A Message from the Secretary of the Commonwealth

Dear Massachusetts Veteran,

The Office of the Secretary of the Commonwealth is pleased to present this publication of *Veterans' Laws and Benefits*, a compilation of resources regarding major state benefits in the areas of education, employment, housing, motor vehicles, property taxes, and medical assistance. Information regarding recent amendments to federal and state legislation on employment rights and federal burial benefits is also offered.

I am particularly pleased to include information specifically for members of the Guard and Reserve.

This guide provides references to appropriate agencies for information on eligibility and the application process as well as the responsibilities of local veterans' agents who assist veterans with referral and emergency assistance.

I would like to express my appreciation to the Massachusetts Department of Veterans' Services for their continued assistance in helping us keep this guide up-to-date.

I hope veterans and their families find this booklet a useful source of information.

Sincerely,

A handwritten signature in cursive script that reads "William Francis Galvin". The signature is written in dark ink and is positioned below the typed name.

We at Citizens Information Service have made every effort to insure accuracy in the telephone numbers and websites listed in the *Veterans' Laws and Benefits* book. Governor’s Advisory Council on Veterans’ Services

Executive Order No. 483

The Governor’s Advisory Council on Veterans’ Services was established in April 2007. The Council advises the Governor and the Secretaries of Health and Human Services and Veterans’ Services on issues relating to veterans of the Commonwealth. The Council reviews and assesses state and federal statutes and programs that

relate to veterans, and the delivery of services to veterans, including healthcare, education, housing, outreach, training, and retraining. The Council serves as an educational resource for citizens and elected and appointed officials on veterans' issues. The Lieutenant Governor serves as the chair of the Council.

Public Assistance

Chapter 115

Under Massachusetts General Laws M.G.L. ch. 115, the Commonwealth provides a needs-based means tested program of financial and medical assistance for indigent veterans and their dependents. Qualifying veterans and their dependents receive necessary financial assistance for food, shelter, clothing, fuel, and medical care in accordance with a formula which takes into account the number of dependents and income from all sources. Eligible dependents of deceased veterans are provided with the same benefits as if the veteran were still living.

How to apply

For applications, contact the local Veterans' Service Officer (VSO) in the city or town where the veteran lives. To find a VSO:

- Call the local City or Town Hall and ask for Veterans' Services;
- Call the Massachusetts Department of Veterans' Services: 617-210-5480, and ask for the VSO name and contact information;
- Visit the DVS website at www.mass.gov/orgs/massachusetts-department-of-veterans-services to search by municipality;
- See page 48 of this publication for a complete listing.

History of veterans' benefits in Massachusetts

In the 18th century, towns in the Massachusetts Bay Colony provided assistance to needy veterans of the French and Indian War (1754-1763) between France and Great Britain, fought in North America. The Commonwealth of Massachusetts began providing for its veterans immediately following the Revolutionary War. At the start of the Civil War in 1861, the state legislature formalized the assistance provided to veterans by establishing M.G.L. Chapter 115 and the Department of Veterans' Services. Offices of Director of Veterans' Services, Burial Agent, and Graves Officer opened in every city and town in the Commonwealth.

State and local government leaders wanted to recognize service in the armed forces by providing certain essential benefits to men and women (both living and deceased) who had borne the burden of military duty—and to their families. Chapter 115 enables every eligible Massachusetts veteran to receive certain financial, medical, educational, employment, and other benefits earned by military service. Veterans, their dependents, and surviving spouses have been singled out to receive counsel and assistance dispensed through the 351 municipal Veterans' Services offices.

Today M.G.L. Chapter 115 requires every city and town to maintain a Department of Veterans' Services through which the municipality makes available to its residents the part-time or full-time services of either an exclusive or district Veterans' Service Officer (VSO). It is the job of the VSO to provide the veterans (living and deceased) and their dependents access to every federal, state, and local benefit and service to which they are entitled—including assisting in their funerals and honoring them on Memorial Day and Veterans' Day.

Mission

The mission of the Department of Veterans' Services (DVS) is to be the chief advocate for the nearly half-million veterans of the Commonwealth and their families. DVS establishes policy, proposes legislation, ensures that adequate funding for veterans' programs is included in the Governor's budget, and represents the interests of veterans in matters coming before the General Court. In addition, DVS represents all state agencies and individual veterans before the federal Department of Veterans Affairs in securing federal compensation and other benefits that might be available.

