NOTICE OF DATA SECURITY INCIDENT

Dear Sample A. Sample,

MembersOwn Credit Union (“MembersOwn”) is writing to let you know about a recent data security incident that may have impacted some of your information. MembersOwn provides banking and loan services to individuals and may have your information if you applied for or received a loan from us. We take the privacy and security of your information seriously, and sincerely apologize for any concern or inconvenience this may cause you. This letter contains information about steps you can take to protect your information, and resources we are making available to help you.

What Happened?

On June 13, 2024, we identified suspicious activity associated with our email environment. We immediately implemented our incident response protocols, took steps to secure the email environment and engaged independent computer forensic experts to assist with an investigation. The investigation found that there was unauthorized access to one (1) email account between June 12, 2024, and June 13, 2024. We then reviewed the emails in the account to identify any personal information in the accounts during the unauthorized access. On September 3, 2024, our investigation determined that your personal information was present in the affected email account. While there is no evidence that your information has been misused, we wanted to make you aware of this incident out of an abundance of caution.

What Information Was Involved?

It appears that your name, [Extra1] may have been affected.

What We Are Doing:

We have taken steps to prevent this kind of event in the future, such as changing passwords to email accounts and reinforcing multi-factor authentication in our email environment.

In addition, although there has been no evidence your information was misused, we are offering identity theft protection services through Experian for ## months. With this protection, Experian will help you resolve issues if your identity is compromised.

What You Can Do:

This letter also provides other precautionary measures you can take to protect your information. Additionally, you should always remain vigilant over the next 12 to 24 months in reviewing your financial account statements and credit reports for fraudulent or irregular activity, and immediately report any suspicious activity.

Again, at this time, there is no evidence that your information has been misused. However, we encourage you to take full advantage of this service offering. Experian representatives have been fully versed on the incident and can answer questions or concerns you may have regarding protection of your personal information.

For More Information:

If you have questions, please call 1-833-931-4644, Monday through Friday from 8:00 a.m. to 8:00 p.m. Central Standard Time (excluding major US holidays). Please be prepared to provide engagement number ENGAGE# when speaking with an agent. Protecting your information is important to us, and we sincerely apologize for any concern this incident may cause you.

Sincerely,

MembersOwn Credit Union

You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

3. Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

Credit Bureaus

Equifax Fraud Reporting
1-866-349-5191
P.O. Box 105069
Atlanta, GA 30348-5069
www.equifax.com

Experian Fraud Reporting
1-888-397-3742
P.O. Box 9554
Allen, TX 75013
www.experian.com

TransUnion Fraud Reporting
1-800-680-7289
P.O. Box 2000
Chester, PA 19022-2000
www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well.

You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

4. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.
