166 Animals received emergency medical care

\$115,310 was spent helping animals in emergency situations

An average of \$390 was spent per animal for emergency voucher assistance, versus an average of \$265 for regular voucher services. 1 of every 6 vouchers sent was for an animal needing urgent services!

2024 REVIEW

The Homeless Animal Prevention and Care Trust (Mass Animal Fund), administered by the Division of Animal Health, seeks to respond to the Commonwealth's ongoing problem of animal homelessness by providing no-cost spay/neuter/vaccination resources for homeless dogs and cats in municipal animal control facilities, for dogs and cats owned by low-income Massachusetts residents, and for feral cats. In 2024, the Fund partnered with 30 veterinary providers and hundreds of ACOs to get assistance to animals in 261 municipalities across the Commonwealth.

The Mass Animal Fund also provides free training opportunities and support to Massachusetts Animal Control Officers (ACO) so they can better serve their communities and provide uniform enforcement of animal control laws.

Since its inception in 2012, the Mass Animal Fund has spent over 3.5 million to assist more than 21,900 cats and dogs throughout the Commonwealth. The Mass Animal Fund relies on donations from Massachusetts taxpayers, who have contributed 86% of this revenue through voluntary donations on Line 33f of the Massachusetts Income Tax Return.

- In January of 2024, the Fund reached the milestone of assisting 20,000 local cats and dogs in need!
- In July of 2024, the free spay/neuter voucher program had its 10th anniversary!
- In October of 2024, the Fund completed the 8th round of ACO Core Competency Training. Over 900 animal control officers have been trained in areas of: animal laws, wildlife, animal behavior, officer safety, and report writing & record Keeping since the program started in 2016.
- In November 2024, the Fund's outreach campaigns reached 10,000 followers/subscribers.
