About the System

About the System

The Massachusetts State Employees' Retirement System ("MSERS") is a contributory defined benefit retirement plan governed by Massachusetts General Law, Chapter 32. The MSERS was created under Chapter 532 of the Acts of 1911 and covers all eligible state employees and employees of certain other public entities. The MSERS is qualified by the United States Internal Revenue Service.

The State Board of Retirement ("Board") manages the MSERS operations and also administers the former Massachusetts Turnpike Authority Employees' Retirement System. MSERS assets are invested and managed separately by the Pension Reserves Investment Management ("PRIM") Board.

The Board consists of five members: The Chair is the Treasurer and Receiver General, two elected members, an appointed member and a fifth member chosen by the other four members. The Board is currently administered by a staff of 76 full-time, 4 part-time and 3 contract employees. Board offices are located in Boston and Springfield.

The Board's primary mission is maintaining the successful and accurate administration of pension and related benefits to its active and retired members. This mission touches almost every current state employee and retiree in one form or another including, but not limited to, properly enrolling members, ensuring correct contributions are received, refunding or rolling over contributions of those who leave state service, processing creditable service purchase applications, retirement applications, and survivor benefits. The Board and staff, and indirectly the Treasurer, interact with all the MSERS members.

As of June 30, 2018, the Board is responsible to more than 88,000 active members, 63,000 retirees or beneficiaries, and nearly 44,000

members who have funds on account with the MSERS. The MSERS provides retirement, disability, survivor and death benefits to members and their beneficiaries. Most members become vested after ten full-time years of creditable service. Generally, for those who became Group 1 members before April 2, 2012 a superannuation retirement allowance (service retirement) may be received beginning at age 55 with the completion of ten years of creditable service. Members hired after April 2, 2012 must be at least age 60 and have completed ten years of creditable service. Additionally, for members hired prior to April 2, 2012, a retirement allowance may be received at any age upon the completion of twenty years of full-time creditable service. Retirement for certain hazardous duty and public safety positions may occur at an earlier age. Different eligibility rules and benefit formulas apply to those who became members of the MSERS on or after April 2, 2012.

The maximum retirement allowance benefit allowed is 80% of a member's highest three-year average annual rate of regular compensation if hired prior to April 2, 2012, or a five-year salary average if hired there after. Benefit payments are based on a member's age, length of creditable service, level of compensation and group classification. A retirement allowance consists of two parts: an annuity and a pension. A member's accumulated total deductions and a portion of the interest they generate constitute the annuity. The differential between the total retirement benefit and the annuity is the pension. Employees who resign from state service are entitled to request a refund of their accumulated total deductions.

Members with less than ten years of creditable service who voluntarily resign from state service will receive their contributions plus 3% interest. Members with more than ten years of creditable service or who are involuntarily terminated will receive a return of their

deductions plus the regular interest which has accrued upon those deductions. Survivor benefits are extended to eligible beneficiaries of members whose death occurs prior to or following retirement.

2018 Fiscal Year in Review

Board Operations

During the 2018 Fiscal Year, the Board issued benefit and annuity payments to retirees and survivors totaling more than \$2.22 billion. Board staff processed nearly 3,106 new retirements, 4,472 member contribution withdrawals and 1,723 service purchase requests. Notably the Board's Call Center fielded more than 122,758 telephone calls during FY 2018. This number does not include incoming calls that were made directly to various staff members. Board staff conducted more than 35 group presentations and seminars across the state during the period, meeting with some 2,700 members. Additionally, more than 5,760 members received walk-in counseling services in the Board's Boston and Springfield offices.

