Notice of Data Breach

Dear [Individual],

Water for Commerce Fund Management, LLC is contacting you regarding an email phishing incident that may have resulted in the exposure of some of your information. We take the confidentiality, security, and privacy of your information very seriously and for that reason want you to understand what happened, what we are doing to address this incident, and what steps you can take to further protect yourself, should you feel it necessary to do so. Please note that, at this time, we are unaware of any actual or attempted misuse of your personal information.

What Happened

On October 12, 2023, we became aware of a potential data security incident that involved a targeted phishing message delivered to several employees. We immediately took steps to stop the incident and began a comprehensive investigation to determine the incident's scope, which involved engaging third-party professionals to assist us. Unfortunately, our investigation confirmed that after obtaining access to three employee email accounts, the unauthorized actor may have accessed messages and/or attachments that contain your personally identifiable information. At this time, we are not aware of any evidence to suggest that the unauthorized actor has misused any of your personal information.

What Information Was Involved

The review recently concluded, and we are notifying you now because we determined that some of your personal information was in the affected email accounts. The personal information may have included your name and one or more of the following: Social Security Number, Driver's License, Bank Account Number, Routing Number. Again, we are unaware of any actual or attempted misuse of your information, and there is no evidence of unauthorized access beyond the three identified email accounts.

What We Are Doing

As noted above, we engaged third-party specialists to assist with our investigation of the incident and analysis of the three email account contents. In addition, we have taken steps to further strengthen and enhance the security of systems in our network, including updating administrative and technical safeguards, as well as providing additional cybersecurity training for our personnel. Out of an abundance of caution, we also commenced a review of the contents of the affected email accounts to identify the individuals for whom there was personal information.

In addition, we are offering identity theft protection services through IDX, A ZeroFox Company, the data breach and recovery services expert. IDX identity protection services include: 24 months of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed identity theft recovery services. With this protection, IDX will help you resolve issues if your identity is compromised.

What You Can Do

We encourage you to contact IDX with any questions and to enroll in free identity protection services by calling 1-800-939-4170, going to <https://app.idx.us/account-creation/protect>, or scanning the QR image and using the Enrollment Code provided above. IDX representatives are available Monday through Friday from 9 am - 9 pm Eastern Time. Please note the deadline to enroll is October 11, 2024. Please also review the enclosed ***Recommended Steps to help Protect your Information*** for additional information on steps you can take to further protect your information, should you feel it necessary to do so.

Again, at this time, there is no evidence that your information has been misused. However, we encourage you to take full advantage of this service offering. IDX representatives can answer questions or concerns you may have regarding protection of your personal information.

For More Information

You will find detailed instructions for enrollment below. Also, you will need to reference the enrollment code at the top of this letter when calling or enrolling online, so please do not discard this letter.

Please call 1-800-939-4170 or go to <https://app.idx.us/account-creation/protect> for assistance or for additional questions you may have.

Sincerely,

Water for Commerce Fund Management, LLC

Recommended Steps to help Protect your Information

1. Website and Enrollment. Scan the QR image or go to <https://app.idx.us/account-creation/protect> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.

2. Activate the credit monitoring provided as part of your IDX identity protection membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, IDX will be able to assist you.

3. Telephone. Contact IDX at 1-800-939-4170 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.

4. Review your credit reports. We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled in IDX identity protection, notify them immediately by calling or by logging into the IDX website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

5. Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

Credit Bureaus

Equifax Fraud Reporting
1-866-349-5191
P.O. Box 105069
Atlanta, GA 30348-5069
www.equifax.com

Experian Fraud Reporting
1-888-397-3742
P.O. Box 9554
Allen, TX 75013
www.experian.com

TransUnion Fraud Reporting
1-800-680-7289
P.O. Box 2000
Chester, PA 19022-2000
www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

6. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.

7. You can obtain additional information about the steps you can take to avoid identity theft from the following agencies. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them.

California Residents: Visit the California Office of Privacy Protection (www.oag.ca.gov/privacy) for additional information on protection against identity theft. Office of the Attorney General of California, 1300 I Street, Sacramento, CA 95814, Telephone: 1-800-952-5225.