Massachusetts health insurance law and VA healthcare

Under Chapter 58 of the Acts of 2006, frequently referred to as the Massachusetts Healthcare Reform Law, as of July 2007 all adult Massachusetts residents are required to have health insurance. Residents are asked to verify their health insurance coverage on their tax return and residents who do not have insurance face financial penalties. There are a variety of health insurance options available that veterans can access.

Under Administrative Bulletin 04-07 enrollment in the VA healthcare system (U.S. Department of Veterans Affairs) qualifies as creditable insurance coverage under the law. Because many veterans have earned this healthcare through their service and it is available at very low or no out-of-pocket cost, veterans may apply for VA healthcare prior to signing up for Commonwealth Care, Medicare, or MassHealth which may charge premiums, fees, and co-pays.

SAVE Program

The Department of Veterans' Services in collaboration with the Department of Public Health, has a Statewide Advocacy for Veterans' Empowerment (SAVE) program that assists veterans in need of referral services and seeks to prevent suicide and advocate on behalf of Massachusetts' veterans. SAVE acts as a liaison between veterans (and their families) and the various agencies within the federal and state government. SAVE Outreach Coordinators focus on community advocacy, suicide prevention, mental health awareness, and referrals as well as respond to the needs of veterans and their families. The SAVE team is staffed by veterans from the current conflict and family members of veterans. The SAVE team meets with veterans and their families out in the community, bringing the resources directly to the veteran.

Post-Traumatic Stress Disorder (PTSD)

Post-Traumatic Stress Disorder, or PTSD, is a psychiatric disorder that can occur following the experience or witnessing of life-threatening events such as military combat, natural disasters, terrorist incidents, serious accidents, or violent personal assaults like rape. People who suffer from PTSD often relive the experience through nightmares and flashbacks, have difficulty sleeping, and feel detached or estranged. These symptoms can be severe enough and last long enough to significantly impair the person's daily life. PTSD is marked by clear biological changes as well as psychological symptoms. PTSD is complicated by the fact that it frequently occurs in conjunction with related disorders such as depression, substance abuse, problems of memory and cognition, and other problems of physical and mental health. The disorder is also associated with impairment of the person's ability to function in social or family life, including occupational instability, marital problems and divorces, family discord, and difficulties in parenting.

Military Sexual Trauma (MST)

A number of veterans, both women and men, may have experienced sexual trauma while they served on active military duty. The law defines sexual trauma as: sexual harassment, sexual assault, rape, and other acts of violence. It further defines sexual harassment as repeated unsolicited, verbal or physical contact of a sexual nature, which is threatening. Many veterans have never discussed the incident or their medical or psychological condition with anyone. Yet, these women and men know that they have “not felt the same” since the trauma occurred.

Note: Those veterans with a history of sexual trauma suffered while in the military MAY be eligible for VA treatment without charge for conditions related to that trauma, whether or not they are service-connected for that trauma.

For MST counseling, contact the nearest VA medical center, Vet Center, or the National Center for PTSD (see above for a complete listing).

Traumatic Brain Injury (TBI)

Traumatic Brain Injury, or TBI, is an injury that occurs when damage is done to the brain from an external physical force. The head may be hit or may strike a stationary object or be shaken violently. This may occur in a car accident, serious fall or by an act of violence. Servicemembers may sustain a TBI from a blast injury or shockwave. These kinds of events may result in significant cognitive, behavioral, or social challenges.

Brain Injury and Statewide Specialized Community Services (BI&SSCS)

The Brain Injury and Statewide Specialized Community Services (BI&SSCS) is a department of the Massachusetts Rehabilitation Commission (MRC). This program provides a range of community-based services to persons who have sustained a TBI, including: case management, social/recreational programs, skills training via regionally-based head injury centers, respite, residential services/programs, and family support services.

Eligibility Criteria

In order to become eligible for BI&SSCS services, an individual must:

- Be a Massachusetts resident;
- Have sustained a documented TBI;
- Exhibit impairments (physical, cognitive, and/or behavioral) primarily caused by a TBI;
- Be able to participate in community-based services.

BI&SSCS also offers screening exams for TBI and neuropsychological assessment for Operation Enduring Freedom and Operation Iraqi Freedom (OEF/OIF) veterans who have not been previously diagnosed with, or treated for TBI, for eligibility determination purposes.

