

Schedule C-2 Excess Deductions Against Trade or Business Income

2023

Generally, taxpayers may not use excess 5.0% deductions to offset interest (other than from Massachusetts banks), dividends and capital gains income. However, where the taxpayer files a Massachusetts Schedule C or a Massachusetts Schedule E, Massachusetts law allows such offsets if the following requirements are met:

- The excess 5.0% deductions must be adjusted gross income deductions allowed under MGL Ch. 62, § 2(d); and

- These excess deductions may only be used to offset income that is effectively connected with the active conduct of a trade or business or any income allowed under IRC § 469(d)(1)(B) to offset (losses) from passive activities.

To determine if you have excess deductions, complete lines 1 through 6. If line 6 is 0 or greater, you have no excess deductions. If line 6 is less than 0, you have excess deductions and should complete the remainder of Schedule C-2.
