## Instructions for Financial Institution Estimated Excise Payment Worksheet

Massachusetts  
Department of  
Revenue

### General Information

**What is the purpose of the estimated excise payment worksheet?** The estimated excise payment worksheet provides a means for paying any current excises due under Chapter 63 of the Massachusetts General Laws.

**Note:** Taxpayers subject to combined filing must file Form 355U, Excise for Taxpayers Subject to Combined Reporting.

**Who must make estimated payments?** All financial institutions that reasonably estimate their excise to be in excess of \$1,000 for the taxable year are required to make estimated payments.

**Note:** Financial institutions must make estimated payments electronically. See Technical Information Release (TIR) 21-9. A taxable member of a combined group must make its estimated payments electronically. See TIR 09-18. Go to MassTaxConnect at [mass.gov/masstaxconnect](http://mass.gov/masstaxconnect) for more information. All estimated payments made by a combined filing group should be reported under the principal reporting entity's tax account.

**Are there penalties for failing to pay estimated excise?** Yes. An additional charge is imposed on the underpayment of estimated excise for the period of that underpayment. Use Form M-2220 when filing your annual return to determine any penalty due.

**When and where are estimated excise payments made?** Estimated tax payments may be paid in full on or before the 15th day of the third month of the taxable year or according to the following installment amount schedule: on or before the 15th day of the third, sixth, ninth and twelfth months of the taxable year.

#### Percent of estimated excise due

First full taxable year with less than 10 employees	All others
30%	40%
25%	25%
25%	25%
20%	10%

**What if the financial institution's estimated excise liability changes during the year?** Even though you may not be required to make estimated excise payments at the beginning of the taxable year, your expected income, assets and credits may change such that you will be required to make payments later.

Financial institutions that first meet the requirement for paying estimated excises sometime after the first quarterly period should make estimated payments as shown on the enclosed chart.

**What if the financial institution credited its prior tax year overpayment to its current tax year excise?** Financial institutions that are C corporations are required to file their excise returns on or before the 15th day of the fourth month following the close of each taxable year (April 15 for corporations filing on a calendar year basis). The filing due date for financial institutions that are organized as an S corporation is the 15th day of the third month following the close of each taxable year. For further details and for special rules relating to combined groups see TIR 17-5.

Payments made with a return, including extension payments, estimated excise payments and withholding, are considered to be paid on the last day prescribed for the filing of the return and/or the payment of the excise, without regard to any extensions. See MGL ch 62C, § 79. Therefore, any overpayment from a prior year return will be considered to be paid as of the prior year return due date. For example, if a calendar year C corporation reported an overpayment on its prior tax year corporation excise return and elected to apply it as a credit to its current tax year estimated excise, the payment will be credited as of April 15 of the current tax year, which is the prior tax year return due date and about one month after the due date of the first estimated excise installment payment for the current tax year. To avoid the imposition of underpayment penalties the first estimated excise installment should be paid on or before the first installment due date, not the return due date. No credit may be applied to any estimated excise other than the current tax year.

### Specific Instructions

Complete the enclosed Financial Institution Corporation Estimated Excise Worksheet. Once you have used the worksheet to determine your estimated excise due, pay the full amount of each installment electronically on MassTaxConnect at [mass.gov/masstaxconnect](http://mass.gov/masstaxconnect) or by using third-party vendor software.

If you must amend your estimated excise or if you first meet the requirements to pay estimated excise in the 2nd, 3rd or 4th quarter of the taxable year, use the Amended Estimated Excise Payment Schedule.
