General Information

What Is the Economic Opportunity Area Credit?

The Economic Opportunity Area Credit (EOAC) is a tax credit equal to 5% of the cost of property purchased for business use within a Certified Project in an EOA. The credit covers all property that is 1) eligible for the current 3% Investment Tax Credit (ITC) and 2) used exclusively in a certified project in an EOA. The 5% EOAC and the 3% ITC **cannot** be taken for the same property. In the case of a taxpayer having property which meets the criteria for both credits, the taxpayer may choose either of the credits, but may not take both credits for the same property.

What Is an EOA?

An economic opportunity area is an area that has been designated by the Economic Assistance Coordinating Council (EACC) to be a "decadent area" or a "blighted open area" which is detrimental to the sound growth of a community and unlikely to be developed by the ordinary operation of private enterprise.

Who Is Eligible to Take the EOA Credit?

The credit is available to all businesses regardless of whether the business is a sole proprietorship, partnership, corporate trust or corporation. It is also available to financial institutions, insurance companies and public service corporations.

What If My Economic Opportunity Area Credit Originated from a Pass-Through Entity?

If this credit originated from a pass-through entity, for example, a partnership, you must enter the name and identification number of that pass-through entity and begin completing this schedule at line 10.

What Is a Certified Project?

A Certified Project is a business proposal that has been approved by the EACC. To qualify as a valid business proposal, the proposal must include a workable plan to increase employment in the EOA and must be approved by the municipality located in the EOA.

What Type of Property Is Eligible for the Credit?

Property purchased for business use in a certified project may be used in the calculation of the credit. This property must qualify for the credit allowed under Massachusetts General Laws (MGL) Ch. 63, sec. 31A.

Are There Limitations to the Credit?

Yes. Taxpayers subject to tax under MGL Ch. 62 (sole proprietorships, trusts and partnerships) are allowed to use the EOAC to offset up to 50% of their tax due. Corporations may offset up to 50% of the excise due with the EOAC. Corporations cannot use the credit to lower their excise below the minimum. The 50% limitation does apply to financial institutions, insurance companies and public service corporations.

May Excess Credits Be Carried Over from Year to Year?

Yes. Taxpayers subject to tax under MGL Ch. 62 may carryover unused credits for ten years. Taxpayers subject to tax under MGL Ch. 63 may carry over for ten years any credits not used due to the minimum excise limitation. However, any credits not used due to the 50% limitation can be carried over for an unlimited period of time.
