Dear <<first_name>> <<last_name>>:

Satty, Levine & Ciacco CPA's P.C. ("Satty" or "we") values and respects the privacy of your personal information, which is why we are notifying you of a recent incident that may have involved some of your personal information. Below you will find information about what happened, steps we are taking, and resources and additional guidance to help you protect yourself if you feel appropriate.

What Happened? On February 27, 2024, Satty learned that an unauthorized party accessed a Satty ShareFile account. In response, we promptly secured our account and began an internal investigation. We also engaged a forensic security firm to investigate and confirm the security of our ShareFile account and our computer systems. Through that investigation, we determined that the unauthorized party downloaded certain files stored in our ShareFile account.

What Information Was Involved? Based on the findings of the investigation, we undertook a comprehensive review of the files that were downloaded by the unauthorized party. On April 14, 2024, we determined that these items included tax preparation materials related to you, including materials that contain your name, contact information, Social Security number, driver's license number, financial account number, income and other tax return information, and possibly bank account information.

What We Are Doing. We take the privacy and security of our clients' personal information very seriously. We have taken additional steps to reduce the risk of this type of incident occurring in the future by enhancing our technical security measures and procedures and providing additional security awareness training to our employees.

We are also offering a complimentary two-year membership of Experian IdentityWorksSM Credit 3B. This product helps detect possible misuse of your personal information and provides you with identity protection services focused on immediate identification and resolution of identity theft. IdentityWorks Credit 3B is completely free to you, and enrolling in this program will not negatively affect your credit score. **For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary two-year membership, please see the additional information provided with this letter. While we are not aware of any misuse of your information, out of an abundance of caution, we also encourage you to review the information provided by the Internal Revenue Service ("IRS") regarding proactive measures you can take to prevent unauthorized parties from filing a tax return using your information, including applying for an Identity Protection Pin ("IP PIN"). Further information regarding applying for an IP PIN can be found here: <https://www.irs.gov/identity-theft-fraud-scams/get-an-identity-protection-pin>.

In addition, if you believe you have been the victim of a fraudulently filed tax return, we encourage you to contact the Internal Revenue Service (“IRS”) regarding enrollment in their Taxpayer Protection Program. We sincerely regret and apologize for any inconvenience this incident might cause. Should you have any questions or concerns about this incident, please call <<TFN>> from 8:00 a.m. – 5:30 p.m., Central Time, Monday through Friday, excluding major U.S. holidays.

The District of Columbia and Massachusetts law also allow consumers to place a security freeze on their credit reports. A security freeze can be placed without any charge. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services.

To place a security freeze on your credit report, you must send a written request to each of the three major consumer reporting agencies by regular, certified or overnight mail at the addresses below or, if available, comply with the consumer reporting agencies' online security freeze request procedures:

The credit bureaus must also send written confirmation to you within five (5) business days and provide you with a unique personal identification number (PIN) or password, or both that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, you must call or send a written request to the credit reporting agencies by mail or, if available, comply with the consumer reporting agencies' online procedures for lifting a security freeze, and include proper identification (name, address, and social security number) and the PIN number or password provided to you when you placed the security freeze as well as the identities of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have three (3) business days after receiving your request to lift the security freeze for those identified entities or for the specified period of time.
