Form TSA Instructions

What is the Film Payroll/Production Credit?

For taxable years beginning on or after January 1, 2006 and before January 1, 2023, Massachusetts allows two credits for motion picture production companies who meet certain qualifications and requirements.

Transfer, Sale or Assignment of the credit?

A taxpayer subject to the personal income tax under MGL ch 62 or the corporate excise under MGL ch 63 may transfer, sell or assign either the payroll or production expense credit, in part or in whole, to one or more other taxpayers that are subject to the personal income tax under MGL ch 62 or taxpayers subject to the corporate excise under MGL ch 63.

Any holder of the credits, including a motion picture production company, transferee, buyer or assignee, that wants to make a sale, transfer or assignment of the credits (the "transferor") shall obtain a certificate to transfer, sell or assign the credits before making a transfer to another taxpayer. The transferor must submit to the Commissioner a statement in the form prescribed by the Commissioner that details the amount of tax credit being sold, transferred or assigned and any other information required by the Commissioner. Potential transferors that have an outstanding tax obligation with the state in connection with any motion picture for any prior taxable year are not eligible to transfer, sell or assign the credits. Transferees that have an outstanding tax liability are subject to offsets prior to application of the credit against their current tax liability. Transferees, buyers or assignees may use and carryforward the credits to any of the five taxable years subsequent to the first taxable year the credits were allowed to the initial transferor. Transferring, selling or assigning a credit does not extend the five-year carryforward period.

The required documentation that must be provided for DOR to execute the transfer of the credit between the transferor and the transferee are the following: Original Certificate issued by the Department of Revenue, and a completed Form TSA that is signed by the transferor acknowledging the sale of the credit. Note: POA must get seller signature for seller acknowledgment prior to signing Declaration section and submitting the request for sale.

For entities that are Partnerships and/or S-Corporations and are transferring the credit to the members, a Form TSA must be completed for each member with their apportioned credit. Seller acknowledgment does not need to be completed; only Declaration must be signed by General Member.
