership in Massachusetts.) As between two entities, the pass-through entity that is a member is the upper-tier entity, and the entity of which it is a member is the lower-tier entity. If the partnership is a member of another pass-through entity, it should answer “Yes” to this question.

Investment Partnership as Defined in the Pass-Through Entity Withholding Regulation

An investment partnership, as defined in the Pass-Through Entity Withholding regulation, meets the following criteria: (a) substantially all of the partnership’s assets consist of investment securities, deposits at banks or other financial institutions, or office equipment and office space reasonably necessary to carry on the activities of an investment partnership; (b) substantially all of the partnership’s income is from interest, dividends, and capital gains; and (c) the partnership is not engaged in a trade or business in Massachusetts. A partner-

ship that invests only in so-defined investment partnerships and has no other Massachusetts-source income may also fill in the “Yes” oval. Partnerships that meet these criteria are not required to withhold on their partners. See 830 CMR 62B.2.2(3)(b).

Electing Large Partnerships

If a partnership is filing U.S. Form 1065-B, U.S. Return of Income for Electing Large Partnerships, enter amounts from the lines on Form 1065-B corresponding to the line references from U.S. Form 1065. If there is no equivalent U.S. Form 1065-B line reference, enter the requested amount as if it had been reported on U.S. Form 1065.

Partnership Income

If a partnership is made up entirely of **corporate partners**, the partnership need not complete Form 3, pages 2 and 3. The partnership, however, must complete Form 3, page 1 and, if applicable, page 4, and Schedule 3K-1, lines 21 through 35 (see instructions for Income Apportionment). The partnership must also attach U.S. Form 1065 and all schedules, including K-1s.

E-File Mandate

Partnerships that filed electronically last year, or those with more than \$50,000 in gross income, sales or receipts or those that received \$100,000 from the sale of stock must file electronically. Partnerships with 25 or more partners must also file electronically. Complete the following worksheet to determine if you meet the E-File threshold.

In addition, you must file electronically unless all of your members are resident individuals. You must also file electronically if you are withholding on a member’s distributive share or if you receive distributive share upon which a lower-tier entity has paid withholding or estimated taxes.

Income Apportionment Schedule

Part III should be completed only if all three of the following conditions are met: (a) there is one or more corporate or nonresident individual partners; (b) there is any income from business activity or ownership of any interest in real or tangible property in another state; (c) such business activities provide the other state the jurisdiction to levy an income or franchise tax.

The total partnership income is apportioned using the three-factor formula provided in Massachusetts General Laws Ch. 63, sec. 38(c). For more information regarding the apportionment of income, see Regulation 830 CMR 63.38.1 which is available on DOR's website at www.mass.gov/dor.

The partnership should provide each corporate partner or corporate trust partner with the applicable apportionment factors to be used in completing Schedule F of the applicable corporate form.

Line 42. Tangible Property

42a. For tax purposes, average value is based on original cost and is determined by averaging the property values at the beginning and end of the taxable year. If substantial changes occur during the taxable year, the Commissioner may require monthly averaging to properly reflect the average value of the property.

42b. Property rented is valued at eight times the annual rental rate less any sub-rentals received.

Line 43. Payroll

Enter the total amount of wages, salaries, commissions or any other compensation paid to employees. An employee's compensation is apportioned to Massachusetts if any of the following apply:

- The employee's service is performed within Massachusetts;
- The employee's service is performed both in Massachusetts and in other state(s), but the non-Massachusetts service is secondary to the Massachusetts service;
- Part of the employee's service is performed in Massachusetts, and the service is controlled from a base of operations/place of control in Massachusetts; or
- Part of the employee's service is performed in Massachusetts and the base of operations/place of control of the service is not in a state in which some part of the service is performed, but the employee lives in Massachusetts.

For the sales factor, enter all gross receipts of the partnership with the exception of those receipts from interest, dividends and the sale or other disposition of securities.

44a. Sales of tangible personal property are assignable to Massachusetts if:

- The property is delivered or shipped to any buyer, including the U.S. government, in Massachusetts; or
- The selling partnership is not taxable in the state of the buyer and the property is not sold by an agent or agencies chiefly situated at, connected with, or sent out from premises for the transaction of business owned or rented by the partnership outside Massachusetts. A buyer for this item includes the U.S. government.