Employment

Veteran's tenure

M.G.L. ch. 30, s.9A

Veterans who hold state non-civil service positions for more than three years cannot be involuntarily separated for lack of work or money when similar offices or positions exist, unless such positions are held by veterans, in which case separation shall occur in reverse order of their respective original appointments.

Civil service

M.G.L. ch. 31, s.26

Veterans are given preference in the eligibility lists of civil service positions in the following order:

1. Disabled veterans;
2. Veterans;
3. Spouses or single parents of veterans who were killed in action or who died from a service-connected disability incurred during wartime service, provided that the spouse or parent has not remarried.

M.G.L. ch. 31, s. 12

Veterans who apply for civil service jobs for which there is no exam, and therefore, no list, receive preference over equally qualified non-veterans. If more than one veteran qualifies for a position, it is up to the appointing authority to make the choice between or among them. If an authority wants to bypass this law, it has to get the Human Resources Division's (HRD) approval. HRD's civil service unit also maintains lists of state agencies with vacancies and will notify interested veterans of openings.

Open competitive exams

Civil service uses a system of absolute veteran's preference in which someone qualifying as a veteran who receives 70 points or above on an open competitive exam (including police and firefighter) is immediately placed at the head of the eligibility list. **This does not mean that the veteran automatically gets the job.** They are just placed at the head of the list and hired when there is a vacancy. Within the system of absolute veteran's preference, veterans are ranked as follows:

1. Disabled veterans have first preference over all other veterans;
2. All other veterans have second preference;
3. Spouses and single parents of veterans who died in action or from service-connected wounds receive third preference.

Note: Those Guard and Reserve members called for active duty can either take exams overseas or take make-up promotional exams upon their return by contacting the Human Resources Division: 617-878-9757 before deployment

Promotional exams

All types of veterans have two points added to their scores. They are not placed at the head of the list.

Labor service

M.G.L. ch. 31, s. 28

There is no exam required for labor service positions. Veterans, whether disabled or not, are placed at the top of the eligibility list. Spouses and single parents of veterans are placed below veterans but above all other applicants.

Public service

Acts of 1941 c.708 (4)

Members of the Guard or Reserve who are called to active service and who have taken a civil service test, passed, and are on a current certified list are eligible for protection on their civil service original appointment exams. They must make a request in writing up to one year following their discharge to be continued on or

restored to such list for a period of time equal to the time of military service. If a person is on more than one list they must request this protection separately for each list.

Retirement: Pension buy-back

M.G.L. ch. 32, s.4 (h)

Veterans who are employed by state government and certain other governmental units are eligible to buy back up to four years of active service accrued at the rate of one year for every one year of active duty service or four years of active Reserve or National Guard service accrued at the rate of one year for every five years of active Reserve or Guard Service.

Public works employment

M.G.L. ch. 149 s. 26

Preference is given to qualified veterans in public works construction by the state, a county, town, authority or district, or by a person contracting with or subcontracting for such work. Each county, town, district, contractor, or subcontractor therefore shall give preference to veterans and service-connected disabled veterans who live in their jurisdiction.

Eligible Veterans:

All veterans as defined by M.G.L. ch.4, s.7, cl. 43.

Protections for Reserve/Guard and active duty military

Uniformed Services Employment and Reemployment Rights Act (USERRA)

Under federal legislation (Chapter 43 of Title 38, U.S. Code) enforced by the U.S. Department of Labor's Veterans Employment and Training Service (VETS), servicemembers are entitled to return to their civilian public or private employment with the seniority, status, and pay they would have attained had they been continuously employed if they meet certain criteria. In particular, the law:

- Expands the anti-discrimination protection of Reserve and Guard members in hiring, retention, and advancement on the basis of their military obligation;
- Requires employers to make reasonable efforts to retrain or upgrade skills to qualify workers for reemployment;
- Expands healthcare and employee benefit pension plan coverage;
- Extends the number of years an individual may be absent for military duty;
- Improves the protections for disabled veterans and improves enforcement mechanisms for servicemembers who believe their reemployment rights have been violated.

Servicemembers are required to give advance notice of their service obligation to employers unless military necessity makes this impossible. Notice must be given to employers of intent to return to employment under a set of guidelines based on the length of time absent from the job. Employers and servicemembers with specific questions about their rights and obligations under the USERRA should contact a veterans' representative at the U.S. Department of Labor: 617-626-6699 or visit the website at www.dol.gov/vets

Release for training

M.G.L. ch. 33, s. 59 and 59A

Massachusetts National Guard members who are state employees or county, city, or town employees whose elected authority has accepted this provision are entitled to:

- Up to 34 paid days for any state fiscal year or 17 paid days for any federal fiscal year with the same leaves of absence or vacation given to others.