Financial Status

At the end of 6/30/2018, the MSERS' market value of its assets invested in the Pension Reserves Investment Trust (PRIT) Fund amounted to \$27.6 billion. The PRIT Fund is managed by a nine-member Pension Reserves Investment Management ("PRIM") Board, chaired by the Treasurer. The MSERS' funded ratio stood at 64.9% as of January 1, 2018. The January 1, 2018 valuation reflects a 7.35% investment return assumption (reduced from 7.50% as of January 1, 2017). The funded ratio represents the actuarial value of plan assets divided by the total actuarial accrued liability. The actuarial value of assets stood at \$26.248 billion with unfunded actuarial liability of \$14.208 billion. The January 1, 2018 Actuarial Valuation of the MSERS

was completed by PERAC and issued in the spring of 2018. The report can be found at www.mass.gov/service-details/publications-msrb.

MARIS Update

In January 2017 the Board implemented the first phase of its new Massachusetts Retirement Information System ("MARIS") which replaced the Board's 40-year-old computer system. The first MARIS generated pension payroll successfully ran at the end of January 2017. The implementation is named after the Board's late Deputy Director, Robert C. Minue.

During 2018, the Board continued to fine tune the MARIS application after having completed one full business cycle. In the Spring of 2018, the Board issued Benefit Verification Forms to all its retirees and eligible survivors. It also completed the Member Annual Statement (MAS) process by leveraging MARIS and producing 85,826 Member Annual Statements.

For the balance of the fiscal and calendar year the Board will complete its annual financial statements, test the processing for annual Form-1099-R's, and finalize local retirement board reimbursements.

Employee Retirement Incentive Program 2015 - Update

As required by legislation enacted in 2015 authorizing an employee retirement incentive program "(ERIP)", Chapter 19 of the Acts of 2015, the Commonwealth of Massachusetts for FY' 2018 allocated \$28,724,000 to the MSERS from the General Fund and it has been deposited to the PRIT Fund toward the additional costs and actuarial liabilities attributable to the additional benefits payable pursuant to the incentive program.

GASB Update

GASB 68 (Accounting and Financial Reporting for Pensions) are effective for

state and local governmental employers that sponsor or contribute to pension plans for fiscal years beginning after June 15, 2014. It also applies to employers that participate in the Massachusetts State Employees' Retirement System ("MSERS") as well as other governmental employers that sponsor or contribute to pension plans. GASB 68 requires employers to recognize a proportionate share of the net pension liability in their financial statements, and includes other reporting changes.

Information needed by the MSERS participating employers to comply with GASB 68 is compiled in separate audited schedules of employer allocations and collective pension totals, including related footnotes to those schedules. The schedule of collective pension totals includes net pension liability, pension expense and deferred inflows/outflows related to pension. The audited schedules and related notes released by the Massachusetts Office of the Comptroller reflect the collective Employer and Non-Employers' net pension liability is approximately \$12.825 billion as of June 30, 2017. The MSERS Schedule of Employer and Non-Employer Allocations and Schedule of Pension Amounts by Employer and Non-Employer as of June 30, 2017 are available on our website.

Section 60 (Optional Retirement Program Transfers)

Section 60 of the Pension Reform Act of 2011 (Chapter 176 of the Acts of 2011) allows, subject to IRS approval, certain participants of the Optional Retirement Program ("ORP"), sponsored by the Commonwealth of Massachusetts Board of Higher Education, a one-time opportunity to change their plan participation to the MSERS. A change in plan participation requires the transfer to the MSERS of both the employer contributions that have been made on behalf of participating employees, and the employees own

contributions, plus interest. In accordance with Section 60 the ORP employer portion that MSERS collected during fiscal year 2018 is approximately \$3.879 million. The amount reflects some or all employer contributions for approximately 73 ORP participants who submitted qualifying elections to change retirement plan participation to the MSERS Pension Plan.

Exclusive Benefit Rule Review

The Board on behalf of the MSERS, in conjunction with the Massachusetts Teachers Retirement System (MTRS) and the Commonwealth, are evaluating whether certain of the statutes governing the systems may be in conflict with the exclusive benefit rule of Section 401(a) (2) of the Internal Revenue Code or other federal tax law requirements relating to operation of tax-exempt pension plans.

