Filing Due Dates

Massachusetts General Laws (MGL) ch 62C, §§ 11 and 12 require C corporations to file their tax returns on or before the 15th day of the fourth month following the close of each taxable year. The filing due date for S corporation tax returns is the 15th day of the third month following the close of each taxable year. For more information, see Technical Information Release (TIR) 17-5. For calendar year filers, April 15, 2024, when 2023 returns and payments would normally be due, is Patriots' Day, a legal holiday in the Commonwealth, and April 16, 2024 is Emancipation Day, a legal day in Washington D.C. As a result, returns, payments made with returns, and estimated payments otherwise due on April 15, 2024, will be treated as timely if they are filed and/or paid on or before April 17, 2024.

Who Must File Form 121A?

Every entity subject to taxation under MGL ch 121A must file an annual return on Form 121A. Tax returns and payments must be submitted electronically. For further information on electronic filing requirements, see TIR 21-9.

What Is a Valid Return?

A valid return is a return that properly documents how the taxpayer arrived at their gross income figure on line 1a in the Computation of Excise section. Preliminary or final audited financial statements and/or a copy of the federal form filed by the taxpayer are examples of proper documentation. In addition, the taxpayer must submit a letter from their city or town assessor attesting to the fair cash value of their property as of January 1, 2023. Failure to meet these minimum requirements may result in a penalty for filing an insufficient return.

Filing an Amended Return

If you need to change a line item on your return, complete a return with the corrected information and fill in the **Amended return** oval. An amended return can be filed to either increase or decrease your tax. Generally, an amended return must be filed within three years of the date that your original return was filed. Electronic filing requirements

apply to amended returns and disputes. See TIR 21-9 for further information.

If your amended return is being submitted due to an IRS BBA Partnership Audit then fill in the **Amended return due to IRS BBA Partnership Audit** oval.

Consent to Extend the Time to Act on an Amended Return Treated as Abatement Application

In certain instances, an amended return showing a reduction of tax may be treated by DOR as an abatement application. Under such circumstances, by filing an amended return, you are giving your consent for the Commissioner of Revenue to act upon the abatement application after six months from the date of filing. See TIR 16-11. You may withdraw such consent at any time by contacting the DOR in writing. If consent is withdrawn, any requested reduction in tax will be deemed denied either at the expiration of six months from the date of filing or the date consent is withdrawn, whichever is later.

Filing an Application for Abatement

File an Application for Abatement, Form ABT, only to dispute one of the following:
