

2019 Assistance to Firefighters Grant Program

FEMA Region I

Application Development Workshop Schedule

FEMA anticipates the 2019 Assistance to Firefighters Grant (AFG) Program will be open for applications in December 2019.

Each year, prior to the application period, the FEMA Region I Fire Grant Program Specialists travel throughout New England and provide training workshops for the AFG Program. Each workshop is approx. 2 ½ hours long and provides information on AFG, what is new for 2019, and tips to develop and submit a successful application. These workshops also provide an opportunity for applicants to ask questions and network with FEMA Grant Specialists and other AFG applicants and recipients.

This year, FEMA Region I will be conducting 26 workshops across the Northeast. The date, time, and location of each session is indicated on the schedule below. In addition to these in-person workshops, the Region will also host 3 workshop webinars. The schedule for these webinars is included in the workshop schedule below.

If you have any questions or concerns, please contact one of the Region I Fire Grant Program Specialists:
