2020 Insurance Open Enrollment Waiver Information and Instructions

Massachusetts and federal law limit when you can buy certain health insurance plans. Some people may meet special conditions, called qualifying events, like moving, getting married, or having a baby, and can buy insurance at that time. Others must buy insurance during the open enrollment periods.

The open enrollment period for 2020 health insurance plans ended on January 23, 2020. **If you are a Massachusetts resident and missed the open enrollment period, then you might qualify for a waiver of the open enrollment period if you meet certain criteria.** You may use this form to request a waiver to enroll in health insurance coverage outside of open enrollment. OPP expects to accept waiver requests from January 24, 2020 through mid-November 2020. The next open enrollment period is currently scheduled to begin on November 1st, 2020 for coverage beginning January 2021.

- You may qualify for a waiver if you meet applicable eligibility criteria and (for example):
 - You are uninsured and did not intentionally forgo enrollment in health insurance; or
 - You lost insurance coverage but did not find out until after two months (about 60 days) had passed.
- **You must first apply for coverage and be turned down for a Special Enrollment Period before you can apply for a waiver.** You can apply for insurance online through the Health Connector at www.MAhealthconnector.org, by calling 877-MA-ENROLL, or at a designated walk in center location (open year-round). You may also apply with the free assistance of a state trained specialist called a Certified Application Counselor or Navigator; find assistance here: <https://my.mahealthconnector.org/enrollment-assisters>. Or, you may purchase coverage directly through a health insurance company, agent, or broker.
- You may qualify for subsidized insurance through the Health Connector or MassHealth. If your family's income is less than 300% of the federal poverty level, different enrollment rules may apply and you might be able to enroll without a waiver from this office. Contact the Health Connector for more information.
- Individuals and families with higher incomes may also qualify for premium assistance like subsidies, but must enroll during the designated open enrollment period, qualify for a special enrollment period, or apply for this waiver.
- You may not need a waiver if:
 - You lost insurance coverage recently (usually within the past two months); or
 - You are a small business owner buying insurance for your business; or
 - You are applying for MassHealth or subsidized insurance; or
 - You have experienced a qualifying or triggering event (marriage, moved, birth, etc.).

Please note that this form is not an application for health insurance; in fact, you must first apply for health insurance and be denied before completing this form. **If your waiver request is approved, you must then complete the application process with the health insurance company or agent to which you originally applied.** You will not have health insurance until the insurance company, health insurance broker, or Health Connector accepts your complete application and you pay your premium.

To apply for a waiver, you will need both:
