Summary Of the Online ECT&E Claim Process

This is an Examination Component: ECT&E is made up of three categories and weighted as Experience 52%, Certification/Training 25% and Education 23%. In this examination component you will rate your own work experience, training, certifications, licenses attained and education against a standard schedule. You will do so by filling out this Online ECT&E Claim. A standard schedule is a list of all types and levels of work experience, training, certifications, licenses attained and education which demonstrate your qualifications for the examination title and for which you may receive credit toward your overall final examination score. Everything that will receive credit is included in this Online ECT&E Claim. Each section of the standard schedule is preceded by specific instructions. ECT&E credit will be scored for all candidates.

You Will Rate Yourself: Complete your Online ECT&E Claim on your own and to the best of your

ability. Accurate completion of the ECT&E claim is a scored weighted examination component. In order to ensure that no one receives any type of unfair advantage in the claim process, be advised that we are unable to provide individualized assistance to any candidate. Positions in the Statewide Deputy Fire Chief classification requires the ability to read and understand instructions and take necessary steps to remember and implement them.