No member shall be required to use vacation or other time for training drills requiring release from their normal scheduled work hours. Such release from work shall not affect leaves of absence or vacation with pay given to others.

M.G.L. ch. 149, s. 52A

Ready Reserve members employed in the public or private sector are protected from loss of their positions, including normal vacation, sick leave, bonuses, and advancements during the annual training so long as they do not exceed 17 days in any calendar year, give notice of return and departure, and with the discretion of the employer the leave may be with or without pay.

Public employees serving in Global War on Terrorism

Ch. 77 of the Acts of 2005

An employee of the state, or a county, city, or town that accepts this law who has been called up from the Reserve or National Guard after September 11, 2001, and until September 11, 2011, is entitled to the difference, if any, between his/her base pay as a public employee and his/her base pay from the military.

Veterans' Employment and Training Services (VETS)

The Veterans' Employment and Training Services (VETS) program is provided with grant funding from the U.S. Department of Labor. The grant allows the Division of Career Services to provide Disabled Veteran's Outreach Program (DVOP) specialists and Local Veteran Employment Representatives (LVER) at One-Stop Career Centers throughout the Commonwealth.

One-Stop Career Centers

One-Stop Career Centers are located across the state in every major city, with branch offices in additional communities. While centers design services to meet local needs, there are core services that are similar across the statewide network. There is no charge for these services for veterans. DVOPs and LVERs (who work at Career Centers) give priority service to veterans. For a complete listing of the One-Stop Career Centers: www.servicelocator.org/nearest_onestop.asp or call Toll-free: 1-877-872-5627 (US2-JOBS).

Transition Assistance Program (TAP)

The Transitional Assistance Program (TAP) is an intensive five-day course designed to ease the transition of military personnel into civilian life. TAP workshops are facilitated regularly by DVOP and LVER staff at Hanscom Air Force Base in Bedford, Fort Devens, and the U.S. Coast Guard Base in Boston. TAP is available to transitioning military personnel and their family members who are within 12 months of separating or 24 months of separating if retiring from the military.

Work Opportunity Tax Credit for hiring veterans

For-profit employers in Massachusetts may be eligible for a federal tax credit through the Work Opportunity Tax Credit (WOTC) program if they hire a qualifying unemployed veteran. An unemployed veteran is a person discharged or released from the military during the five years preceding the hiring date who received unemployment benefits for a least four weeks during the one-year period ending on the hiring date. Individuals must be identified as members of one of these targeted groups before a job offer is made.

The WOTC program has two purposes: to help individuals who qualify as members of a target group to get a job; and to help employers who hire qualified individuals by giving them a credit on their federal taxes. The person hired must be employed for at least 120 hours.

For more information on this federal program, ask a DVOP/LVER at a Career Center or call Tel: 617-626-5353 or E-mail: wotc@detma.org for the Career Center locations near you.

Women Veterans

Women Veterans' Network

The Department of Veterans' Services in acknowledging that women veterans have needs and concerns not experienced by the male population, created the Women Veterans' Network in 1997. Its purpose is to find women who served in the military, some of whom may not be aware that they are veterans and eligible for benefits. The Network is the central resource for women veterans in Massachusetts. Its mission is to:

- Provide women veterans with information on federal, state, and local benefits;
- Expand awareness of the needs of women veterans and identify available health and human resources to meet those needs;
- Advocate on behalf of women veterans in Massachusetts.

Database of women veterans

The Women Veterans' Network maintains a confidential database of women veterans in Massachusetts. The database is used as a mailing list for the Network's biannual newsletter, which contains information on benefits, programs, and events for women veterans.

To add your name to the Database of Women Veterans, please call, write, or email the Women Veterans' Network and request that your name be added. Information needed for addition:

- full name;
- mailing address;
- branch of service and years of service (optional).

Honoring women veterans

The annual Women Are Veterans Too! event, sponsored by the Women Veterans' Network, takes place at the State House during the week of Veterans' Day. The ceremony includes a presentation of the Outstanding Woman Veteran Award. The Network participates in other informational events throughout the year.

