Instructions for Financial Institution Corporation Estimated Excise Payment Vouchers

2019

Massachusetts
Department of
Revenue

General Information

What is the purpose of the estimated excise payment vouchers? Estimated excise payment vouchers provide a means for paying any current excises due under Chapter 63 of the Massachusetts General Laws.

Note: Taxpayers subject to combined filing must file Form 355U, Excise for Taxpayers Subject to Combined Reporting.

Who must make estimated payments? All financial institution corporations that reasonably estimate their excise to be in excess of \$1,000 for the taxable year are required to make estimated payments.

Note: Most financial institution corporations must make estimated payments electronically. See Technical Information Release (TIR) 16-9. Also, a taxable member of a combined group must make its estimated payments electronically through MassTaxConnect. See TIR 09-18. Go to MassTaxConnect at www.mass.gov/masstaxconnect for more information. All estimated payments made by a combined filing group should be reported under the principal reporting entity's tax account.

Are there penalties for failing to pay estimated excise? Yes. An additional charge is imposed on the underpayment of estimated excise for the period of that underpayment. Use Form M-2220 when filing your annual return to determine any penalty due.

When and where are estimated excise vouchers filed? Estimated excises may be paid in full on or before the 15th day of the third month of the taxable year or according to the following installment amount schedule: on or before the 15th day of the third, sixth, ninth and twelfth months of the taxable year.

Percent of estimated excise due

First full taxable year with less than 10 employees	All others
30%	40%
25%	25%
25%	25%
20%	10%

Payment vouchers with amounts due should be filed with **Massachusetts Department of Revenue, PO Box 419272, Boston, MA 02241-9272**. Make check or money order payable to **Commonwealth of Massachusetts** and write your Account Identification number in the lower left hand corner on your check or money order.

What if the financial institution corporation's estimated excise liability changes during the year? Even though you may not be required to make estimated excise payments at the beginning of the taxable year, your expected income, assets and credits may change so that you will be required to make payments later.

Financial institution corporations that first meet the requirement for paying estimated excises sometime after the first quarterly period should make estimated payments as shown on the enclosed chart.

What if the financial institution corporation credited its 2018 overpayment to its 2019 tax? Massachusetts law was changed to conform the filing due dates for Massachusetts C corporation tax returns to federal filing due dates, beginning with tax returns due on or after January 1, 2018. Financial institution corporations that are C corporations are now required to file their tax returns on or before the 15th day of the fourth month following the close of each taxable year (April 15 for corporations filing on a calendar year basis). The law did not change the filing due date for financial institution corporations that are organized as S corporation tax returns, which remains the 15th day of the third month following the close of each taxable year. The laws governing estimated tax payment requirements for corporations were not changed. For further details and for special rules relating to combined groups see TIR 17-5.

Payments made with a return, including extension payments, estimated tax payments and withholding, are considered to be paid on the last day prescribed for the filing of the return and/or the payment of the tax, without regard to any extensions. See MGL ch 62C, § 79. Therefore, any overpayment from a prior year return will be considered to be paid as of the prior year return due date. For example, if a calendar year C corporation reported an overpayment on its 2018 corporation excise tax return and elected to apply it as a credit to its 2019 estimated tax, the payment will be credited as of April 17, 2019, which is the 2018 return due date and about one month after the due date of the first estimated tax installment payment for the 2019 tax year. To avoid the imposition of underpayment penalties the first estimated tax installment should be paid on or before the first installment due date, not the return due date. No credit may be applied to any estimated tax other than 2019.

Specific Instructions

Complete the enclosed Financial Institution Corporation Estimated Excise Worksheet. Once you have used the worksheet to determine your estimated tax due, you may pay the full amount of each installment electronically on MassTaxConnect at mass.gov/masstaxconnect. You do not need to mail in any vouchers if you pay online.

If you are mailing in a payment, enter your name, address, identification number, taxable year and installment due dates on the enclosed vouchers.

Enter the amount of this installment from line 1 of the worksheet in line 1 of your first voucher.

Mail the voucher with check or money order payable to **Commonwealth of Massachusetts**. Detach voucher at perforation. Do not submit the entire worksheet with the voucher or your payment may be delayed.

If you must amend your estimated tax or if you first meet the requirements to pay estimated tax in the 2nd, 3rd or 4th quarter of the taxable year, use the enclosed Amended Estimated Tax Payment Schedule.