The activities being reviewed include (i) the statutorily directed funding of the budget for PERAC solely from the investment income accounts of MSERS and MTRS, (ii) the statutorily directed contributions made from the MSERS account in the PRIT Fund to a separate optional retirement plan available to certain employees of the Commonwealth's higher education system, (iii) the statutorily mandated reimbursements paid by the MSERS to local retirement systems for local cost-of-living allowances for certain participants of those systems, (iv) the deposit of reimbursement revenues received from local retirement systems to the Commonwealth's General Fund rather than to the MTRS and MSERS accounts in the PRIT Fund and (v) the deposit of federal grant fringe payments to the General Fund rather than to the MTRS and MSERS accounts in the PRIT Fund.

The Commonwealth, PERAC, MSERS and the MTRS have each engaged outside tax counsel to review these activities. On March 28, 2017, the Governor approved legislation to address prospectively

certain aspects of the issues described above. Additional corrective legislation was approved as part of the Commonwealth's General Appropriations Act for fiscal 2018, approved on July 17, 2017. The Executive Office for Administration and Finance expects to submit for Internal Revenue Service consideration a request for a closing agreement in which the Commonwealth describes the activities listed above, explains the corrective actions already taken by legislation, and requests an affirmation that these activities do not adversely affect the tax qualification of the MSERS and MTRS in light of the corrections already made.

Board Updates

In March 2018, Chris Condon left his position as the Fifth Member after fifteen years of serving on the State Retirement Board. The Board greatly appreciates everything he has done for the retirement system and our members.

In April 2018, the Board voted unanimously to appoint Archibald "Archie" Gormley its new Fifth member. Mr. Gormley, a Brockton Firefighter and Legislative Agent for the Professional Fire Fighters of Massachusetts (PFFM), replaces longtime member Chris Condon.

Pursuant to Massachusetts General Laws c.10, §18 and c.32, the Board conducted a regularly scheduled election for one of the two elected positions to its five-member Board. The elected member is serving a three-year term without compensation, which began May 2018. All qualified members of the Massachusetts State Employees' Retirement System, were entitled to vote either online, by telephone or by mail. Three candidates ran for election, including incumbent Theresa McGoldrick. Of the total 15,110 votes cast, Ms. McGoldrick received 12,027 and was re-elected to the Board for a three-year term.

Board Award

The Board is the recipient of the 2018 Public Pension Standards Award in recognition of our high standards in plan design and administration.

Respectfully Submitted,

Nicola Favorito, Esq.
Deputy Treasurer,
Executive Director
State Board of Retirement

Members of the Board

Membership and tenure in the five member State Board of Retirement is determined by Mass. General Laws Chapter 10 section 18. The Treasurer shall be a member ex-officio and shall serve as Chairman, one member is appointed by the Treasurer, two members are elected by current and active members of the State Employees' Retirement System, and one member is chosen by the other members of the Board.

Deborah B. Goldberg, Chair Ex-Officio, Treasurer & Receiver General

Treasurer Goldberg was elected to office in November 2014, and she took office in January 2015.

Appointed Member Patricia Deal

Ms. Deal is the retired Treasurer of the Massachusetts Clean Water Trust. She was first appointed in 2010.

Elected Member Theresa McGoldrick, Esq.

Theresa McGoldrick is an attorney for the Massachusetts Department of Revenue, Child Support Enforcement Division. She currently serves as President of SEIU/NAGE Unit 6, representing over 3,500 members statewide. Ms. McGoldrick was first elected to the Board in 2004.

Elected Member Francis Valeri

Mr. Valeri is the current President of the Mass Retirees Association representing over 52,000 members. He is retired from State government after 38 years of service, with the Public Employee Retirement Administration Commission (PERAC), the state pension oversight agency, as well as many years with the state legislature. He was elected to the Board for a three-year term beginning January 2017.

Chosen Member Archibald (Archie) Gormley

The Chosen member is a member who shall not be an employee, a retiree, or official of the Commonwealth and shall be chosen by the other four for a term of three years. Mr. Gormley, a Brockton Firefighter and Legislative Agent for the Professional Fire Fighters of Massachusetts (PFFM) began his Board service in April 2018.

Membership Information

Active Members

An active member is a participating employee of the MSERS who is currently employed and making retirement contributions.

Member Contributions

Active members contribute between 5% and 9% of their gross regular compensation depending upon their beginning date of membership (State Police hired after July 1, 1996 pay 12%). Members joining the MSERS after January 1, 1979 must contribute an additional 2% of regular compensation in excess of \$30,000.00. All member contributions are deposited into the Annuity Savings Fund. Members' contributions to this fund earn interest at a rate determined by the Executive Director of PERAC according to statute. Upon retirement, the members' contributions and interest are transferred to the Annuity Reserve Fund. Cost-of-living adjustments and any other increase in benefits imposed by state law granted between 1981 and 1996 are borne by the state. Member contributions for FY'18 were \$639.9 million consisting of \$600.7 million in payroll deductions, \$6.0 million in member redeposits, \$14.3 million for members transferring from other systems and \$18.9 million from members' rollovers.

Financial Statements

Massachusetts Pension Reserves Investment Management Board

Summary of Plan Performance for Period Ending June 30, 2018

The Pension Reserves Investment Trust ("PRIT") Fund is a pooled investment fund established to invest the assets of the Massachusetts State Teachers' and Employees' Retirement Systems, and the assets of county, authority, district, and municipal retirement systems that choose to invest in the Fund.

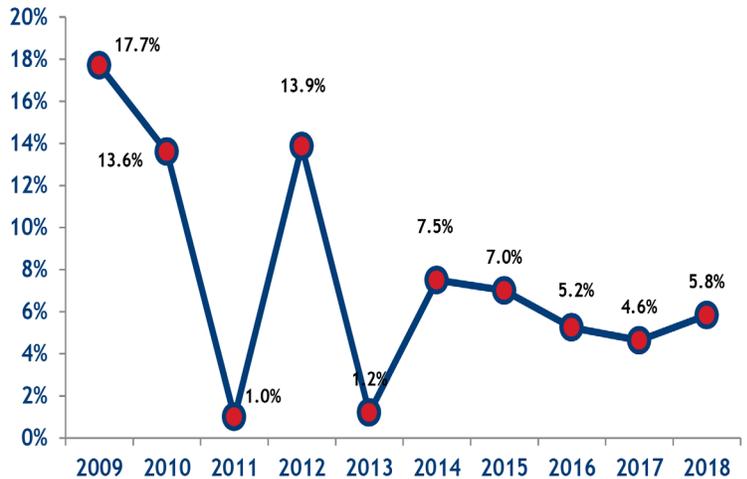

The PRIT Fund was created by the Legislature in December 1983 (Chapter 661 of the Acts 1983) with a mandate to accumulate assets through investment earnings and other revenue sources in order to reduce the Commonwealth's significant unfunded pension liability, and to assist local participating retirement systems in meeting their future pension obligations.

The Pension Reserves Investment Management ("PRIM") Board is charged with the general supervision of the PRIT Fund.

The PRIT Fund consists of two investment funds: the Capital Fund and the Cash Fund. Cash, deposited and invested on a temporary basis, is transferred monthly from the Cash Fund to the Capital Fund. Once in the Capital Fund, funds are invested and reinvested across all asset classes under PRIM's long-term investment guidelines and asset allocation plan.