Women Veterans' Network Committee

Members of the Women Veterans' Network Committee include women veterans from all eras, U.S. Department of Veterans Affairs representatives, local Veterans' Service Officers, and representatives of veterans' services organizations, and active duty military personnel. The Committee meets bimonthly to share information and work on projects.

36 Frequently Asked Questions from Massachusetts Women Veterans

The Women Veterans' Network Committee compiled a booklet answering the 36 most frequently asked questions of Massachusetts' women veterans. This publication is an easy-to-use reference tool that points readers to the federal and state programs and resources available to women veterans.

The *36 Frequently Asked Questions* books are available at no charge; call or email to request a copy: Tel: 617-939-5786 or E-mail: dvswomen@vet.state.ma.us

Speakers' Bureau

The Women Veterans' Network has a Speakers' Bureau consisting of women veterans interested in speaking about their experiences in the military. The Network receives requests from cities and towns, schools, organizations, and private groups looking for speakers at different veterans' events, especially on Memorial Day and Veterans' Day. To become a member of the Speakers' Bureau or to request a speaker, contact the Women Veterans' Network.

Veterans shall thereafter receive 50 per cent of the bonus defined in either clause (1) or (2) of said section 16 of said chapter 130 after each subsequent return from deployment to the areas defined under each section, provided that appropriated funding is available and the state treasurer certifies that the relevant account has sufficient funds to maintain such an initiative.

Burial Benefits

Burial in state veterans' cemeteries

Massachusetts has state Veterans' Memorial Cemeteries located in Agawam and in Winchendon.

There is no fee for a veteran's burial in a state veterans' memorial cemetery. A nominal fee will be charged for the burial of spouses, widows/widowers, and qualified dependents.

Eligibility for veterans

With the exception of a residency requirement, the Massachusetts Veterans' Memorial Cemeteries follow the military eligibility requirements set forth by the National Cemetery Administration:

Military Service

- The veteran was discharged or released from active duty service under honorable conditions or; *
- The veteran served at least 20 years in the National Guard or United States Reserve and is in receipt of a military pension or has documentation verifying he/she will receive retirement pay at age 60, in accordance with Title 10, Chapter 1223, of the United States Code or;
- Any member of the armed forces of the United States who dies on active duty and whose home of record is Massachusetts.

* With certain exceptions service beginning after September 7, 1980 as an enlisted person, and service after October 16, 1981 as an officer, must be for a minimum of 24 months –or– the full period for which the

person was called to active duty (examples include those serving less than 24 months in the Gulf War or Reservists who were federalized by Presidential Recall).

Residency

- The veteran's home of record on their DD Form 214 or other discharge form indicates that they were a resident of Massachusetts at the time they entered into active military service –or–
- The veteran resided in a state other than Massachusetts when they entered military service and resided in Massachusetts at least one day after discharge from active duty –or–
- The veteran was a resident of Massachusetts at the time of their death.

Those not eligible for burial

- A former spouse of an eligible veteran whose marriage to that individual has been terminated by annulment or divorce, if not otherwise eligible.
- Those excluded from eligibility according to Title 38, United States Code, Section 2411 and other applicable federal laws which prohibit burial in a national or state cemetery of anyone convicted of a federal or state capital crime and sentenced to death or life imprisonment.
- Those who served only on active duty for training.
- Those whose only separation from the armed forces was under dishonorable conditions or whose character of service results in a bar to veterans' benefits.

Eligibility for family of veterans

The spouses, widows, and widowers of veterans are eligible for burial in the state veterans' cemeteries if they were legally married at the time of death. The spouse or surviving spouse of an eligible veteran is eligible for interment even if that veteran is not buried or memorialized in a state veterans' cemetery. In addition, the spouse or surviving spouse of a member of the armed forces of the United States whose remains are unavailable for burial is also eligible for burial.

The surviving spouse of an eligible veteran who had a subsequent remarriage to a non-veteran and whose death occurred on or after January 1, 2000, is eligible for burial in a state veterans' cemetery based on his or her marriage to the eligible veteran.

For purposes of burial in a state veterans' cemetery the minor child of an eligible veteran must be unmarried and:

- (a) under 21 years of age; or,
- (b) under 24 years of age and pursuing a full-time course of instruction at an approved educational institution.

For purposes of burial in a state veterans' cemetery, the unmarried child of an eligible veteran is one of any age but permanently physically or mentally disabled and incapable of self-support before reaching 21 years of age, or before reaching 24 years of age if pursuing a full-time course of education at an approved educational institution. Proper supporting documentation must be provided.

