Camping Season 2022**

Hello Campers,

We are pleased to inform you that reservations for the 2022 DCR camping season will be available, beginning on February 22, 2021 at 9:00am! We have a lot of important information to share and appreciate you carefully reading everything below.

Below are the highlights of our program for the 2022 season.

2022 Camping Program

- No capacity restrictions for 2022
- Reservations can be made 4 months in advance of arrival date. For example, if you want to arrive on August 12, the first date that you could possibly make a reservation is April 12;
- When making reservations, additional fields will be required, which will reduce contact at check-in; Please be sure to fill in all applicable information to minimize contact between campers and staff at check-in, as well as speed up the check in process!
- **Horseneck Beach reservations are on hold while the campground renovation is nearing completion. All campsites will be renumbered and there will be a new site map. We anticipate the campground to open at similar date as in past years. Communication will go out prior to the reservations going live**
- Boston Harbor Islands, Mt. Washington, and Waquoit Bay will remain closed to camping
- Beartown, Federated Women's, and Mt. Greylock are scheduled to re-open Mid-Summer, and will not be up for reservation at this time. Please reach out to dcr.campinginfo@mass.gov to be added to the list to be notified as soon as plans are finalized.
- Yurts and group sites will be open for reservations
- Walk-in camping will not be permitted; however, you may make a same day reservation up until 2 pm EST through ReserveAmerica.
- Visitors will not be permitted; feel free to meetup in day use area, where available

We appreciate Thanks so much for taking the time to review all these details. If you still have questions, please email us at: dcr.campinginfo@mass.gov. We look forward to seeing this season!