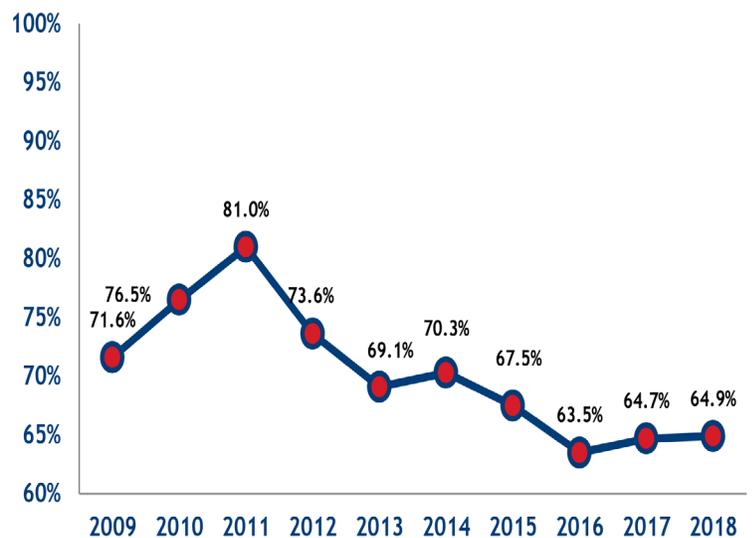

The Capital Fund serves as the investment portfolio of the PRIT Fund. It consists of the General Allocation Account (which holds units of all other investment accounts) and the investment accounts listed in the chart on page 14.

Massachusetts Turnpike Authority Employees' Retirement System

Annual Statement of the Massachusetts Turnpike Authority Employees' Retirement System for the Period: July 1, 2017 - June 30, 2018

Transfer of Plan Administration

Pursuant to the provisions of §159 of Chapter 25 of the Acts of 2009, as amended by Chapter 26 of the Acts of 2009, the Massachusetts Turnpike Authority Employees' Retirement Board was abolished on November 1, 2009. The legislation provides for the continuation of the Massachusetts Turnpike Authority Employees' Retirement System with custody of its assets transferred to the State Treasurer and management of the System transferred to the State Board of Retirement also effective November 1, 2009. All future benefit payments made under G.L. c. 32 §§ 1 to 28 inclusive become obligations of the Commonwealth of Massachusetts.

The accompanying financial statements have been prepared under the provisions contained in that legislation. The financial statements do not include any adjustments relating to the recovery and classification of asset values, or the amount and classification of liabilities, or the amount and classification of future benefits that might occur as a result of the ultimate settlement arising from these actions.

Notes on Financial Statements

Significant Accounting Policies

The accounting records of the MSERS are maintained on a fiscal year basis beginning January 1, 2013 under M.G.L. Chapter 32, Sec. 20, paragraph(h) in accordance with the standards and procedures established by the Executive Director of the Public Employees Retirement Administration Commission.

Annuity Savings Fund

The Annuity Savings Fund is the fund to which all members' contributions are deposited. Members withdrawing from the MSERS receive a refund of their total accumulated contributions and a required amount of interest. The attrition rate of the State Employees' Retirement System reached a pinnacle in 1991 when total Refunds-To-Members disbursed from the Annuity Savings Fund were \$68 million. Refunds-To-Members for report fiscal year 2018 were \$65.7 million. The value of the Annuity Savings Fund was \$6.35 billion as of the end of the fiscal year.

Annuity Reserve Fund

The Annuity Reserve Fund is the fund to which a member's account is transferred upon retirement from the Annuity Savings Fund and the Special Fund for Military Service Credit. The annuity portion of the retirement allowance is paid from this fund. Interest is credited monthly to this fund at the rate of 3% annually on the previous month's balance. The number of new retirees for July 1, 2017 to June 30, 2018 was 3,106 and an amount of \$326 million was transferred from the Annuity Savings Fund to the Annuity Reserve Fund. The value of the Annuity Reserve Fund was \$1.91 billion as of the end of the fiscal year.

Pension Fund

The Pension Fund contains the amounts appropriated by the Commonwealth of Massachusetts to pay the pension portion of each retirement allowance.