How to apply

To simplify the process for the veteran's next-of-kin, the following documents should be set aside to be available at the time of need:

- An application by either the veteran or next-of-kin;
- All discharge papers;
- Birth certificate;
- Proof of residency (required if discharge papers do not show "home of record" as a Massachusetts resident).

At the time of need these documents should be forwarded to one of the Massachusetts veterans' cemeteries for approval.

How can I change my military records and discharge rating?

Each of the military services maintains a discharge review board with authority to change, correct, or modify discharges or dismissals that are not issued by a sentence of a general courts-martial. The board has no authority to address medical discharges.

If you were discharged within the past 15 years fill out and submit DD Form 293, Application for Review of Discharge or Dismissal from the Armed Forces of the United States. If your discharge was more than 15 years ago fill out DD Form 149, Application for Correction of Military Records and submit it to the review board agency of your branch of service. The contact information for the review boards of all branches of service is listed on both forms.

Your local Veterans' Service Officer or the nearest Vet Center has copies of these forms and can help you fill them out.

Getting authorization for medals you earned

Veterans can quickly determine which medals they earned by examining their military discharge forms (DD-214, WD 53-35, NAVPERS, etc). Listed on the forms are all the medals the final military unit deemed the veteran was authorized to possess at the time of discharge.

Veterans may request replacement of medals which have been lost, stolen, destroyed or rendered unfit through no fault of the recipient. Requests may also be filed for awards that were earned but for any reason were never

issued to the service member. The next-of-kin of deceased veterans may also make the request.

Use Standard Form 180, Request Pertaining to Military Records when applying.

For more information or assistance, contact your local Veterans' Service Officer at City/Town Hall.

Rights of Guard and Reserve Members Called-Up

If you are a National Guard or Reserve member called up for active duty you need to know about the entire array of federal and state benefits available. These laws can help you avoid legal problems, retain your job, and possibly save money. Recognizing the disruption that call-ups cause to your life and intending to free you from harassment and injury in connection with your civil affairs so that you can devote full attention to duty, Congress and the Massachusetts Legislature have provided protection by way of a number of rights and benefits. You are entitled to protection by the following laws which are highlighted below:

Protections under the federal Servicemembers Civil Relief Act (formerly the Soldiers and Sailors Civil Relief Act)

What follows is a summary of the protections you are entitled to under the federal Soldiers and Sailors Civil Relief Act of 1940 (SSCRA), 50 United States Code, Appendix s. 510 (amended by Public Law 108-189, December 19, 2003). Under this law your protection begins on the date you enter active duty and generally terminates within 30 to 90 days after the date of your discharge.

Maximum rate of interest:

If prior to entering service you incur a loan or obligation (including credit cards) with an interest rate in excess of 6%, you will upon written application to the lender, not be obligated to pay interest in excess of 6% per annum during any part of the period of military service and such excess payments will be forgiven, unless the

court finds your ability to pay has not been materially affected.

Rent and eviction:

If your rent does not exceed \$2400.00 per month in the year 2003 (the Act provides a formula to calculate the rent ceiling for subsequent years) your landlord cannot evict your dependents from your primary residence unless the landlord obtains a court order. Should the landlord seek a court order the court may stay the proceedings for 90 days.

Termination of residential leases:

If you entered into a residential lease before you started active duty, or you are on active duty and receive orders for a permanent change of station, or deploy with a unit for 90 days or more, and the leased premises have been occupied by you or your dependents, you can terminate it. To terminate the lease you must deliver written notice to the landlord along with a copy of your military orders. The effective date of termination for month-to-month rentals is 30 days after the date of the next rental payment due. For example: If your landlord received your notice of termination on June 10, you would still be responsible for the July 1 rent payment, and your lease would terminate on July 31. For all other leases termination becomes effective on the last day of the month following the month in which proper notice is delivered. You are required to pay rent for only those months before the lease is terminated. If you paid rent in advance, the landlord must prorate and refund the unearned portion.

Motor vehicle leases:

If you leased a motor vehicle for personal or business use by you or your dependants you may terminate the lease provided that the lease began before you started active duty, and you were called to serve active duty for 180 days or more, or if you executed the lease and afterwards received military orders for a permanent change of station outside the continental U.S., or if you are deployed with a military unit for a period of 180 days or more. To terminate the lease send a written notice and a copy of your military orders to the leasing company. The lease will terminate on the day you return the vehicle, which must be within 15 days of your written notice to terminate. You will not be required to pay an early termination charge, but you may still be responsible for title and registration fees, taxes, and/or excess mileage charges.

