NOTES:
1. The above drawing is not to scale.
2. The Drawing Frame is sized to work with plotters regardless of media orientation.
3. See Dwg. No. 1.2.2 for the In-House Design Title Block or Dwg. No. 1.2.3 for the Consultant Design Title Block.
4. See Dwg. No. 1.2.4 for Project Information.
5. See Dwg. No. 1.1.6 to Dwg. No. 1.1.8 for Traffic Data Block, Seismic Data Block and Hydraulic Data Block.
6. Subsequent Sheets are the same size and dimension as the first sheet. Omit Data Block and Title Block on subsequent sheets. Retain sheet and Bridge Number at bottom right corner of all sheets.
7. For bridges with multiple Bridge Identification Numbers, locate numbers in a box to the left of the Title Block (or above the Bridge Number on subsequent sheets) similar to Dwg. No. 1.1.5.
8. Placeholders shown. Provide Key Plan, Locus, Profiles, and Index of Sheets in the shown layout.