Sales of tangible personal property are **not** assignable to Massachusetts if:

- The property is shipped or delivered to a buyer in a foreign country; or
- The property is sold to any branch or instrumentality of the U.S. government for resale to a foreign government.

44b. Sales of services, or other intangibles, are assigned to Massachusetts if the income-producing activity is performed in Massachusetts, or if the greater portion of the activity occurs in Massachusetts than in any other state based on performance cost.

44c. Rents from property located or used in Massachusetts are assigned to Massachusetts. Royalties are assigned to the state in which the property right is actually used by the lessee.

Line 46. Massachusetts Apportionment Percentage

Any apportionment factor should not necessarily be considered inapplicable if its Massachusetts total is zero. If any of the apportionment totals for “Worldwide” are less than 3.33% of taxable net income, **do not** include that factor in your Massachusetts apportionment percentage.

Divide the total apportionment percentage in line 45 by 4. **Note:** If an apportionment factor is inapplicable, divide by the number of times each applicable factor is used. For example, if only the sales and payroll factors are used, divide by 3 (double-weighted sales factor plus the payroll factor) instead of 4.

Part 2. Federal Information

Additional information for completing Part 2. Federal Information is available in the instructions for U.S. Form 1065 and its accompanying schedules.

Note: Be sure to include on Form 3, line 74 the total of U.S. Form 1065, Schedule L, line 19a, “loans from partners (or persons related to partners),” and line 19b, “mortgages, notes, bonds payable in one year or more.”

Schedule 3K-1. Partner’s Massachusetts Information

Installment Sales Transactions

An addition to tax applies for taxpayers who have deferred the gain, and the tax associated with that gain, on certain installment sales. This addition to tax is measured by an interest charge on the tax that has been deferred. The addition to tax is determined by each partner based on the partner’s own situation. The partnership should fill in the “Yes” oval if the partnership participated in one or more installment sales transactions that might subject the partner to this addition to tax.

Partnerships that have indicated on the 3K-1 that they are reporting transactions under G.L. c. 62C, 32A, identified as Internal Revenue Code section 453A or 453(l)(2)(B) transactions, must separately communicate information to the partner that will enable the partner to calculate the addition to tax.

For 453A transactions, the partnership must inform the partner of the partner’s share of the aggregate face amount of installment sales transactions arising in and outstanding as of the close of the taxable year, and any other information the partner may need to calculate the addition to tax. The \$150,000/\$5 million thresholds apply at the level of the individual partner. The partnership must therefore communicate to the partner all 453A installment sale transactions exceeding \$150,000. The “applicable percentage” is the ratio of the aggregate face amount of installment sale obligations arising in and outstanding as of the close of the taxable year in excess of \$5 million to the aggregate face amount of such obligations arising in and outstanding at the close of the taxable year. The “applicable percentage” will be determined by each partner.

For 453(l)(2)(B) transactions, the partnership must inform the partner of the partner’s share of gain on installment transactions, the date of the transactions, and any other information the partner may need to calculate the addition to tax.

Type of Entity

On the Schedule 3K-1 for each partner, the partnership should indicate the entity type of the partner. The partnership should obtain this information from the partner. The partnership should select “partnership or other PTE” if the partner is a partnership or another type of pass-through entity, such as a limited liability corporation treated as a partnership for Massachusetts tax purposes. The partnership should select “IRA” if the partner is a trustee of retirement funds such as Individual Retirement Accounts or other retirement funds. The partnership should select “disregarded entity” if the partner is an entity that is disregarded under Massachusetts law. The partnership should select “Exempt org.” if the partner is exempt from federal income tax under Internal Revenue code section 501.

Partner’s Distributive Share

A partner’s distributive share of any item of income, loss, deduction or credit shall be determined by the partnership agreement. If the partnership agreement contains no special provisions with respect to the partner’s distributive share of any item of income, loss, deduction or credit, such item shall be prorated in accordance with each partner’s ratio of sharing income or losses of the partnership.

a. For a corporate partner skip to line 21.

b. For a nonresident partner eligible to apportion, enter in lines 1 through 8 and 10 through 20, the amount of the partner’s share of each applicable distributive share item multiplied by the apportionment percentage in Form 3, Income Apportionment Schedule, line 5.

Income should be apportioned if:

- There is one or more nonresident individual partners **and**;