Protection from court proceedings:

For certain important provisions of the SSCRA (excluding evictions and repossessions) to be of benefit, your ability to either defend or pursue a civil action must be materially affected by your military service.

Protection when you have not received notice of a lawsuit:

Before a court can enter a default judgment for your failing to respond to a lawsuit or appear at trial for which you have not received notice, the person who is suing you must provide the court with an affidavit stating whether or not you are in military service. If you are in military service, the court must appoint an attorney to represent you before any judgment is entered. If the attorney cannot locate you, or if you have a defense to the proceedings and you must be present to assert this defense, the court will grant a stay (delay) in the proceedings for 90 days or more.

If a default judgment is entered against you, the judgment may be reopened if you apply within 60 days after leaving active duty provided that you have a valid defense against the action, and that your military service materially affected you from asserting this defense.

Protection when you have received notice of a lawsuit:

The court can grant a stay (delay) for 90 days or more if you provide the court with a written document stating that your military duty has materially affected your ability to appear, and the date you will be able to appear. This requirement can also be satisfied by a letter from your CO stating that your military duty prevents your appearance in court and that you are not authorized for leave.

If you are not available to appear in court, and the court refuses to grant a stay in the proceedings, the court must appoint an attorney to represent you.

Note: Your time in service cannot be used to compute the time limits (statute of limitations) for bringing any action or proceeding by or against a member, whether in court or elsewhere (except for federal tax laws).

None of the foregoing provisions apply to eviction proceedings. For issues related to evictions, please refer to the section on the previous page, “Rent and Eviction”.

Mortgage foreclosures:

If prior to entry into active duty you entered into an installment contract for the purchase of real personal property, you will be protected from court proceedings as above if your ability to make payment is materially affected by the military service.

Foreclosures on installment contracts:

You are protected from court proceedings as above against foreclosure so long as the obligation is secured by real or personal property the debt was incurred before active duty, the property was owned by you or your dependents before active duty, the property is still owned by you or your dependents, and your ability to pay is materially affected by such service.

Health insurance:

You are entitled to reinstatement of any health insurance that was in effect on the day before service began as of the date of reemployment. You may not be subjected to a waiting period, coverage limitations, or exclusions for pre-existing medical conditions because of the lapse in coverage. You must apply for reinstatement within 120 days of release from military service. USERRA and SCRA provide similar protections regarding health insurance coverage.

Life and professional insurance:

Your private life insurance policy is protected against lapses, termination, decrease in coverage, increase in premiums (except for increase in premiums based on age) and forfeiture for nonpayment of premiums or for the nonpayment of any indebtedness for the period of military service plus two years. You can suspend your professional liability insurance upon written request to the insurance carrier for the period of your active duty. You or your beneficiary must apply to the U.S. Department of Veterans Affairs to receive this protection.

Income taxes:

Your state of legal domicile may tax your military income and real and personal property. Legal domicile is not changed solely by military service. Federal and state income tax may be deferred for the period of your military service plus six months if your ability to pay is materially impaired by your military service.

Taxes and assessments on personal/real property:

Taxes on personal property (including motor vehicles) that fall due and remain unpaid during a period of military service cannot bear an interest rate of more than 6% per year and cannot be subject to additional fees and penalties. During the period of your military service your property cannot be sold to satisfy a tax obligation or assessment except upon a court order. The court determines if a stay is appropriate. (See also Real Estate Tax, following page).

Re-employment rights

If you are called up to active duty from either the public or the private sector you are guaranteed your job and additional rights when you return to your job under the Uniformed Service Employment and Reemployment Rights Act of 1994 (USERRA) Title 38 of the U.S. Code of 4301. So long as before activation you give advance notice to the employer, you are not gone for more than five years, you receive an honorable or general discharge, and you promptly return to work, you are protected. Essentially USERRA provides that you have the same job and benefits as when you left. For more information, please see page 19 or: www.dol.gov/elaws/vets/userra/userra.asp

Rights under Massachusetts law

The state’s version of the federal Soldiers’ and Sailors Civil Relief Act of 1941 (SSCRA) provides employment protections if you are a public servant called to, or volunteering for military service in an emergency, so long as you are not dishonorably discharged. There are also civil litigation and official documents protections for all persons who serve. In that this law is more generous than the federal SCRA in terms of extensions for certain proceedings it supersedes the federal law. It does not apply to proceedings if you are a defendant, executor, or administrator.

