Form M-2210 Instructions

General Information

Who should use this form. If you are an individual, or a taxpayer taxed as an individual, you should use Form M-2210 to determine if your estimated and/or withholding tax payments were sufficient. If they were not, an underpayment penalty will be imposed, unless you qualify for one of the exceptions or waivers explained below.

When are estimated tax payments due? Generally, your estimated tax must be paid in full on or before April 15, or in equal installments on or before April 15; June 15; September 15; and January 15 of the next year. If your tax year is not on a calendar year basis, the due dates correspond with your fiscal year. Your due dates will be the 15th day of the fourth, sixth and ninth months of your fiscal year and the 15th day of your next fiscal year. Whenever a due date falls on a Saturday, Sunday or legal holiday, the payment may be made on the next succeeding business day.

Filing estimated tax vouchers. You are required to file estimated tax vouchers if you reasonably expect to pay more than \$400 in Massachusetts income tax on income which is not covered by withholding. For further information regarding estimated taxes, see the instructions for Form 1-ES Payment Vouchers or the publication *Should You Be Paying Estimated Taxes?*

Exceptions which avoid the penalty. No underpayment penalty will be imposed if:

- Your 2024 tax due after credits and withholding is \$400 or less.
- You were a qualified farmer or fisherman who filed and paid in full with your return by March 1, 2025. To qualify, your gross income from farming or fishing must be at least two-thirds of the annual gross income shown on your 2023 or 2024 return.
- You were a resident of Massachusetts for the full 12 months of the previous taxable year and were not liable for taxes.
- Your 2024 estimated payments and withholding (line 8) made on or before each installment due date in the taxable year equal or exceed the tax shown on your 2023 return divided among the four installment due dates provided that such return was for a full 12-month period.

Exceptions to avoid penalty for Form 63D-ELT Filers. No underpayment penalty will be imposed for a Form 63D-ELT filer if:

- The 2024 tax due after credits and withholding is \$400 or less; or
- The 2024 estimated payments and withholding (line 8) made on or before each installment due date in the taxable year equal or exceed the tax shown on the 2023 return divided among the four installment due dates provided that such return was for a full 12-month period.

Fill in the "Exception" oval on line 12 and enclose Form M-2210 with the return.

If you qualify for an exception, do not complete lines 14 through 24. Instead, check the appropriate box on the front of this form and fill in the "Exception. Enclose Form M-2210" oval on the Form 1, Form 1-NR/PY or Form 63D-ELT. Enclose this form with your return.

Note: If you qualify for the first exception (your 2024 tax due after credits and withholding is \$400 or less) you do not need to complete Form M-2210.

Waiver of underpayment penalty. A waiver of underpayment penalty for one or more installments may be granted if:

- Your underpayment was by reason of casualty, disaster or unusual circumstance; or
- You retired in 2023 or 2024 after reaching age 62, or you became disabled and your underpayment was due to reasonable cause and not willful neglect.

If you qualify for the waiver, complete lines 7 through 13 for the installment for which you are claiming a waiver, and write "WAIVER" in the appropriate box in line 14. Fill in the "Exception" oval on Form 1, Form 1-NR/PY, or on Form 63D-ELT. Enclose this form and an explanation of your reasons for claiming the waiver with your return.

Line-by-Line Instructions

Figuring your underpayment & penalty. To determine the underpayment amount, complete lines 1 through 13, in order of installment due dates, taking care to complete all four columns for lines 7 through 13.

Line 1

Enter total tax for 2024. Based on what return has been filed, refer to Form 1, line 28; Form 1-NR/PY, lines 32a and 32b; Form 3M, line 9; Form 63D-ELT, Calculation line 2; or Form MA NRCR, line 14.

Line 2

Enter total credits for 2024. Based on what return has been filed, refer to Form 1, lines 29 through 31 and line 48; Form 1-NR/PY, line 32c, lines 33 through 35 and line 52; or Form NRCR, line 22.

Note: If you are filing Form 3M or Form 63D-ELT, do not complete line 2.

Line 5

• If you filed a return for 2023 and it was for a full 12 months, enter your 2023 tax liability after credits.

• If you were a resident of Massachusetts for 12 months in 2023 and you were not liable for taxes, enter 0.

• If you did not file a return for 2023, or if your 2023 tax year was less than 12 months, do not complete line 5. Instead, enter the amount from line 4 in line 6.

• If you are filing Form 3M or Form 63D-ELT, enter 2023 tax liability.

Line 9

If more than one payment is made for a given installment, attach a separate penalty computation for each payment.

If you had any taxes withheld during the year, you may apply an equal part of those taxes as payment on each required installment. If you can establish the actual dates and amounts of your withholding, you may consider those amounts as payments on the dates they were actually withheld.

Line 12

If line 12 shows an overpayment, that overpayment may be used as payment of any existing underpayment amount. Overpayments used as payments of prior underpayment amounts do not decrease the actual underpayment amount but serve to reduce instead the period of underpayment subject to penalty. If there are no existing underpayment amounts, the overpayment is applied as a credit against the next installment.

Line 13

If line 13 shows an underpayment, see the General Information section to determine whether you qualify for an exception to, or waiver of, the underpayment penalty. If you do not qualify, continue on through line 24 to determine your underpayment penalty.

Part 2. Figuring your underpayment penalty

Line 14

For tax year 2024 calendar year filers the 15th day of the fourth month after the close of the taxable year is April 15, 2025.

Line 24

Add all amounts shown in lines 20 through 23. Enter this amount on Form 1, under line 54; Form 1-NR/PY, under line 58; Form 3M, line 21a; Form 63D-ELT, Calculation line 12a; or Form NRCR, line 30.

Part 3. Annualized income installment method

If you do not receive taxable income evenly throughout the year, you may wish to annualize your income to adjust your required installment amount. Enter any adjusted installment amount in the appropriate column in line 8 and calculate any underpayment penalty from those figures.

Fiscal year taxpayers. If you file on a fiscal year basis and are subject to an underpayment penalty, attach a separate statement to calculate the penalty due based on the interest rate in effect for the period of the underpayment.