Pension Reserve Fund

The Pension Reserve Fund is administered by the Pension Reserves Investment Management Board ("PRIM Board"). This Fund contains amounts appropriated by the Commonwealth of Massachusetts for the purposes of funding future retirement benefits. Any investment income in excess of the amount required to credit the Annuity Savings Fund, Annuity Reserve Fund, Expense Fund and the Special Military Credit Fund is credited to the Pension Reserve Fund. On November 7, 1996, the Massachusetts State Teachers' and Employees' Retirement Systems Trust ("MASTERS") was merged into the Pension Reserves Investment Trust ("PRIT") Fund to form a consolidated pension fund under the management of the Pension Reserves Investment Management Board. Inactive member account balances must be transferred to the Pension Reserve Fund after a period of ten years of inactivity. The value of the Pension Reserve Fund was \$19.45 billion as of the end of the fiscal year.

Military Service Fund

The Special Military Service Credit Fund contains contributions and interest for members while on a military leave for service in the Armed Forces and who receive creditable service for the period of that leave. On March 10, 1993, the Military Service Fund received a state appropriation of \$117,206.94 for military service credit for the 81 members of the State Employees' Retirement System who participated in operation Desert Storm.

Interest income credited to the Military Service Fund was \$33.56. The balance in the Military Service Fund on December 31, 2017 was \$33,597.60.

Expense Fund

The Expense Fund contains amounts transferred from investment income for the purpose of administering the State Employees' Retirement System. Remaining account balances are expended in the following month.

Interest-not-refunded

Interest-Not-Refunded is interest forfeited by members upon withdrawal from the System prior to becoming fully vested. The interest forfeiture applies to members who commenced employment on or after January 1, 1984. The total interest-not-refunded transferred to Pension Reserve Fund for FY 2018 was \$114,028.57.

3(8)(c) and 59A Receipts and Disbursements

A 3(8)(c) reimbursement is the pension benefit reimbursement received from other Massachusetts public retirement systems for the portion of creditable service attained by a retired former contributing member of another retirement system. A 59A reimbursement is similar, except such receipts represent creditable service of retired former non-contributing members. The total 3(8)(c) and 59A reimbursements received in FY 2018 for report year 2017 were \$33.2 million. The reimbursements are transferred to the Commonwealth of Massachusetts General Fund for purposes of reducing the state's actuarial liability. The State Employees' Retirement System's 3(8)(c) and 59A payments to other systems during report year FY 2018 was \$14.9 million.

Legislative Funding

\$917,397,740.00 in appropriation funds were received by the State Employees' Retirement System from the Commonwealth of Massachusetts for the fiscal year 2018. Of this amount \$887,833,289.00 were received for pension funding, \$28,724,000.00 for the 2015 Early Retirement Incentive Program and \$840,451.00 for the unspent funding of PERAC's administrative expenses. Separately,

\$19,500,000.00 were appropriated in order to set aside COLA (Cost of Living Adjustment) reimbursements to the other retirement systems.

Under the Exclusive Benefit Rule as part of Chapter 5 section 8 of the Acts of 2017, the Commonwealth's appropriation funding schedule from the General Fund to the Pension Liability Fund shall now include the annual administrative expenses for PERAC.

COLA Reimbursements to Other Retirement Systems

COLA reimbursements to other retirement systems during fiscal year 2018 were \$17.2 million. A balance of approximately \$2 million remains from the \$19,500,000.00 appropriated by the Commonwealth of Massachusetts.

Miscellaneous Income

Miscellaneous Income for the fiscal year is \$24,445,422.57. This amount includes \$10,610,564.86 transfer from the Commonwealth's Stabilization Fund, \$8,940,163.42 transfer from uncashed pension checks, and \$4,894,694.29 assessed yearly employer pension reimbursements revenues as authorized by G.L. c.32, section 28(4)(a).