Re-employment:

If you are a public employee who resigns to serve in the military you are considered on a leave of absence and can be re-employed so long as your return within two years of military service. You are entitled to all seniority rights so long as you return to public service within two years. Your employee pension is protected and your military service is credited to it. Note: These time provisions are more generous than those provided in USERRA; they supersede it.

Certain Municipal, District, County Employees:

Certain elected municipal, district, and county officers' positions are protected by temporary substitutes.

Official Documents:

You can have real estate deeds, powers of attorney, and other instruments acknowledged before certain commissioned officers. Certain commissioned officers have the power and authority to be commissioners, notaries public, and justices of the peace in order to administer oaths and take depositions, affidavits, and acknowledgements of those in military service.

Other Massachusetts benefits and protections**National Guard members:**

If you are in the Massachusetts National Guard you receive extra employment protections. No employer public or private can discriminate against you under M.G.L. ch. 33, s.13. If you work for the state you get paid your state salary while you are on certain types of duty in the Commonwealth at the order of the commander-in-chief. This applies to counties and municipalities if they adopt M.G.L. ch.33, s.59. These duties include annual training, emergency assistance, repelling invasions or suppressing insurrections, controlling riots or mobs, or protecting persons or property during catastrophes or natural disasters.

Real Estate Tax:

If in the judgment of the assessor you can show poverty or financial hardship resulting from a call-up, and if you file a timely application you can get a property tax exemption under Chapter 470 of the Acts of 2002. The exemption is executed in a tax deferral and recovery agreement providing protection for the member's share in the property and for your surviving spouse and heirs.

Layoffs:

If you are a veteran as defined in M.G.L. ch. 4, s.7, cl.43rd, and you hold a state job which is not subject to M.G.L. ch. 31 (civil service), you are protected if you have three years in your position. You have tenure in that position under M.G.L. ch. 30, s.9A. In the event of a lay-off you have a right to a similar existing position, in the same group or grade unless all positions are held by veterans in which case layoffs are in inverse order of their original appointments. Tenured veterans have preference amongst themselves according to the date of their appointment.

Veterans who are civil service employees classified under Chapter 31 also have lay-off protection in that disabled veterans are retained in preference to all other persons including veterans. See M.G.L. ch.31, s.26 at: www.state.ma.us/legis/laws/mgl/31-26.htm

Servicemen's Group Life Insurance:

Acts of 2005 ch. 130

The Commonwealth of Massachusetts will reimburse 50% of the monthly premium for any amount of coverage for a member of the Massachusetts National Guard who purchases the Servicemen's Group Life Insurance or 50% of equivalent coverage for group life insurance with a company of the Guard member's choosing not to exceed the amount of the premium that would be covered if they were to elect coverage by Servicemen's Group Life Insurance.

Creditable service:

Acts of 2005 ch. 130

This change to the existing law allows for those members of the National Guard or Reserves in neighboring states but working in a public service capacity within Massachusetts to have the military service counted as

creditable service time and may be applied toward retirement on a ratio of five years of Guard or Reserve time for each year of active service.

Veterans' Service Officers

Veterans' Service Officers (VSOs) are appointed by the mayors in cities and by the board of selectmen in towns to administer Chapter 115 benefits to veterans. One person may serve as a VSO for two or more communities. VSOs process applications for emergency assistance benefits that are paid to veterans and/or their dependents for periods of time when they may not be able to support themselves. They also administer benefits for burial expenses of veterans and their dependents who die without sufficient means to pay for funeral expenses. For the most up-to-date listing of VSOs contact:

The Volunteer Lawyers Project of the Boston Bar Association (BBA), partnered with the Legal Advocacy & Resource Center, the Boston Bar Association, and Shelter Legal Services, has created a hotline to provide legal services to active duty members of the military, veterans of recent wars, and the families of both groups who live in Greater Boston. Legal Assistance Hotline: 617-603-1710 to leave a message any time of day. Someone will call you back within two business days. This service is for military personnel and veterans who live in Greater Boston.

Monthly Dial-a-Lawyer Program: 617-338-0610 The first Wednesday each month between 5:30 and 7:30 p.m. The Dial-a-Lawyer operates a call-in line for assistance with legal questions. The phones tend to be extremely busy during that two hour time period.
