Dear <<Full Name>><<Variable Data 2>>:

Members Trust Company (“MTC”) values and respects the confidentiality of your personal information and takes keeping information confidential seriously, which is why we are writing to advise you of an incident that may have involved some of your information. At this time, **we have no evidence that your personal information has been misused for the purpose of committing fraud or identity theft.** Nonetheless, we are writing to provide you with guidance on what you can do to protect yourself, should you feel it is appropriate to do so.

What Happened? On October 16, 2023, we discovered that an unknown, unauthorized third party gained access to certain MTC employee email accounts. Upon discovery, we promptly secured the email accounts from further unauthorized access and began an internal investigation. We also engaged a forensic security firm to further investigate and confirm the security of our email and computer systems. The forensic investigation determined that the unauthorized party potentially accessed certain emails and attachments within the accounts between September 1, 2023, and October 17, 2023.

What Information Was Involved? Based on the findings of the investigation, we conducted a review of the emails and attachments potentially accessed by the unauthorized party to determine if they contained any personal information. The initial review was completed on January 30, 2024, and determined that the emails and attachments contained some personal information, including your name, together with your <<Breached Elements>>.

What We Are Doing. In addition to the actions described above, we are taking steps to reduce the risk of this type of incident occurring in the future, including enhancing our technical security measures. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You should also promptly report any fraudulent activity or any suspected incidents of identity theft to proper law enforcement authorities, including the police and your state's attorney general, as well as the Federal Trade Commission ("FTC").

The District of Columbia and Massachusetts law also allow consumers to place a security freeze on their credit reports. A security freeze can be placed without any charge. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. However, please be aware that placing a security freeze on your credit report may delay, interfere with, or prevent the timely approval of any requests you make for new loans, credit mortgages, employment, housing or other services.

To place a security freeze on your credit report, you must send a written request to each of the three major consumer reporting agencies by regular, certified or overnight mail at the addresses below or, if available, comply with the consumer reporting agencies' online security freeze request procedures:
