Re: Notice of Data Security Incident

Dear [REDACTED],

We have received recent reports about a security incident, where bad actors created a fraudulent myPay website to mislead Aramark employees into divulging their Aramark myPay account credentials. We are writing to provide additional information about the incident, including potential access to your personal information.

What Happened?

Over the past several weeks, we learned that a bad actor had created a website designed to look like our Aramark myPay portal with the intent of confusing and tricking current or former Aramark employees to log in with their single sign-on username and password. In some cases, the bad actor may have used that information to access the official Aramark myPay site and change direct deposit information, with the goal of sending your pay to another bank account. Unfortunately, this is part of a larger scheme to target companies who use myPay or similar services, and we are actively working with industry partners to help prevent this type of fraud. Upon learning about the issue, we immediately took steps to support any employees who were victims of this scheme.

What Information Was Involved?

In addition to changing direct deposit details, the bad actor may have accessed other personal information such as your name, address, and social security number. Although there is no evidence that the information has been used in an unauthorized way beyond the changing of direct deposit details, we did want to make you aware of this risk out of an abundance of caution and let you know about some steps that you can take to protect yourself, outlined below.

What You Can Do

All Aramark employees are encouraged to exercise particular care in the use of myPay including the following specific recommendations:

- **Stay vigilant over phishing emails.** Cyber criminals will often try to impersonate other Aramark employees, partners, or customers. Never click on unfamiliar links or provide sensitive information over email without verifying its legitimacy.
- **Be careful to only use <https://www.aramark.com/mypayinfo> for access to your payroll information.** Look out for any variations in that address, which may indicate a fraudulent site. We also recommend that you enter the site address directly into your internet browser—do not click on links in emails, documents or on other websites that purport to link to Aramark myPay.
- **Please report any suspicious activity to Aramark IT!**

In addition, if you choose not to use Experian IdentityWorksSM or would like to take additional steps, we strongly urge you to do the following:

REFERENCE GUIDE

In the event that you suspect that you are a victim of identity theft, we encourage you to remain vigilant and consider taking the following steps:

Order Your Free Credit Report. To order your free credit report, visit www.annualcreditreport.com, call toll-free at 877-322-8228, or complete the Annual Credit Report Request Form on the U.S. Federal Trade Commission's website at www.ftc.gov and mail it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281. Do not contact the three credit bureaus individually; they provide your free report only through the website or toll-free number.

When you receive your credit report, review the entire report carefully. Look for any inaccuracies and/or accounts you don't recognize, and notify the credit bureaus as soon as possible in the event there are any.

You have rights under the federal Fair Credit Reporting Act ("FCRA"). These include, among others, the right to know what is in your file; to dispute incomplete or inaccurate information; and to have consumer reporting agencies correct or delete inaccurate, incomplete, or unverifiable information. For more information about the FCRA, please visit

<https://www.consumer.ftc.gov/articles/pdf-0096-fair-credit-reporting-act.pdf> or www.ftc.gov

Place a Fraud Alert on Your Credit File: To protect yourself from possible identity theft, consider placing a fraud alert on your credit file. A fraud alert helps protect you against the possibility of an identity thief opening new credit accounts in your name. When a merchant checks the credit history of someone applying for credit, the merchant gets a notice that the applicant may be a victim of identity theft. The alert notifies the merchant to take steps to verify the identity of the applicant. You can report potential identity theft to all three of the major credit bureaus by calling any one of the toll-free fraud numbers below. You will reach an automated telephone system that allows you to flag your file with a fraud alert at all three bureaus.

Equifax	P.O. Box 740241 Atlanta, Georgia 30374-0241	1-800-525-6285	www.equifax.com
Experian	P.O. Box 9532 Allen, Texas 75013	1-888-397-3742	www.experian.com
TransUnion	Fraud Victim Assistance Division P.O. Box 2000 Chester, Pennsylvania 19016	1-800-680-7289	www.transunion.com

Place a Security Freeze on Your Credit File. You have the right to place a "security freeze" on your credit file. A security freeze generally will prevent creditors from accessing your credit file at the three nationwide credit bureaus without your consent. You can request a security freeze free of charge by contacting the credit bureaus at:

Equifax	P.O. Box 740241 Atlanta, Georgia 30374-0241	www.equifax.com
Experian	P.O. Box 9554 Allen, Texas 75013	www.experian.com

TransUnion Fraud Victim Assistance Division www.transunion.com
P.O. Box 2000
Chester, Pennsylvania 19016

The credit bureaus may require that you provide proper identification prior to honoring your request. In order to request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.)
2. Social Security number
3. Date of birth
4. If you have moved in the past five (5) years, provide the addresses where you have lived over the prior five years.
5. Proof of current address, such as a current utility bill or telephone bill
6. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.)
7. If you are a victim of identity theft, include a copy of either the police report, investigative report, or complaint to law enforcement agency concerning identity theft

Placing a security freeze on your credit file may delay, interfere with, or prevent timely approval of any requests you make for credit, loans, employment, housing or other services. For more information regarding credit freezes, please contact the credit reporting agencies directly.

Contact the U.S. Federal Trade Commission. If you detect any incident of identity theft or fraud, promptly report the incident to your local law enforcement authorities, your state Attorney General and the Federal Trade Commission ("FTC"). If you believe your identity has been stolen, the FTC recommends that you take these additional steps.

- Close the accounts that you have confirmed or believe have been tampered with or opened fraudulently. Use the FTC's ID Theft Affidavit (available at www.ftc.gov/idtheft) when you dispute new unauthorized accounts.
- File a local police report. Obtain a copy of the police report and submit it to your creditors and any others that may require proof of the identity theft crime.
